## Rabbit IL18 Antibody BIOTIN

Catalog Number: IL18-BIOTIN

### General Product Information

|                                 |                                                                                 |
|---------------------------------|---------------------------------------------------------------------------------|
| <b>Product</b>                  | IL18                                                                            |
| <b>Description</b>              | Affinity Purified IFN gamma inducing factor Antibody                            |
| <b>Verified Applications</b>    | ELISA, IP, WB                                                                   |
| <b>Species Cross Reactivity</b> | Human                                                                           |
| <b>Immunogen</b>                | Synthetic peptide taken within amino acid region 144-193 on human IL18 protein. |

### Physical Properties

|                            |                                            |
|----------------------------|--------------------------------------------|
| <b>Quantity</b>            | 100 µg                                     |
| <b>Volume</b>              | 200 µl                                     |
| <b>Form</b>                | BIOTIN-Conjugated                          |
| <b>Immunoglobulin</b>      | IgG                                        |
| <b>Concentration</b>       | 0.5 µg/µl in antibody stabilization buffer |
| <b>Purification Method</b> | Affinity Purified                          |
| <b>Clonality</b>           | Polyclonal                                 |
| <b>Storage</b>             | -20°C for long term storage.               |

### Application Protocol

|                            |                |
|----------------------------|----------------|
| <b>ELISA</b>               | 1:5,000–20,000 |
| <b>Immunoprecipitation</b> | 1:100–1:500    |
| <b>Western Blot</b>        | 1:500–1:2,000  |
