## Rabbit TLR9 Antibody FITC

Catalog Number: TLR9-FITC

### General Product Information

|                                 |                                                                                                                                                                                                                                                                   |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product</b>                  | TLR9                                                                                                                                                                                                                                                              |
| <b>Description</b>              | Affinity Purified CD 289 antibody,CD289 antibody,TLR 9 antibody,TLR9 antibody,TLR9_HUMAN antibody,Toll like receptor 9 antibody,Toll like receptor 9 isoform A precursor antibody,Toll like receptor 9 isoform B antibody,Toll-like receptor 9 antibody, Antibody |
| <b>Verified Applications</b>    | ELISA, IHC, IP, WB                                                                                                                                                                                                                                                |
| <b>Species Cross Reactivity</b> | Chimpanzee, Human, Monkey, Rat                                                                                                                                                                                                                                    |
| <b>Immunogen</b>                | Synthetic peptide taken within amino acid region 418-467 on human TLR9 protein.                                                                                                                                                                                   |

### Physical Properties

|                            |                                            |
|----------------------------|--------------------------------------------|
| <b>Quantity</b>            | 100 µg                                     |
| <b>Volume</b>              | 200 µl                                     |
| <b>Form</b>                | FITC-Conjugated                            |
| <b>Immunoglobulin</b>      | IgG                                        |
| <b>Concentration</b>       | 0.5 µg/µl in antibody stabilization buffer |
| <b>Purification Method</b> | Affinity Purified                          |
| <b>Clonality</b>           | Polyclonal                                 |
| <b>Storage</b>             | -20°C for long term storage.               |

### Application Protocol

|                             |                |
|-----------------------------|----------------|
| <b>ELISA</b>                | 1:5,000–20,000 |
| <b>Immunohistochemistry</b> | 1:50–1:200     |
| <b>Immunoprecipitation</b>  | 1:100–1:500    |
| <b>Western Blot</b>         | 1:500–1:2,000  |
