## Rabbit Timeless Antibody FITC

Catalog Number: TMLS-FITC

### General Product Information

|                                 |                                                                                                                                                                                                                                                                                                                                        |
|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product</b>                  | Timeless                                                                                                                                                                                                                                                                                                                               |
| <b>Description</b>              | Affinity Purified "FLJ12640 antibody, FLJ20714 antibody, hTIM antibody, Protein timeless homolog antibody, TIM antibody, TIM_HUMAN antibody, TIM1 antibody, Timeless antibody, timeless circadian clock 1 antibody, timeless circadian clock antibody, timeless homolog antibody, TIMELESS1 antibody, Tof1 homolog antibody," Antibody |
| <b>Verified Applications</b>    | ELISA, IP, WB                                                                                                                                                                                                                                                                                                                          |
| <b>Species Cross Reactivity</b> | Mouse, Rat                                                                                                                                                                                                                                                                                                                             |
| <b>Immunogen</b>                | Corresponding to amino acid region 1148-1197 on Mouse Timeless protein.                                                                                                                                                                                                                                                                |

### Physical Properties

|                            |                                            |
|----------------------------|--------------------------------------------|
| <b>Quantity</b>            | 100 µg                                     |
| <b>Volume</b>              | 200 µl                                     |
| <b>Form</b>                | FITC-Conjugated                            |
| <b>Immunoglobulin</b>      | IgG                                        |
| <b>Concentration</b>       | 0.5 µg/µl in antibody stabilization buffer |
| <b>Purification Method</b> | Affinity Purified                          |
| <b>Clonality</b>           | Polyclonal                                 |
| <b>Storage</b>             | -20°C for long term storage.               |

### Application Protocol

|                            |                |
|----------------------------|----------------|
| <b>ELISA</b>               | 1:5,000–20,000 |
| <b>Immunoprecipitation</b> | 1:100–1:500    |
| <b>Western Blot</b>        | 1:500–1:2,000  |
