## Rabbit ETS1 Associated protein II Antibody

Catalog Number: TDP2-201AP

### General Product Information

|                                 |                                                                                                                                                                                                                                                                                            |
|---------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product</b>                  | ETS1 Associated protein II                                                                                                                                                                                                                                                                 |
| <b>Description</b>              | Affinity Purified 5'-Tyr-DNA phosphodiesterase antibody,5'-tyrosyl-DNA phosphodiesterase antibody,AD 022 antibody,AD022 antibody,dJ30M3.3 antibody,EAP 2 antibody,EAP II antibody,EAP2 antibody,EAPII antibody,ETS 1 associated protein 2 antibody,ETS 1 associated protein II an Antibody |
| <b>Verified Applications</b>    | ELISA, IHC, IP, WB                                                                                                                                                                                                                                                                         |
| <b>Species Cross Reactivity</b> | Human, Mouse, Rat                                                                                                                                                                                                                                                                          |
| <b>Immunogen</b>                | Synthetic peptide taken within amino acid region 313-362 on human Tyrosyl-DNA phosphodiesterase protein.                                                                                                                                                                                   |

### Physical Properties

|                            |                                            |
|----------------------------|--------------------------------------------|
| <b>Quantity</b>            | 100 µg                                     |
| <b>Volume</b>              | 200 µl                                     |
| <b>Form</b>                | Affinity Purified                          |
| <b>Immunoglobulin</b>      | IgG                                        |
| <b>Concentration</b>       | 0.5 µg/µl in antibody stabilization buffer |
| <b>Purification Method</b> | Affinity Purified                          |
| <b>Clonality</b>           | Polyclonal                                 |
| <b>Storage</b>             | -20°C for long term storage.               |

### Application Protocol

|                             |             |
|-----------------------------|-------------|
| <b>ELISA</b>                | 1:10,000    |
| <b>Immunohistochemistry</b> | 1:50–1:200  |
| <b>Immunoprecipitation</b>  | 1:100–1:500 |
| <b>Western Blot</b>         | 1:1,000     |
