Osmanthus Extract

Aromatic Description: Floral, Sweet, Fruity

Main Chemical Composition: β -ionone

dōTERRA Touch® Osmanthus |
Osmanthus fragrans 10 mL

60217452

Primary Benefits

- + Provides a relaxing aroma
- + Helps maintain the look of a healthy complexion
- + Soothes and comforts skin

Description

Cultivated in eastern Asia, the osmanthus plant is a small evergreen shrub. It is in the same botanical family—Oleaceae—as jasmine and lilac. Its tiny orange blossoms are commonly used to enhance the flavor of green and black tea. Labor intensive and expensive to produce, Osmanthus extract is used in fine perfumes. The complex aroma of Osmanthus Touch is floral, sweet, and fruity with hints of apricot and pear. Blended with Fractionated Coconut Oil, Osmanthus Touch can help create a calming atmosphere and is comforting while meditating or practicing yoga, and useful during a massage.

Uses

- + Apply to wrists and inhale.
- + Add to your daily skincare routine.
- + Roll on as a part of an uplifting massage.

Directions

Topical use: For topical use only. Apply to desired area as needed. No dilution required.

See additional precautions below.

Cautions

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
