## WVOX 1 + 4 Antibody

Catalog Number: PC-WVOX1

### General Product Information

|                              |                                                                                                                                                                                                                                                                                                    |
|------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product</b>               | WVOX 1 + 4                                                                                                                                                                                                                                                                                         |
| <b>Description</b>           | Affinity Purified D16S432E antibody, FOR antibody, FOR II protein antibody, FRA16D antibody, fragile 16D oxido reductase antibody, fragile site FRA16D oxidoreductase antibody, HHCMA56 antibody, PRO0128 antibody, putative oxidoreductase antibody, WW domain-containing oxidoreductase Antibody |
| <b>Verified Applications</b> | WB                                                                                                                                                                                                                                                                                                 |

### Physical Properties

|                            |                                                                                                                                                                                            |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Quantity</b>            | 100 µg                                                                                                                                                                                     |
| <b>Volume</b>              | Inquire                                                                                                                                                                                    |
| <b>Form</b>                | Western Blot Positive Control                                                                                                                                                              |
| <b>Immunoglobulin</b>      | IgG                                                                                                                                                                                        |
| <b>Concentration</b>       | The concentration is set so that 20 µl per lane in Western and blotted with corresponding affinity purified antibody will give a clean band with a high signal to noise ration on the gel. |
| <b>Purification Method</b> | Affinity Purified                                                                                                                                                                          |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                 |
| <b>Storage</b>             | -20°C for long term storage.                                                                                                                                                               |

### Application Protocol

|                     |               |
|---------------------|---------------|
| <b>Western Blot</b> | 1:500–1:2,000 |
|---------------------|---------------|
