## Phospho-MAPK14 Antibody

Catalog Number: P-PMAPK14

### General Product Information

|                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

| <b>Product</b>               | Phospho-MAPK14                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Description</b>           | Affinity Purified CSAID-binding protein antibody,Csaids binding protein antibody,CSBP antibody,CSBP1 antibody,CSBP2 antibody,CSPB1 antibody,Cytokine suppressive anti-inflammatory drug-binding protein antibody,EXIP antibody,MAP kinase 14 antibody,MAP kinase MXI2 antibody,MAP kinase p38 alpha antibody,MAPK 14 antibody,MAPK14 antibody,MAX-interacting protein 2 antibody,Mitogen-activated protein kinase 14 antibody,Mitogen-activated protein kinase p38 alpha antibody,MK14_HUMAN antibody,Mxi2 antibody,p38 antibody,p38 MAP kinase antibody,p38 mitogen activated protein kinase antibody,p38ALPHA antibody,p38alpha Exip antibody,PRKM14 antibody,PRKM15 antibody,RK antibody,SAPK2A antibody,Stress-activated protein kinase 2a antibody, Antibody |
| <b>Verified Applications</b> | Immunodepletion, Immunocompetition                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Immunogen</b>             | Synthetic peptide taken within amino acid region 250-300 on human MAPK14 protein.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

### Physical Properties

|                            |                                                |
|----------------------------|------------------------------------------------|
| <b>Quantity</b>            | 250 µg                                         |
| <b>Volume</b>              | 100 µl                                         |
| <b>Form</b>                | Antigenic Blocking Peptide                     |
| <b>Immunoglobulin</b>      | IgG                                            |
| <b>Concentration</b>       | 0.5-1.5 µg/µl in antibody stabilization buffer |
| <b>Purification Method</b> | Affinity Purified                              |
| <b>Clonality</b>           | Polyclonal                                     |
| <b>Storage</b>             | -20°C for long term storage.                   |

### Application Protocol

|                          |                 |
|--------------------------|-----------------|
| <b>Immunodepletion</b>   | Assay dependent |
| <b>Immunocompetition</b> | Assay dependent |
