

**AGENDA
REGULAR MEETING
AGOURA HILLS CITY COUNCIL**

Civic Center - Council Chambers
30001 Ladyface Court, Agoura Hills, California 91301
**Wednesday, July 9, 2025
6:00 PM**

Please silence all cell phones and other electronic devices during the meeting.

ATTEND OR WATCH THE MEETING

For in-person attendance, the Council Chambers will open to the public at 5:30 p.m. To watch the live stream or archived meeting, search “Agoura Hills City Council” on [YouTube](#) and select the meeting by date, or visit [agourahillscity.gov](#) and click the dark green “View Current Agenda(s) or Live/Archived Meetings” button at the top of the page.

PUBLIC PARTICIPATION (PUBLIC COMMENT)

Option A: To provide public comments in person in the Council Chambers

Members of the public may attend the meeting in person in the Council Chambers and have the opportunity to speak or submit a written comment on any item listed on the Agenda. To speak, complete a Speaker’s Card for each item and submit it to the City Clerk before the public comment portion of that item. Public testimony is limited to three (3) minutes per speaker, and time may not be transferred to another person. Written comments submitted during the meeting will not be read aloud by the City Clerk.

Option B: To submit written public comments prior to the meeting

*Members of the public may submit written comments on any item listed on the Agenda. To ensure the City Council has time to review and/or consider the information prior to the meeting, please include the Agenda item number or topic in the email subject line and **send written public comments to comments@agourahillscity.gov on or before 4:00 p.m. on the meeting date.** Public comments are not read into the record by the City Clerk. Please note: any public comments submitted after the deadline may not be considered during the City Council’s deliberations or included in the official record. However, the public is welcome to attend the meeting to make or submit comments in person.*

CITY COUNCIL, STAFF COMMENTS

Director of Community Services Brink announced a City fee increase, noting the fee study is available online via the Finance Department and in hard copy at City Hall, and invited the public to the Summer Concert in the Park on July 6 at Chumash Park, featuring a Journey tribute band and a drone show.

Mayor Pro Tem Wolf and Councilmember Anderson thanked Mayor Sylvester for her statement on the recent ICE raids in and around the community.

Mayor Sylvester reported visiting the Manna Conejo Valley Food Bank with Director of Community Services Brink and Las Virgenes Unified School Board Member Lesli Stein, noting that 492 Agoura Hills residents are clients and encouraged community support of the program, and also announced the commencement of Phase 2 of the Wallis Annenberg Wildlife Crossing, which will be the largest wildlife corridor in the world.

Mayor Pro Tem Wolf shared an update on the Las Virgenes Municipal Water District tour with Supervisor Lindsey Horvath and Senator Ben Allen, highlighting the sites visited during the tour.

Mayor Sylvester announced there may be a small increase in water rates for residents.

ADJOURNMENT

At 7:27 p.m., Mayor Sylvester announced the next Regular City Council Meeting would be held at 6:00 p.m., on Wednesday, July 9, 2025, in the Council Chambers of the Civic Center and adjourned the meeting.

Kimberly M. Rodrigues, MPPA, MMC
City Clerk

REPORT TO CITY COUNCIL

DATE: JULY 9, 2025
TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL
FROM: NATHAN HAMBURGER, CITY MANAGER
BY: DIEGO IBANEZ, DIRECTOR OF FINANCE
SUBJECT: APPROVE DEMAND WARRANT REGISTER NO. 936

Demand Warrant No. 936 is hereby submitted for your approval.

All items on the Demand Warrant are budgeted items; and all the items, when aggregated and annualized, are found to be within budget.

RECOMMENDATION

It is recommended the City Council approve Demand Warrant No. 936.

REPORT TO CITY COUNCIL

DATE: JULY 9, 2025

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: NATHAN HAMBURGER, CITY MANAGER

BY: KELLY FISHER, DEPUTY DIRECTOR OF PUBLIC WORKS
CHARMAINE YAMBAO, DIRECTOR OF PUBLIC WORKS DIRECTOR / CITY ENGINEER

SUBJECT: APPROVE SIXTH AMENDMENT TO THE DESIGN PROFESSIONAL CONSULTANT SERVICES
AGREEMENT WITH MICHAEL BAKER INTERNATIONAL FOR ADDITIONAL ENGINEERING DESIGN
SERVICES RELATED TO THE KANAN CORRIDOR PROJECT

On September 27, 2017, the City Council approved a Design Professional Consultant Agreement with Michael Baker International, in the amount of \$334,500, to provide engineering design services for the Kanan Corridor Project, with the limits on Kanan Road, between Thousand Oaks Boulevard and Agoura Road. The original scope of work for the project was to complete the Project Initiation Document (PID) phase, which included evaluating capacity enhancement alternatives at the interchange on and off-ramps, lane re-configurations, as well as infrastructure modifications to ensure the safe transport of bicyclists and pedestrians is preserved.

A first amendment to the MBI agreement was approved in February 2018, to extend the Project limits from Agoura Road to Cornell Way and provide additional budget for extending the limits of the Project. In February 2020, the second amendment was approved to extend the term of the agreement to June 30, 2021, to allow for the inclusion of the final Kanan Road/Agoura Road Intersection alignment, which was approved in August 2020. In May 2021, the third amendment was approved to extend the term of the agreement to June 30, 2023, to further extend the limits of the Project to the northerly limits of Kanan Road, allowing the study and coordination of signals and fire circulation for the entire corridor, develop additional build alternatives, and provide additional studies required by the Caltrans process. The fourth amendment was approved in April 2023, which extended the term of the agreement to June 30, 2024, and to develop additional bicycle-focused alternative concepts. And the fifth amendment was approved in May 2024 which extended the term of the agreement to June 30, 2026, and provided additional engineering design services for Kanan Road Rehabilitation Improvements from Thousand Oaks Boulevard to East Canwood Street, and a Structures Crossing the US-101 Inventory and Assessment Report.

Over the last two years, staff has seen an increase in road repairs needed between East Canwood Street and the Caltrans right-of-way. In addition, the City's maintenance contractor has made numerous repairs to the westerly slope along Kanan Road due to the lack of drainage swales in certain sections of the hillside. Staff believes it would be advantageous for the City to extend the project limits for the Kanan Road Rehabilitation Improvements from Thousand Oaks Boulevard to the Caltrans right-of-way near West Canwood Street to address these deficiencies. In addition, it was determined that a section of failing block wall that will be reconstructed near Medea Creek will require a custom foundation and wall design due to poor soil conditions.

The proposed sixth amendment would have a total not-to-exceed amount of \$120,240. A detailed list of the services required can be found as Exhibit "A" on the attached amendment. The scope of work and all other terms and conditions of the agreement would remain the same as previously approved.

The proposed amendment has been reviewed by the City Attorney and approved as to form.

FISCAL IMPACT

Sufficient funding was appropriated in the Fiscal Year 2025-26 City Council Budget under the Public Works Department's Street Improvements account number 019-4640-6320.00 to fund the design of the Project through Measure M.

RECOMMENDATION

Staff respectfully recommends the City Council:

1. Approve the Sixth Amendment to the Design Professional Consultant Services Agreement with Michael Baker International; and
2. Authorize the Mayor to sign the amendment to the agreement on behalf of the City Council.

SIXTH AMENDMENT TO AGREEMENT FOR CONSULTANT SERVICES
WITH THE CITY OF AGOURA HILLS

NAME OF CONSULTANT:	Michael Baker International
RESPONSIBLE PRINCIPAL OF CONSULANT:	Attn: Eric Spangler
CONSULTANT'S ADDRESS:	5 Hutton Centre Drive, Suite 500 Santa Ana, CA 92707
CITY'S ADDRESS:	City of Agoura Hills 30001 Ladyface Court Agoura Hills, CA 91301 Attn: City Manager
PREPARED BY:	Kelly Fisher
COMMENCEMENT DATE:	May 8, 2024
TERMINATION DATE:	June 30, 2026
CONSIDERATION:	Amendment Amount: \$120,240.00 Total Contract Price Not to Exceed: \$1,350,168.00 (1 st Amendment of \$19,000.00 increased Original contact of \$334,500.00 to \$353,500.00; 2 nd Amendment was zero \$ increase; 3 rd Amendment of \$275,103.00 increased contract to \$628,603.00; 4 th Amendment of \$89,295.00 increased contract to \$717,898.00; 5 th Amendment of \$512,030.00 increased contract to \$1,229,928.00; 6 th Amendment of \$120,240.00 increased contract to \$1,350,168.)

**SIXTH AMENDMENT TO AGREEMENT BETWEEN
CITY OF AGOURA HILLS AND MICHAEL BAKER INTERNATIONAL
Kanan Corridor Safety, Operations and Capacity Enhancement Project –
PSR/PDS**

THIS SIXTH AMENDMENT is made and entered into as of June 25, 2025, by and between the City of Agoura Hills, a municipal corporation (hereinafter referred to as "City"), and Michael Baker International, a Corporation (hereinafter referred to as "Contractor"). In consideration of the mutual covenants and conditions set forth herein, the parties agree as follows:

1. This Amendment is made with respect to the following facts and purposes:
 - a. On September 27, 2017, the City and Consultant entered into that certain Agreement entitled "Agreement for Design Professional Consultant Services," in the amount of Three Hundred Thirty-Four Thousand Five Hundred Dollars and Zero Cents (\$334,500.00).
 - b. On March 16, 2018, the City and Consultant entered into the First Amendment to that certain Agreement entitled "Agreement for Design Professional Consultant Services," to add scope of work to extend the southerly project limits from Agoura Road to Cornell Way, and increase the payment in the amount of Nineteen Thousand Dollars and Zero Cents (\$19,000.00).
 - c. On February 12, 2020, the City and Consultant entered into the Second Amendment to that certain Agreement entitled "Agreement for Design Professional Consultant Services," to extend the term of the agreement to June 30, 2021.
 - d. On May 12, 2021, the City and Consultant entered into the Third Amendment to that certain Agreement entitled "Agreement for Design Professional Consultant Services," to add scope of work to extend the Project limits from Thousand Oaks Boulevard to the northerly project limits, develop one additional design alternative, and conduct traffic and hazardous assessment studies, extend the term of the agreement to June 30, 2023, increase the payment in the amount of Two Hundred Seventy-Five Thousand One Hundred Three Dollars and Zero Cents (\$275,103.00).
 - e. On April 26, 2023, the City and the Consultant entered into the Fourth Amendment to that certain Agreement entitled "Agreement for Design Professional Consultant Services," to add scope of work to develop additional bicycle-focused alternative concepts, extend the term of the agreement to June 30, 2024, and increase the payment in the amount of Eighty-Nine Thousand Two Hundred Ninety-Five Dollars and Zero Cents (\$89,295.00).

f. On May 8, 2024, the City and the Consultant entered into the Fifth Amendment to that certain Agreement entitled "Agreement for Design Professional Consultant Services," to add scope of work, extend the term of the agreement to June 30, 2026, and increase the payment in the amount of Five Hundred Twelve Thousand Thirty Dollars and Zero Cents (\$512,030.00)

g. The parties now desire to add scope of work to extend the Phase I Project limits to the Caltrans right-of-way limit, design new terrace drainage for the slope on the west side of Kanan Road, design customized structural block walls, and increase the payment in the amount of One Hundred Twenty Thousand, Two Hundred Forty Dollars and Zero Cents (\$120,240.00), and to amend the Agreement as set forth in this Amendment.

2. Section 4 of the Agreement entitled "**PAYMENT**" at paragraph "a" is hereby amended to read as follows:

"The City agrees to pay Contractor monthly, in accordance with the payment rates and schedules and terms set forth in Exhibit B, Payment Rates and Schedule, attached hereto and incorporated herein by this reference as though set forth in full, based upon actual time spent on the above tasks. Any terms in Exhibit B, other than the payment rates and schedule of payment, are null and void. The Sixth Amendment amount shall not exceed One Hundred Twenty Thousand, Two Hundred Forty Dollars and Zero Cents (\$120,240.00), for additional engineering design services for a total Agreement amount of One million, three hundred fifty thousand, one hundred sixty-eight dollars and zero cents (\$1,350,168.00)."

3. Exhibit "A" to the Agreement is hereby amended by adding thereto the items set forth on Attachment "A" to this Amendment, which is attached hereto and incorporated herein as though set forth in full.

4. Except for the changes specifically set forth herein, all other terms and conditions of the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have caused this Sixth Amendment to Agreement to be executed the day and year first above written.

**SUBJECT: SCOPE AND FEE PROPOSAL FOR:
KANAN CORRIDOR – PAVEMENT REHAB PS&E PROJECT LIMITS EXTENSION FROM EAST
CANWOOD STREET TO WEST CANWOOD STREET, TERRACE DRAIN DESIGN, CUSTOM
WALL DESIGN**

Dear Ms. Yambao,

Michael Baker International, Inc. (Michael Baker) is pleased to submit this scope and fee proposal for three additional elements:

1. extending the project limits of the Kanan Road Rehabilitation PS&E from East Canwood Street south to the Caltrans R/W line, close to West Canwood Street.
2. slope repair and terrace drain reconstruction will be designed for the slope on the west side of Kanan Road south of Hillrise Drive.
3. Custom structural design of the block wall on the east side of Kanan Road.

Scope of Work:

Michael Baker proposes to accomplish the above noted improvements by conducting the following tasks.

Task 1 – Extend southerly project limits

Michael Baker will extend the pavement grind and overlay limits from East Canwood Street south to the Caltrans R/W line, close to West Canwood Street, a distance of approximately 540 linear feet. There are no curb ramps in this, so the scope of the work will just be pavement grind and overlay. This will require the following additional sheets:

- 1 Street Layout sheet at 20 scale
- 1 Utility plan sheet
- 1 pavement delineation (striping) sheet.
- 1 Traffic Control plan sheet

These improvements will be included in the 90% PS&E submittal, and will be shown in the cost estimate and project specifications. The pavement delineation sheet will show restoration pavement striping and restoration of traffic signal loop detectors, since existing loops may be impacted by grind and overlay operations. Separate traffic signal modification plans are not included in this scope of work.

Task 2 – Include Terrace Drain Reconstruction design and slope repair

Michael Baker will design terrace drain reconstruction and slope repair for the slope on the west side of Kanan Road south of Hillrise Drive, according to the recommendations in the NMG Geotechnical Report dated January 15, 2025. The Terrace Drain system on the City's slope is approximately 600' in length. Two grading sheets will be prepared at 20 scale (1"=20'), and one construction detail sheet for V-ditch details. Improvements will be contained within City R/W. Michael Baker Survey Team will survey the existing V-ditch flowlines of the existing system, so that the new terrace drains and down drains will be placed in the best location both horizontally and vertically. No more than one day of Surveying is included in this scope of work. No drainage calculations will be prepared, but rather the V-ditches will be designed to meet or exceed their originally designed flow capacity. Re-grading of localized erosion areas will be included, per the geotechnical study recommendations.

These improvements will be included in the 90% PS&E submittal, and will be shown in the cost estimate and project specifications. Due to the additional soil disturbance related to the Terrace Drain reconstruction, the Categorical Exemption (CE) will not be prepared until the plans show these additional scope elements in this proposal.

Task 3 – Custom structural design of the block wall on the east side of Kanan Road

Due to poor soils along the three properties where the block wall along Kanan Road will be reconstructed as part of the project, a custom foundation and wall design needs to be developed by our structural engineers. Included in our original scope of work was to use a standard plan wall design, such as a Caltrans pile footing soundwall. However, after the geotechnical investigation was performed, it confirmed that the soil properties were not sufficient to use a standard plan wall. As a result our structural engineers will design a custom wall and footing. Please see their attached proposal.

PS&E Assumptions:

- It is assumed that roadway cross section dimensions will not change from the existing condition. In other words the roadway will not be widened, nor the curbed median be narrowed, or turn pockets extended.
- Traffic Signal Modification Plans are not included in this scope of work.
- Neither drainage plans nor a drainage report are included in this scope of work.
- No water quality (NPDES) permits or environmental permitting is included in this scope of work.

Fee Proposal:

Please review the attached fee proposal that corresponds to this scope of work and let me know if it acceptable. Should you have any questions and/or require additional information, please feel free to contact me directly at (949)855-3657 or at eric.spangler@mbakerintl.com.

Respectfully submitted,

MICHAEL BAKER INTERNATIONAL

A handwritten signature in blue ink that reads "Eric Spangler". The signature is fluid and cursive, with the first name "Eric" and last name "Spangler" clearly distinguishable.

REPORT TO CITY COUNCIL

DATE: JULY 9, 2025

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: NATHAN HAMBURGER, CITY MANAGER

BY: AMY BRINK, DIRECTOR OF COMMUNITY SERVICES

SUBJECT: APPROVE THE CONSUMPTION OF ALCOHOL IN DESIGNATED AREA IN THE PARK AT REYES ADOBE DAYS 2025

The City of Agoura Hills has been hosting the annual Reyes Adobe Days (RAD) festival for twenty-one years. This special Fall festival started shortly after the restoration and reopening of the Reyes Adobe Historical Site back in 2002. The purpose of the event is to celebrate the diverse culture and rich history that the Reyes Adobe Historical Site brings to the community.

The RAD festival takes place over four days each year beginning with the RAD Fiesta. The weekend of events starts Friday evening with Night at the Adobe. Activities on Saturday and Sunday include the RAD Parade, RAD Run, RAD Day in the Park, Adobe Tours, children's activities, live entertainment, RAD Artisans, RAD Beer Garden, and the RAD Ride. RAD could not be possible without the hundreds of volunteers, many sponsors, and local businesses that participate in the event.

This year, Reyes Adobe Days will be held on Friday, Saturday, and Sunday, October 3, 5, and 5, 2025. Most of the activities are held at the Reyes Adobe Park and Historical Site, located at 31400 Rainbow Crest Drive in Agoura Hills.

Over the years, the City has taken extra steps to provide liability coverage for the weekend of events by purchasing an additional insurance policy for the elevated attendance and activities that may increase risk exposure. City Staff also files for a Temporary Use Permit (TUP) to allow Reyes Adobe Days (RAD) to take place at Reyes Adobe Park and to monitor the activities, such as live entertainment, parade, hands-on activities, art vendors, special events, etc. In order to approve and process the TUP, the consumption of alcohol in a designated area in the park requires City Council approval (Agoura Hills Municipal Code, Chapter 9 – Park Rules and Regulations, Section 4913 - Alcoholic Beverages). This action will meet the requirements of the Special Event Insurance obtained.

The RAD event will also require several other permits to be completed including, City of Agoura Hills Building and Safety Permit, City of Westlake Village Ride Permit, Los Angeles County Fire Department Event Permit, and the City of Agoura Hills Parade, Race, Bike Ride (PRBR) Event Permit. All permits will be included in the complete TUP application.

Reyes Adobe Days events and activities have been reviewed and discussed with the Community Services Subcommittee.

FISCAL IMPACT

There is no fiscal impact to the City Council approved FY 2025-26 budget.

RECOMMENDATION

Staff respectfully requests that City Council approve the consumption of alcohol in a designated area in the park in order to complete the process of the Temporary Use Permit authorizing the activities offered for Reyes Adobe Days.

REPORT TO CITY COUNCIL

DATE: JULY 9, 2025

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: NATHAN HAMBURGER, CITY MANAGER

BY: LEAH PALMER, ACCOUNTANT
DIEGO IBANEZ, DIRECTOR OF FINANCE

SUBJECT: ADOPT RESOLUTION NO. 25-2114 UPDATING DELEGATION OF AUTHORITY TO REQUEST DISBURSEMENTS CALIFORNIA EMPLOYERS' PENSION PREFUNDING TRUST (CEPPT)

The California Employers' Pension Prefunding Trust (CEPPT) administration recommends that three positions be authorized to request disbursements from the trust fund. Currently, the City Manager and City Treasurer are listed as authorized signatories per Resolution No. 22-2021.

For the Fiscal Year 2025-26, the City Treasurer position is currently vacant. Resolution No. 25-2114 will amend the Delegation of Authority to include the Director of Finance. Updating the Resolution would allow the City Manager, the City Treasurer, and the Director of Finance as authorized signatories.

FISCAL IMPACT

Resolution No. 25-2114 has no fiscal impact on the City Council Approved FY 2025-26 Budget.

RECOMMENDATION

Staff recommends that the City Council adopt Resolution No. 25-2114 updating the updating delegation of authority to request disbursements California Employers' Pension Prefunding Trust (CEPPT) and rescinding Resolution No. 22-2021.

BY: DIEGO IBANEZ, DIRECTOR OF FINANCE
BRENDA CHO, FINANCE MANAGER
LEAH PALMER, ACCOUNTANT

SUBJECT: ADOPT RESOLUTION NO. 25-2116 AUTHORIZING INVESTMENTS OF MONIES IN THE LOCAL AGENCY INVESTMENT FUND (LAIF)

It is a requirement by the State of California Government Code that the City Council approve the deposit and withdrawal of monies in the Local Agency Investment Fund. Also, that the City Council approve the City Manager, Director of Finance, City Treasurer, and Finance Manager to be authorized to order the deposit or withdrawal on monies in the Local Agency Investment Fund.

FISCAL IMPACT

There is no fiscal impact to the City Council approved Fiscal Year 2025-26 Budget.

RECOMMENDATION

It is recommended that the City Council adopt Resolution No. 25-2116 Authorizing Investment of Monies in the Local Agency Investment Fund (LAIF) by the City Manager, Director of Finance, City Treasurer, and Finance Manager and rescinding Resolution No. 03-1283.

REPORT TO CITY COUNCIL

DATE: JULY 9, 2025
TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL
FROM: NATHAN HAMBURGER, CITY MANAGER
BY: LUKAS QUACH, BUILDING OFFICIAL
DENICE THOMAS, COMMUNITY DEVELOPMENT DIRECTOR
SUBJECT: ADOPT ORDINANCE NO. 25-479 DESIGNATING FIRE HAZARD SEVERITY ZONES

At the June 25, 2025, City Council meeting, the Council unanimously supported the introduction of Ordinance No. 25-479, which formally designates Fire Hazard Severity Zones (FHSZ) within the City of Agoura Hills, according to recommendations from the California Department of Forestry and Fire Protection (CAL FIRE). This ordinance is now being presented for second reading and adoption.

The updated FHSZ maps are developed by CAL FIRE under the authority of the State Fire Marshal and categorize areas into Moderate, High, or Very High Fire Hazard Severity Zones. These classifications are determined using a range of criteria, including vegetation, topography, fire history, and climate modeling. The last comprehensive update to these maps occurred in 2011, and the 2025 revision reflects significant advancements in fire science, including the use of satellite imagery and updated climate data.

The City of Agoura Hills received CAL FIRE's updated map recommendations on March 24, 2025, triggering the statutory 120-day period for local adoption in accordance with Government Code Section 51179(a). Ordinance No. 25-479 is intended to fulfill this legal requirement and ensure local consistency with state wildfire hazard mapping.

The ordinance was introduced following a presentation and public hearing at the June 25, 2025, meeting, during which staff reviewed the scientific basis for the maps, legislative mandates under Assembly Bill 211 (AB 211), and the implications for local land use, building regulations, emergency preparedness, and real estate disclosures under Assembly Bill 38 (AB 38).

The updated maps indicate that approximately 94% of the City's land area is now designated within a Fire Hazard Severity Zone, an increase from approximately 70% under the previous maps.

Specifically:

- Very High FHSZ: Increased from 3,516 acres to 3,890 acres (~78% of city)
- High FHSZ: Added 413 acres (~8%)
- Moderate FHSZ: Added 386 acres (~8%)

These changes will require properties within the designated zones to comply with defensible space requirements. The adoption also strengthens the City's ability to manage emergency response and fire mitigation strategies in coordination with Los Angeles County and regional agencies.

The City conducted a public review and comment period on the proposed maps. While several comments were received, most were unrelated to the technical mapping process or its intended purpose. Staff has ensured compliance with public review procedures under state law.

This second reading and adoption of Ordinance No. 25-479 is the final step in implementing CAL FIRE's recommendations. Upon adoption, the ordinance will be submitted to the State Fire Marshal and will become effective in accordance with state and municipal law.

FISCAL IMPACT

There is no fiscal impact.

RECOMMENDATION

Staff recommend that the City Council adopt Ordinance No. 25-479, designating Fire Hazard Severity Zones, and approving a CEQA exemption determination.

ORDINANCE NO. 25-479

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF AGOURA HILLS, CALIFORNIA, DESIGNATING FIRE HAZARD SEVERITY ZONES, AND APPROVING A CEQA EXEMPTION DETERMINATION

WHEREAS, the Legislature has declared in Government Code Section 51175(a): “Wildfires are extremely costly, not only to property owners and residents, but also to local agencies. Wildfires pose a serious threat to the preservation of the public peace, health, or safety. The wildfire front is not the only source of risk since embers, or firebrands, travel far beyond the area impacted by the front and pose a risk of ignition to a structure or fuel on a site for a longer time. Since fires ignore civil boundaries, it is necessary that cities, counties, special districts, state agencies, and federal agencies work together to bring raging fires under control. Preventative measures are needed to ensure the preservation of the public peace, health and safety.”

WHEREAS, California Government Code Section 51179 requires the City to adopt an ordinance designating Moderate, High, and Very High Hazard Severity Zones in the City, within 120 days of the identification of such areas by the State Fire Marshal; and

WHEREAS, the State Fire Marshal has now published its map identifying Moderate, High, and Very High Fire Hazard Severity Zones within the City; and

WHEREAS, the City Council has reviewed the State Fire Marshal's Fire Zone Map and believes it accurately represents the Moderate, High, and Very High Fire Hazard Severity Zones in the City; and

WHEREAS, the City has made information concerning the Fire Hazard Severity Zones identified in the City available for public review and comment as required by law.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF AGOURA HILLS HEREBY FINDS AND ORDAINS AS FOLLOWS:

SECTION 1. The facts set forth in the foregoing recitals are true and correct.

SECTION 2. The City of Agoura Hills hereby designates the Moderate, High, and Very High Fire Hazard Severity Zones as those areas identified in attached Exhibit “A”, which is incorporated herein by reference.

SECTION 3. Any and all provisions in any previously adopted City ordinances designating Fire Severity Zones within the City of Agoura Hills’ jurisdiction, are superseded by the provisions of this Ordinance.

SECTION 4. The City Council has reviewed this Ordinance and hereby finds that it can be seen with certainty that there is no possibility that its adoption, and designation of the Fire Hazard Zones established hereby, may have a significant effect on the environment, since it will provide for greater fire protection. Therefore, it is exempt from

review under the California Environmental Quality Act, and the Guidelines thereunder, pursuant to Section 15061(b)(3) of Title 14 of the California Code of Regulations.

SECTION 5. If any provision of this Ordinance is for any reason held to be invalid by a court of competent jurisdiction, the City Council hereby declares that it would have passed each and every remaining provision irrespective of such holding in order to accomplish the intent of this Ordinance.

SECTION 6. The City Clerk shall certify to the passage of this Ordinance and shall cause a summary of same to be published at least once in the local newspaper of general circulation, circulated within the City of Agoura Hills. A copy of the full text of this Ordinance shall be on file in the Office of the City Clerk on and after the date following introduction and passage and shall be available to any member of the public.

This Ordinance shall go into effect on the 31st day after its adoption.

PASSED, APPROVED, AND ADOPTED this 9th day of July, 2025, by the following vote to wit:

AYES: ()
NOES: ()
ABSENT: ()
ABSTAIN: ()

Penny Sylvester, Mayor

REPORT TO CITY COUNCIL

DATE: JULY 9, 2025

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: NATHAN HAMBURGER, CITY MANAGER

BY: ROBBY NESOVIC, PRINCIPAL PLANNER
DENICE THOMAS, COMMUNITY DEVELOPMENT DIRECTOR

SUBJECT: DISCUSSION REGARDING OAK TREE ORDINANCE PLANNING PRINCIPLES

The purpose of this report is to discuss the proposed goals and objectives or "Planning Principles" of the Oak Tree Ordinance Amendment and for the City Council to provide staff with feedback. One of the Community Development Department's goals for the 2024-25 Fiscal Year, as adopted by the City Council, is to amend the City's Oak Tree Ordinance (Agoura Hills Municipal Code ("AHMC") Section 9657 et. Seq.). This Oak Tree Ordinance ("Ordinance") Amendment was prompted by a few key issues with our oak tree regulations, particularly pertaining to enforcement and the cost burden that oak trees have on single-family property owners throughout the City.

As our first step toward amending the Ordinance, staff would like to establish the overarching Planning Principles. Staff worked with our Oak Tree Consultant (Dudek) to create a list of issue areas with our current regulations, and based on those issue areas, staff has drafted some Planning Principles for the City Council to consider. A full description of the identified issue areas and the proposed Planning Principles are attached to this report.

Staff met with the Land Use/Economic Development Subcommittee (LUEDC) and discussed the proposed Planning Principles on June 10, 2025. The LUEDC was generally supportive of all Planning Principles as proposed, and in relation to Planning Principle No. 6, the LUEDC asked staff to research whether the Southern California black walnut and the California sycamore have similar fire resiliency properties as coast live oaks and valley oaks. Staff can confirm that walnuts and sycamores have similar properties to oak trees that make them good trees for high fire areas. All the scientific literature reviews and the Fire Department endorse them as trees that are good for a fire-wise landscape. The two species are allowed in Los Angeles County Fuel Modification Zone B, which is the fuel modification zone that extends 30-100 feet from structures.

FISCAL IMPACT

Staff anticipated the expenditure of funds related to the Oak Tree Ordinance Amendment and allocated funds to the Planning Division's contract services account for the 2024-25 and 2025-26 Fiscal Years related to the amendment. The project is currently on or under budget and there are no anticipated impacts to the 2025-26 Budget.

RECOMMENDATION

Staff respectfully recommends the City Council discuss the proposed Planning Principles and provide staff with general direction regarding the goals and objectives of the Oak Tree Ordinance Amendment.

Attachments

[Draft Planning Principles - Oak Tree Ordinance Update.pdf](#)

Draft Planning Principles - Oak Tree Ordinance Update			
	Ordinance Issue Areas	Description	Proposed Planning Principles
1	Consistency and Consolidation	<p>The City's oak tree regulations live in multiple locations of the AHMC. The Oak Tree Preservation Guidelines live in AHMC Section 9657, and separate Oak Tree Preservation Guidelines are in Appendix A of the AHMC. Additionally, there are separate oak tree permit requirements for affordable housing developments and Senate Bill 9 developments that live in the Affordable Housing Overlay District standards, the Objective Design Standards, and Senate Bill 9 standards respectively.</p> <p>With oak tree permit requirements living in at least five different locations of the AHMC, it is often confusing for applicants to understand which regulations apply. Additionally, in some instances, the Oak Tree Preservation Guidelines in AHMC Section 9657 conflict with the guidelines in Appendix A. For example, replacement requirements are inconsistent, and permit requirement thresholds are not straightforward.</p> <p>Lastly, the Oak Tree Preservation Guidelines in Appendix A are unnecessarily long, and few applicants read them in their entirety. The Ordinance should be consolidated, and should be organized to follow the logical process of applying for an oak tree permit.</p>	<p><u>Planning Principle # 1</u></p> <p><u>Ensure internal consistency and consolidate all oak tree regulations into one area of the code. Re-organize the information in a way that is easy to read and provides clarity for the public and staff.</u></p>
2	Too Punitive, With No Incentives	<p>The current oak tree regulations aim to protect oak trees through permit and development restrictions and punitive action, with little or no incentives to plant new oak trees. This has inevitably led property owners to be less willing to plant new oak trees on their property out of fear of future repercussions or restrictions. Punitive oak tree regulations may deter property owners from removing existing oak trees on an individual basis, however, it may also dissuade property owners from planting new oak trees on their property in the first place. For this reason, it is difficult to know whether the current protections actually result in a net increase or decrease in total oak tree canopy throughout the City if you take into consideration the property owners that actively avoid the planting of new oak trees.</p> <p>Staff would like to explore ways to reduce the burden of oak tree regulations on property with existing development, particularly single-family homeowners, and incentivize the planting of new oak trees, while maintaining replacement and design requirements for new development. Additionally, the Ordinance should clearly define “Heritage Oak Trees”, and we should provide greater protections for those trees. Staff would like to explore property owner incentives for maintaining those trees and designing new projects around them.</p>	<p><u>Planning Principle # 2</u></p> <p><u>Reimagine ways to encourage the planting of new oak trees and reduce the cost burden of oak trees on property owners. There should be a good balance between incentives and protections, with enough flexibility to not discourage new plantings. Clearly define “Heritage Oak Trees” and provide greater protections for those heritage oaks. Provide incentives for properties that celebrate and maintain them.</u></p>
3	Difficult to Enforce	<p>City Code Enforcement staff currently struggles with the enforcement of oak tree regulations, specifically with illegal removals and the appropriate mitigatory remedies, as the process is mostly subjective and based upon the opinion of a certified arborist, who is usually employed by the violator. This often, if not always, results in disputes over the value of removed oak trees between the violator's arborist and the City (and our Oak Tree Consultant by extension). These disputes are extremely costly for the City in terms of staff time and consultant time spent, and do not lead to an efficient resolution of violations, or speedy replacement of lost oak trees and habitat. Having clear, objective enforcement remedies in the case of unpermitted work will benefit the City, its residents, and the violator.</p> <p>In many cases, the violators are actually tree trimming service companies. Establishing a registration process where tree trimming companies can become certified by the City would be a good, relatively low-cost option to encourage compliance and dissuade bad actors. The City's Oak Tree Consultant could provide periodic trainings to applicants about City regulations and best practices, and revoke certifications for compliance issues.</p>	<p><u>Planning Principle # 3</u></p> <p><u>Provide for clear and objective enforcement remedies and flexible replacement options. Explore options to dissuade bad actors and encourage compliance, particularly with tree trimming companies, potentially by establishing and enforcing company registrations for oak tree trimming.</u></p>
4	Limited Space for Large Oaks	<p>There have been many instances where a property owner needs to remove an oak tree for legitimate reasons but has nowhere to plant the required mitigation trees on the property. Those owners have historically been required to contract with the Mountains Recreation and Conservation Authority (MRCA) to plant off-site mitigation trees or pay an in-lieu fee to the City based on the assessed value of the tree. These are expensive options and are sometimes not feasible for single-family homeowners.</p> <p>Additionally, staff has been informed that MRCA may no longer be accepting mitigation trees. For these reasons, staff would like to pursue the creation of a mitigation bank on City-owned property or provide other options for mitigation through local planting partnerships and oak tree reimbursement programs that would provide free oak saplings or box trees to local homeowners, paid for by oak tree mitigation funds.</p>	<p><u>Planning Principle # 4</u></p> <p><u>Explore alternative mitigation strategies for instances where on-site replacements are not feasible. Examples may include the creation of a mitigation bank on City-owned property, establishing local planting partnerships with non-profits or local nurseries, or creating an oak tree reimbursement program.</u></p>
5	Unclear and Impractical Requirements	<p>The current oak tree regulations have some unclear compliance thresholds. For example, the current regulations limit oak tree impacts by requiring property owners or applicants to assess the estimated tree canopy/root structure removal for overall sites, as well as individual trees. The general limit is 10% canopy/root structure removal for the overall site and 20% crown/root structure removal for individual trees. To assess root structure removal, the City requires arborists to include percent Tree Protection Zone (TPZ) encroachment for individual trees and overall sites in their oak tree reports. However, TPZ encroachment and root structure removal are not the same thing. Furthermore, the regulations are unclear if the 10% - 20% limit is for canopy AND root structure, or canopy OR root structure, and they also do not specify what happens if a project surpasses impact limits. What happens if a project does surpass impact limits? This question has left the City in a position where staff must interpret the intent of the oak tree regulations on a case-by-case basis.</p> <p>The Ordinance also contains some impractical thresholds. One example is that an Oak Tree Report prepared by certified arborist is required for simple pruning permits. Oak Tree Reports contain a lot of information, are very expensive, and could be required every 1-2 years in some instances. For a single-family homeowner, obtaining a permit could be cost prohibitive. In instances of general pruning, photographs of the tree with recommended cut locations or a field visit by the City's arborist could suffice rather than requiring the preparation of an oak tree report.</p>	<p><u>Planning Principle # 5</u></p> <p><u>Create clear and objective application requirements and compliance thresholds for all types of oak tree permit applications and streamline the application process for general pruning permits.</u></p>
6	Other Tree Species	<p>While it is not technically an “issue” with the current Ordinance, staff has received numerous inquiries from the public about why we only protect oak trees, and if we have considered protecting other types of trees that are native to the City. Dudek provided City staff with recommendations for other tree species to consider protecting based on several different factors. The native tree species and factors used to consider for inclusion in the Ordinance are below.</p> <p><u>Native Tree Species Considered for Inclusion</u></p> <ul style="list-style-type: none"> • Madrone (arbutus menziesii) • Southern California black walnut (juglans californica) • California sycamore (platanus racemosa) • Fremont cottonwood (populus fremontii) • Red willow (salix laevigata) • Pacific willow (salix lasiandra) • California bay laurel (umbellularia californica) <p><u>Factors Used for Recommendation</u></p> <ul style="list-style-type: none"> • Likelihood of impact from development • Frequency in natural setting • Frequency in urban landscape • Ecological area • Water usage • Potential size at maturity • Consistency with the City’s Climate Action Plan <p>Based on the above factors, staff only recommends that we consider the protection of two additional tree species; 1) the Southern California black walnut; and 2) the California sycamore.</p>	<p><u>Planning Principle # 6</u></p> <p><u>Evaluate community interest in protecting other types of trees within the City, particularly the California sycamore and the Southern California black walnut. Include protections and/or incentives for these species if public opinion is favorable.</u></p>
