## CD99 Antibody

Catalog Number: PC-CD99

### General Product Information

|                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
|------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product</b>               | CD99                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| <b>Description</b>           | Affinity Purified 12E7 antibody,CD99 antibody,CD99 antigen antibody,CD99 molecule antibody,CD99_HUMAN antibody,CD99X antibody,E2 antigen antibody,Ewing Sarcoma antibody,MIC 2X antibody,MIC 2Y antibody,MIC2 antibody,MIC2X antibody,MIC2Y antibody,Monoclonal antibody, 12E7 antibody,MSK5X antibody,Protein MIC2 antibody,Surface antigen MIC2 antibody,T cell surface glycoprotein E2 antibody,T cell surface glycoprotein E2 precursor antibody,T-cell surface glycoprotein E2 antibody, Antibody |
| <b>Verified Applications</b> | WB                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

### Physical Properties

|                            |                                                                                                                                                                                            |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Quantity</b>            | 100 µg                                                                                                                                                                                     |
| <b>Volume</b>              | Inquire                                                                                                                                                                                    |
| <b>Form</b>                | Western Blot Positive Control                                                                                                                                                              |
| <b>Immunoglobulin</b>      | IgG                                                                                                                                                                                        |
| <b>Concentration</b>       | The concentration is set so that 20 µl per lane in Western and blotted with corresponding affinity purified antibody will give a clean band with a high signal to noise ration on the gel. |
| <b>Purification Method</b> | Affinity Purified                                                                                                                                                                          |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                 |
| <b>Storage</b>             | -20°C for long term storage.                                                                                                                                                               |

### Application Protocol

|                     |               |
|---------------------|---------------|
| <b>Western Blot</b> | 1:500–1:2,000 |
|---------------------|---------------|
