Blessing and Greeting:

It was quite a pleasant surprise for me to receive from Dr. and Mrs. Stern of London the letter which you wrote to them. I was particularly gratified to note your cooperation with Mrs. Stern to spread the Torah Thoughts.

It has been some time since I heard from you directly. But the fact that you are taking an active interest in public affairs, as indicated above, is a good sign that all is well with you. May G-d grant that you should go from strength to strength, and always have good news to report, both about your private as well as public affairs, in good health and in a happy frame of mind.

Enclosed is a copy of my letter to Mrs. Rosenberg.

With all good wishes, and

With blessing,
