## Integrin beta 3 Antibody

Catalog Number: PC-INTGB3

### General Product Information

|                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

| <b>Product</b>               | Integrin beta 3                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| <b>Description</b>           | Affinity Purified BDPLT16 antibody,BDPLT2 antibody,CD 61 antibody,CD61 antibody,CD61 antigen antibody,GP3A antibody,GPIIIa antibody,GT antibody,HPA 1 antibody,HPA 4 antibody,Integrin beta 3 (platelet glycoprotein IIIa antigen CD61) antibody,Integrin beta chain beta 3 antibody,Integrin beta-3 antibody,ITB3_HUMAN antibody,ITG B3 antibody,ITGB 3 antibody,ITGB3 antibody,NAIT antibody,Platelet fibrinogen receptor beta subunit antibody,Platelet fibrinogen receptor, beta subunit antibody,Platelet glycoprotein IIIa antibody,platelet glycoprotein IIIa precursor antibody,Platelet membrane glycoprotein IIIa antibody,PTP antibody, Antibody |
| <b>Verified Applications</b> | WB                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

### Physical Properties

|                            |                                                                                                                                                                                            |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Quantity</b>            | 100 µg                                                                                                                                                                                     |
| <b>Volume</b>              | Inquire                                                                                                                                                                                    |
| <b>Form</b>                | Western Blot Positive Control                                                                                                                                                              |
| <b>Immunoglobulin</b>      | IgG                                                                                                                                                                                        |
| <b>Concentration</b>       | The concentration is set so that 20 µl per lane in Western and blotted with corresponding affinity purified antibody will give a clean band with a high signal to noise ration on the gel. |
| <b>Purification Method</b> | Affinity Purified                                                                                                                                                                          |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                 |
| <b>Storage</b>             | -20°C for long term storage.                                                                                                                                                               |

### Application Protocol

|                     |               |
|---------------------|---------------|
| <b>Western Blot</b> | 1:500–1:2,000 |
|---------------------|---------------|
