## Rabbit SRPX2 Antibody BIOTIN

Catalog Number: SRPX2-BIOTIN

### General Product Information

|                                 |                                                                                                                                                                                                                                                                                                                                        |
|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product</b>                  | SRPX2                                                                                                                                                                                                                                                                                                                                  |
| <b>Description</b>              | Affinity Purified BPP antibody,CBPS antibody,PMGX antibody,RESDX antibody,SRPUL antibody,SRPX 2 antibody,SRPX2 antibody,SRPX2_HUMAN antibody,Sushi repeat containing protein SRPX2 antibody,Sushi repeat containing protein X linked 2 antibody,Sushi repeat protein antibody,Sushi repeat-containing protein SRPX2 antibody, Antibody |
| <b>Verified Applications</b>    | ELISA, IHC, IP, WB                                                                                                                                                                                                                                                                                                                     |
| <b>Species Cross Reactivity</b> | Human, Mouse, Rat                                                                                                                                                                                                                                                                                                                      |
| <b>Immunogen</b>                | Synthetic peptide taken within amino acid region 416-465 on human SRPX2 protein.                                                                                                                                                                                                                                                       |

### Physical Properties

|                            |                                            |
|----------------------------|--------------------------------------------|
| <b>Quantity</b>            | 100 µg                                     |
| <b>Volume</b>              | 200 µl                                     |
| <b>Form</b>                | BIOTIN-Conjugated                          |
| <b>Immunoglobulin</b>      | IgG                                        |
| <b>Concentration</b>       | 0.5 µg/µl in antibody stabilization buffer |
| <b>Purification Method</b> | Affinity Purified                          |
| <b>Clonality</b>           | Polyclonal                                 |
| <b>Storage</b>             | -20°C for long term storage.               |

### Application Protocol

|                             |                |
|-----------------------------|----------------|
| <b>ELISA</b>                | 1:5,000–20,000 |
| <b>Immunohistochemistry</b> | 1:50–1:200     |
| <b>Immunoprecipitation</b>  | 1:100–1:500    |
| <b>Western Blot</b>         | 1:500–1:2,000  |
