dōTERRA PB Restore™
dōTERRA Terrazyme®
Zendocrine® Complex and Softgels

Benefits

- + First step in an essential oil digestive maintenance program*
- + Supports a healthy digestive environment*
- + A proprietary blend of CPTG essential oils and caprylic acid that provides a natural cleanse for a healthy digestive system*

Description

Having a healthy digestive system affects all facets of the body. When the digestive system is not functioning at its best, there can be a negative effect on every other function of the body. The combination of very powerful essential oils and caprylic acid can help cleanse the digestive system, which helps all other functions of the body perform at their maximum potential.*

GX Assist is a proprietary blend of CPTG® Oregano, Melaleuca, Lemon, Lemongrass, Peppermint, and Thyme essential oils and caprylic acid to help support a healthy digestive tract and improve microbial balance by creating an unfriendly environment for potential threats that can disrupt digestive immunities and cause digestive upset.* GX Assist is formulated to cleanse the digestive system and is used for 10 days as a preparatory cleansing step before using dōTERRA PB Restore and PB Assist+.*

Directions

Take 1 to 3 softgels per day with meals for 10 days.

Cautions

Pregnant or nursing women and people with known medical conditions should consult a physician before using.
