## GPCR GPR43 / FFAR2 Antibody

Catalog Number: PC-FFAR2

### General Product Information

|                              |                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product</b>               | GPCR GPR43 / FFAR2                                                                                                                                                                                                                                                                                                                                                                                                                   |
| <b>Description</b>           | Affinity Purified FFA2R antibody, FFA2R antibody, Ffar2 antibody, FFAR2_HUMAN antibody, free fatty acid activated receptor 2 antibody, free fatty acid activated receptor 2 antibody, Free fatty acid receptor 2 antibody, G protein coupled receptor 43 antibody, G protein-coupled receptor 43 antibody, G protein-coupled receptor 43 antibody, G-protein coupled receptor 43 antibody, GPR 43 antibody, GPR43 antibody, Antibody |
| <b>Verified Applications</b> | WB                                                                                                                                                                                                                                                                                                                                                                                                                                   |

### Physical Properties

|                            |                                                                                                                                                                                           |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Quantity</b>            | 100 µg                                                                                                                                                                                    |
| <b>Volume</b>              | Inquire                                                                                                                                                                                   |
| <b>Form</b>                | Western Blot Positive Control                                                                                                                                                             |
| <b>Immunoglobulin</b>      | IgG                                                                                                                                                                                       |
| <b>Concentration</b>       | The concentration is set so that 20 µl per lane in Western and blotted with corresponding affinity purified antibody will give a clean band with a high signal to noise ratio on the gel. |
| <b>Purification Method</b> | Affinity Purified                                                                                                                                                                         |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                |
| <b>Storage</b>             | -20°C for long term storage.                                                                                                                                                              |

### Application Protocol

|                     |               |
|---------------------|---------------|
| <b>Western Blot</b> | 1:500–1:2,000 |
|---------------------|---------------|
