## Rabbit CD16a Antibody

Catalog Number: CD16A-101AP

### General Product Information

|                          |                                                                                                                                                                                                                                                                                  |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product                  | CD16a                                                                                                                                                                                                                                                                            |
| Description              | Affinity Purified MGC126718 antibody,MGC126720 antibody,Na(+)/H(+) exchanger 3 antibody,NHE 3 antibody,NHE-3 antibody,NHE3 antibody,SL9A3_HUMAN antibody,SLC9A 3 antibody,Slc9a3 antibody,Sodium/hydrogen exchanger 3 antibody,Sodium/hydrogen exchanger, apical epithe Antibody |
| Verified Applications    | ELISA, WB                                                                                                                                                                                                                                                                        |
| Species Cross Reactivity | Human                                                                                                                                                                                                                                                                            |
| Immunogen                | Synthetic peptide taken within amino acid region 205-254 on CD16a protein.                                                                                                                                                                                                       |

### Physical Properties

|                     |                                            |
|---------------------|--------------------------------------------|
| Quantity            | 100 µg                                     |
| Volume              | 200 µl                                     |
| Form                | Affinity Purified                          |
| Immunoglobulin      | IgG                                        |
| Concentration       | 0.5 µg/µl in antibody stabilization buffer |
| Purification Method | Affinity Purified                          |
| Clonality           | Polyclonal                                 |
| Storage             | -20°C for long term storage.               |

### Application Protocol

|              |                |
|--------------|----------------|
| ELISA        | 1:5,000–20,000 |
| Western Blot | 1:500–1:2,000  |
