The Honorable Mr. David Roysen
S. P., Brasil

Greeting and Blessing:

I trust you had a pleasant return trip home and are continuing your dedicated endeavors in behalf of all your constituents and for the material and spiritual wellbeing of your city, with ever growing success.

I take this opportunity of expressing to you, also in writing, my pleasure at meeting with you on the occasion of the recent Farbrengung, and may G-d grant many more such auspicious occasions in the future.

For your personal interest in, and cooperation with, our Chabad-Lubavitch institutions and activities for the dissemination of Torah-true Yiddishkeit in your city - it would be superfluous on my part to say "thank you," since, as our Sages say, "the reward of a Mitzvah is the Mitzvah itself," and the many more Mitzvos that follow each other in sequence. But I want you to know that I appreciate very much all you have done in the past, and will surely continue to do in the future, even in a greater measure, in keeping with the principle of our Torah that all things of goodness and holiness should be on the ascendancy. It is particularly gratifying to note the spirit of enthusiasm and warmth permeating these activities.

I am enclosing copies of my letters of acknowledgment to the Mayor and to the President of the Gamara Municipal, which were sent to them direct. Having been instrumental in these contacts, you will surely be interested in the contents of the acknowledgments, and I leave it to your discretion regarding any follow-up.

I also reiterate my prayerful wishes to you and all yours, and particularly to your daughter Tzipporah in connection with her forthcoming marriage in a happy and auspicious hour.

With esteem and blessing,

M. Schneerson
