Blessing and Greeting:

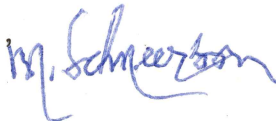

This is to acknowledge receipt of your letter of the 14th of Cheshvan, with the enclosure, as well as previous correspondence and enclosure.

Many thanks for the good news it contained, and may HaShem grant that you should continue to have good news to report. And "good news" includes, first and foremost, keeping the channels of Torah and Mitzvoth wide open, so as to receive G-d's blessings in a growing measure.

This is particularly timely now that we have entered the month of Kislev and will soon celebrate Chanukah, as per enclosed copy of the general Chanukah message.

Receipt is enclosed for your Tzedoko, and may it bring additional Divine blessings in all needs.

With blessing,

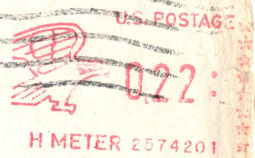

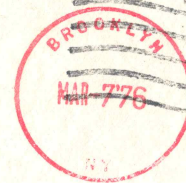

P.S. With regard to the question of immunizations for protection against various disorders, it is nowadays widely accepted to have such immunizations under the care of doctors, since, in any case, the Torah expects a Jew to do what is necessary in the natural order of things.
