## UCN2 Antibody

Catalog Number: P-UCN2

### General Product Information

|                       |                                                                                       |
|-----------------------|---------------------------------------------------------------------------------------|
| Product               | UCN2                                                                                  |
| Description           | Affinity Purified UCN2 Antibody                                                       |
| Verified Applications | Immunodepletion, Immunocompetition                                                    |
| Immunogen             | Synthetic peptide taken within amino acid region 63-112 of human Urocortin 2 protein. |

### Physical Properties

|                     |                                            |
|---------------------|--------------------------------------------|
| Quantity            | 250 µg                                     |
| Volume              | 200 µl                                     |
| Form                | Antigenic Blocking Peptide                 |
| Immunoglobulin      | IgG                                        |
| Concentration       | 0.5 µg/µl in antibody stabilization buffer |
| Purification Method | Affinity Purified                          |
| Clonality           | Polyclonal                                 |
| Storage             | -20°C for long term storage.               |

### Application Protocol

|                   |                 |
|-------------------|-----------------|
| Immunodepletion   | Assay dependent |
| Immunocompetition | Assay dependent |
