

What Percent?

Calculate Given Percents

|

1. Calculate the given percent
___% of 90 = 9

2. Calculate the given percent
___% of 80 = 40

3. Calculate the given percent
___% of 80 = 12

4. Calculate the given percent
___% of 45 = 9

5. Calculate the given percent
___% of 65 = 32.5

6. Calculate the given percent
___% of 85 = 68

7. Calculate the given percent
___% of 90 = 36

8. Calculate the given percent
___% of 55 = 27.5

9. Calculate the given percent
___% of 70 = 14

10. Calculate the given percent
___% of 130 = 78

11. Calculate the given percent
___% of 95 = 19

12. Calculate the given percent
___% of 100 = 50

13. Calculate the given percent
___% of 140 = 7

14. Calculate the given percent
___% of 120 = 36

15. Calculate the given percent
___% of 75 = 60
