Greeting and Blessing:

I am in receipt of your letter of February the 12th, and, as requested, I will remember in prayer all those mentioned in your letter.

May G-d grant that you should have good news to report. And "good", insofar as a Jew is concerned means, first of all, that all matters of Torah and Mitzvoth are advancing from good to better, since there is always room for improvement in all matters of goodness and Holiness. This is also the way to receive G-d's blessings in a growing measure also materially, and in all needs.

Inasmuch as we are now in the midst of a Leap Year, I trust you know that the reason that we have an extra month added this year is to make up the deficiency between the Lunar Year and the Solar Year, so that our Festivals would occur in their due season. But the Leap Year also has a significant lesson in that it emphasizes that a Jew can always make up for past deficiencies and, indeed, should do so with an increase, as is the case with the Leap Year.

Hoping to hear good news from you.

With blessing,

For the Lubavitcher Rabbi
