International Women's Day

On the 8th March we had the pleasure of attending our local Northern Beaches Council Women's Day breakfast. We got to hear the inspiring Kate Munari (Australia's only female Navy helicopter pilot to fly in Afghanistan) speak.

It's great to see these events back up and running after a few years of covid hiatus. To have a day that celebrates women, helps them feel inspired and know we can do anything we put our mind too. As a female only company and as a group of working mums with children ranging from toddlers to university students we understand the challenges of trying to balance it all. Throw in adding of school obligations and committing to volunteering it's a juggle.

Little Extras

Planning on printing tea towels of your art, brand, real estate, restaurant, winery, brewery, wedding, special event and more? We can add some little touches that you'll love.....

Custom belly bands - these are a great way to add additional marketing or artist information to your tea towels. Your tea towels will stand out with these beautiful sleeves and will make them easy to display in a retail setting.

Folding - we can do any special folds you would like or we can supply flat which decreases any fold lines.

Organic 100% Cotton

We care about the environment and our carbon footprint that's why all of our products are manufactured specifically for us from ethically grown 100% organic cotton in a GOTS (Global Organic Textile Standard) certified factory we have been working with for many years. Our sustainable tea towels, bags and aprons help reduce the waste produced by plastic bags and paper towels. We use premium quality heavy weight cotton so our products will stand the test of time for many years.

Our screen printing inks are use 100% environmentally friendly, 100% solvent, PVC and phthalate free with approval from the Soil Association, having successfully met the requirements of the Global Organic Textiles Standards for non-organic chemical inputs for use in organic textile processing. Eco-friendly ink is also used for our colour prints in our industrial printer to give worldwide Oeki-Tex 100 certification which is globally accepted for infant and baby wear.
