| <b>Product</b>               | MTAP                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Description</b>           | Affinity Purified 5' methylthioadenosine phosphorylase antibody, 5"-methylthioadenosine phosphorylase antibody, BDMF antibody, c86fus antibody, DMSFH antibody, DMSMFH antibody, Epididymis luminal protein 249 antibody, HEL 249 antibody, LGMBF antibody, MeSAdo phosphorylase antibody, Methylthioadenosine phosphorylase antibody, MSAP antibody, MTA phosphorylase antibody, MTAP antibody, MTAP_HUMAN antibody, MTAPase antibody, S methyl 5 thioadenosine phosphorylase antibody, S methyl 5' thioadenosine phosphorylase antibody, S-methyl-5"-thioadenosine phosphorylase antibody, Antibody |
| <b>Verified Applications</b> | WB                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

### Physical Properties

|                            |                                                                                                                                                                                           |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Quantity</b>            | 100 µg                                                                                                                                                                                    |
| <b>Volume</b>              | Inquire                                                                                                                                                                                   |
| <b>Form</b>                | Western Blot Positive Control                                                                                                                                                             |
| <b>Immunoglobulin</b>      | IgG                                                                                                                                                                                       |
| <b>Concentration</b>       | The concentration is set so that 20 µl per lane in Western and blotted with corresponding affinity purified antibody will give a clean band with a high signal to noise ratio on the gel. |
| <b>Purification Method</b> | Affinity Purified                                                                                                                                                                         |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                |
| <b>Storage</b>             | -20°C for long term storage.                                                                                                                                                              |

### Application Protocol

|                     |               |
|---------------------|---------------|
| <b>Western Blot</b> | 1:500–1:2,000 |
|---------------------|---------------|
