Salford [REDACTED] England

Greeting and Blessing:

I am in receipt of your letter of April 27th, in which you write about the mishap that occurred with your wife. May G-d grant that from now on you should have only good news to report, such as is obviously good, and may He fulfill your heart's desires for good to be blessed with healthy offspring.

Although you do not mention it, I take it for granted that your wife, and needless to add - you - are active in the Lubavitch program in your community. I assume that you are certainly participating in the efforts relating to the new building of the Shul.

With blessing
