## Arriving at Helsinki airport/Lentoasema

(source: [https://www.vr.fi/cs/vr/en/keharata\\_en](https://www.vr.fi/cs/vr/en/keharata_en))

We strongly recommend you to purchase a Regional Ticket, it is the cheapest way to travel and move around during the course time. Prices and Areas and purchasing can be accessed here: [information updated](#).

Upon arriving at Helsinki-Vantaa Airport purchase a **multidays ( 1 to 7 days) ABC ZONES ticket** for public transport valid for Helsinki capital city area, Vantaa and Espoo. Choose the amount of days you need, access the [link](#) for the costs. It will be valid on **buses, trains, trams and boats** to some of the islands (like Soumenlinna). You can see the [areas](#) where you will be able to travel with the Regional Card.

You can purchase the ticket from the airport (arrival terminal, luggage lines, using the machine, or from R-kiosk (yellow shops) from Terminal 1 or from the train departure station from the machine. Starting 2020 prices might differ depending on the vendor so we recommend you the HSL app for the cheapest easiest way. You can also purchase it on the mobile HSL application

<https://www.hsl.fi/en/app> . If you buy it from **R kiosk** you will not need to validate as it will be a receipt ticket showing the day and hour. If you buy from machine you will need to validate the first time you go on a public transportation and after that there will be no need to validate as it will run for the days you have purchased.
