- + Normal mode — indicator light is blue
- + High mode — indicator light is green
- + Comes with USB Cable

## Description

The Bubble Stone Diffuser is a small, motion-activated diffuser in an easy-going, soft neutral color, perfect for bringing a subtle warmth into your space. Designed to hibernate until it detects the presence of movement, the Bubble Stone Diffuser's infrared motion sensor has a 13-foot range, a 120-degree field of view, and stands inconspicuously ready to release your favorite oil or blend into the air whenever someone enters the room. Simple to set up, this powerful mini operates without water and in two mist modes, normal and high, so you can create the perfect aroma ambiance.

The Bubble Stone Diffuser uses 5 mL and 15 mL dōTERRA essential oil bottles and can fill a 110 square foot room. This economical diffuser runs up to 12 hours of activated spray time and an indicator light flashes when it's time for the Bubble to be recharged with the provided USB Cable.

**Important:** See the Bubble Stone Diffuser Manual for instructions and cautions.

The diffuser comes with a 15 mL bottle of Hygge Cozy Blend to greet family and friends to your home with warmth and comfort. This blend of CPTG® essential oils has a woodsy, amber, citrusy aroma and provides wonderfully inviting ambiance.

The Hygge PIP provides more information about the blend.

## Directions

Add a bottle of Hygge or another 5 mL or 15 mL bottle of a dōTERRA oil or blend to the Bubble Stone Diffuser.

See additional precautions below.

## Cautions

**Hygge Cozy Blend:** Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, face, and sensitive areas. In case of skin contact, avoid sunlight and UV rays for at least 12 hours.

See the **Bubble Stone Diffuser** manual and product label for cautions, instructions and additional information.
