4A. OVERVIEW OF FISCAL YEAR 2024-2025 COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROPOSALS

Ms. Sarabeth Suarez, Housing and CDBG Analyst, stated that the City received 11 CDBG proposals for FY 2024-2025 totaling \$967,874. CDBG applicants will each have five minutes to present their funding request for the Committee's consideration. Committee Members may ask the applicants questions after each presentation.

5: COMMUNITY DEVELOPMENT BLOCK GRANT FUNDING PROPOSALS

5A. COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROGRAM ADMINISTRATION

Ms. Suarez presented the City's request for \$138,000 for staff salaries and benefits, contractual services, and maintenance and operational costs for the Community Development Block Grant (CDBG) program administration. The City of Buena Park has received the CDBG allocation from the U.S. Department of Housing and Urban Development (HUD) for the past 49 years. In order to continue receiving this grant, CDBG program staff ensure that the City is in compliance with regulations and requirements as set by HUD. CDBG program administration includes planning and submitting required reports to HUD, coordinating public meetings, working with grant sub-recipients, attending HUD trainings, communicating with HUD representatives, preparing for HUD audits and monitoring the overall use of CDBG funds.

5B. RESIDENTIAL REHABILITATION PROGRAM ADMINISTRATION AND LOANS

Ms. Suarez presented the request for \$232,532 for Residential Rehabilitation program administration which includes staff salaries, benefits, and maintenance and operational costs. The amount of \$220,000 is requested for residential rehabilitation loans. The purpose of the Residential Rehabilitation Program is to make home improvement affordable. HUD prioritizes and encourages the use of CDBG funds for housing activities such as residential rehabilitation to make it possible for low income families to address necessary home repairs such as replacing a leaky roof, installing a new water heater, repairing unsafe electrical wiring, installing ADA accessibility features like ramps and grab bars, lead paint remediation, energy efficient windows and other improvements. The Program offers deferred loans of \$60,000 at 1% interest for low-income homeowners. The loan is deferred for 30 years or until the property is sold, transfers title, or a cash-out refinance. The Senior Code Enforcement Relief Program (SCERP) is an extension of the Residential Rehabilitation program meant to assist very low income senior residents to correct outstanding code violations that need immediate attention. Seniors may be eligible to receive a forgivable loan up to \$15,000 at 0% interest if they are referred to the

program by Code Enforcement staff.

Ms. Suarez clarified that the funding request includes a portion of the Senior Outreach Program Coordinator's salary to assist with program administration. Program administration includes maintaining the program waitlist, advertising the program, providing application assistance, construction management, income qualifying and loan servicing.

5C. SENIOR OUTREACH PROGRAM

Ms. Michelle Noriega, Community Outreach Coordinator, presented the request for funding in the amount of \$17,480 for a portion of salary and benefits to assist with Residential Rehabilitation program administration. Ms. Noriega collaborates with Economic Development to assist seniors with completing applications and obtaining documents for the Program. She may visit them at their home to assist with gathering the required documents and completing the program application. She also assists with applications for food stamps, and veteran's services. Seniors are also provided social and health service resources, and referrals for affordable housing. Ms. Noriega stated that she takes part in all City-wide community events and that is where she promotes the Residential Rehabilitation program by distributing brochures at those events.

5D. NEIGHBORHOOD IMPROVEMENT / CODE ENFORCEMENT

Mr. Mario Camacho, Code Enforcement Supervisor, presented the request for \$229,722 for a portion of salaries, benefits, and maintenance, and operational costs for the Code Enforcement Program. Code Enforcement officers proactively address quality of life issues, nuisances, violations of health and safety, and land issues on private property. They are responsible for investigations regarding garage conversions, substandard housing, overcrowding, abandoned properties, hoarding issues, hazardous buildings, illegal dumping, and outdoor storage within HUD eligible low-income census tracts. The program also assists seniors by referring them to the City's SCERP to rectify code violations.

5E. GRAFFITI REMOVAL PROGRAM

Mr. Nino Libunao, Facility and Parks Superintendent, presented the request for \$22,930 for part-time staff salary costs to address the graffiti issues in CDBG eligible areas of the City. These funds supplement part-time staff salaries and materials in order to respond to the vast majority of graffiti calls within the low-income census tracts of the City of Buena Park. The goal is to remove most graffiti within 48 hours by a graffiti crew following a reported graffiti instance. Photos of the vandalized areas are downloaded to the countywide taggers software maintained by a law enforcement database.

5F. SENIOR TRANSPORTATION PROGRAM

Ms. Veronica Gilliam, Transportation Coordinator, presented the program request for \$33,690 to fund a part-time bus driver's salary, benefits, and cell phone costs. She explained that the Senior Transportation Program has operated for 33 years and provides round-trip transportation to non-emergency medical appointments for senior residents. Participants must be over the age of 60 and there is a suggested donation of \$1 each way, however, no one is denied transportation for the inability to pay. The program also provides trips to the senior

center, grocery store, and the pharmacy allowing seniors access to basic necessities and services. Travel is limited to four miles outside of the Buena Park city limits. The Senior Transportation Program enables Buena Park seniors to maintain a life style to encourage their independence, dignity, and well-being.

5G. HOMELESS OUTREACH PROGRAM

Ms. Rosemary Nielsen, Community Services Coordinator, discussed the Homeless Outreach Program indicating that the funding amount of \$20,000 will be used for emergency shelter, relocation expenses, transitional program fees, emergency supplies, staff training, and local transportation. Ms. Nielsen stated that most homeless clients have social service and medical needs, and therefore, it is essential to provide transportation to these appointments. Motel voucher assistance is very important to ensure that families with children can be placed immediately into a safe environment. The program may also assist individuals by reuniting them with their families or referring them to available shelters

5H. FAIR HOUSING FOUNDATION

Ms. Stella Verdeja, Executive Director, Fair Housing Foundation (FHF), presented the request for \$16,000 to provide fair housing services. The proposed funding will be used for their staff salaries and benefits and other program related costs directly tied to the assistance provided to Buena Park residents. Fair Housing Foundation's mission is dedicated to eliminating discrimination in housing and promoting access to housing choices for all. They monitor and investigate unlawful discrimination and complaints in housing and a variety of other services, including landlord/tenant counseling and mediation. They offer outreach workshops to Buena Park tenants and landlords on-line and in-person.

5I. BOYS AND GIRLS CLUB OF BUENA PARK

Mr. Todd Trout, Chief Executive Officer, Boys and Girls Club of Buena Park, presented the request of \$10,000 for reimbursement of utility costs to operate the Boys and Girls Club. The Boys and Girls Club has been operating in the City of Buena Park for 76 years. Mr. Trout highlighted the club's accomplishments stating that they provide a positive after-school environment promoting character and leadership development, education and career development, health and life skills, arts, sports, fitness, and recreation for youth children from 4 to 18 years of age for a nominal fee, but no children are turned away for the inability to pay.

5J. MERCY HOUSING LIVING CENTERS

Ms. Lisa Scarci, Development Manager, Mercy House Living Centers, presented the request of \$30,000 to provide a portion of the cost for security guards at the Buena Park Navigation Center. The Navigation Center has 149 beds for adults with 24-hour access to shelter and ongoing supportive services. Entry into the facility is by referral only from the Police Department or Buena Park's Homeless Outreach Team. Upon entry, individuals are connected one-on-one to a Housing Navigation Specialist who works with the program participant to create a housing and employment plan. By funding a portion of the cost to have on-site security guards, Mercy House may continue providing these services in a safe manner for guests, staff, volunteers, and residents living in the surrounding areas.

5K. FRIENDLY CENTER

Jessica Ruelas, Executive Director, Friendly Center presented the request of \$15,000 to provide free community resources and support to low-income residents. They offer stability programs, which encompass food distribution, case management, mental health counseling, utility and rental assistance, and other referral services. Additionally, they offer programs such as after-school tutoring, job development assistance, financial literacy workshops. The Friendly Center lists services, events, and social media on their website. Ms. Ruelas closed by stating that with the CDBG funding, they will be able to serve approximately 618 unduplicated residents.

7: DISCUSSION AND ACTION ITEMS

7A. CDBG COMMITTEE MEMBER SITE VISIT REPORTS:

Chairman Solorzano invited the Committee Members to report on their site visits.

Committee members made comments regarding their site visits and commended the funding applicants for their informative presentations. With no further comments, Chairman Solorzano moved onto the next item to discuss their funding recommendation.

7B. DISCUSSION OF THE FISCAL YEAR 2024-2025 CDBG FUNDING RECOMMENDATION:

Ms. Suarez explained that the purpose of the CDBG Committee is to encourage public input and to develop a CDBG budget recommendation for City Council's consideration before the CDBG budget may be approved and incorporated into the City's Annual Action Plan. CDBG staff conducts a thorough analysis of each request, which considers funding availability, program impact, program performance records, and previous grant awards to prepare a budget recommendation for the Committee's consideration. The Committee may move to approve staff's recommendation as listed on the budget matrix or make appropriate adjustments for their budget recommendation.

Discussion ensued regarding staff's budget recommendation. Committee Members initially wanted to lower staff's funding recommendation for Fair Housing Foundation and give more funding to public services. Ms. Suarez clarified that decreasing Fair Housing Foundation's funding would not allow them to give more funding to public services due to the funding caps set by HUD. Furthermore, fair housing services are required by HUD and Fair Housing Foundation has always shown good performance in assisting Buena Park residents.

In response to Vice-Chair Kanda's request to increase funding to Graffiti Removal, Mr. Foulkes clarified that additional funding would not increase staff's salary.

Chairman Solorzano stated that transferring such small amounts from Fair Housing Foundation and Graffiti Removal programs would not be enough to make a difference in light of the funding they already receive from other sources. In addition, increasing funding for one would decrease funding for another public service organization.

Following the discussion, a motion was made by Chairman Solorzano and seconded by Committee Member De La Luz to approve the budget for Fiscal Year (FY) 2024-2025 as recommended by staff.

DISCUSSION

The City of Buena Park is an entitlement city that receives an annual Community Development Block Grant (CDBG) allocation from the U.S. Department of Housing and Urban Development (HUD). The City may use CDBG funds for activities that provide decent housing, a suitable living environment, or expand economic opportunities for low-income residents.

All CDBG funded activities must meet one of the following national objectives:

- Benefit low- and moderate-income individuals
- Aid in the prevention or elimination of slums or blight
- Meet a need having a particular urgency (e.g. Disaster relief, etc.)

Public Services and Planning Administration costs must not exceed the following caps:

- 15% of the current year allocation for all Public Service activities
- 20% of the current year allocation for all Planning and Administration activities

As required by HUD, the City must prepare a Consolidated Plan (ConPlan) identifying its 5-year strategies to address affordable housing, homelessness, public improvements, public services, public facilities, and economic development. The plan also identifies specific goals, outcomes, and activities that the City can implement over the 5-year period to meet plan objectives.

The current FY 2020-2024 ConPlan expires at the end of this fiscal year, therefore, a new ConPlan must be prepared for the next 5 years. The FY 2025-2029 ConPlan is being developed using research, data collection, and community input from Buena Park residents, non-profit organization, and other community stakeholders. Additionally, the City will prepare an Annual Action Plan, which is a yearly component of the ConPlan and serves as the City's 1-year expenditure plan for the use of CDBG funds. Once the plans are prepared, they will be available for public review during a 30-day comment period, then presented to City Council for approval, and finally submitted to HUD.

Organization Name: **Fair Housing Foundation**

Program Name: **Fair Housing Services**

Estimated Goal: **170 Households**

Funding Request: **\$16,000**

Organization Purpose:

Fair Housing Foundation has successfully provided fair housing services to Buena Park residents for over ten (10) years. ELIGIBILITY DOCUMENTATION

If the proposed activity is a public service, describe what form of documentation will be collected to demonstrate that at least 70% of persons served are low- and moderate-income, as required by HUD, and a minimum of 20% are Buena Park residents. (Please attach a copy of the activity's client intake/application/registration form)

All services provided within the Fair Housing Program are available to all residents, home-seekers, and housing providers in the City of Buena Park.

However, FHF does receive and verify income as required. For Landlord/Tenant direct client services, this information is required and maintained in our Case Management database, including household size, income amount, and income level. The annual HUD income standards are changed on the back end of the database every year. For every bonafide fair housing case opened, a narrative of the income information provided by the client is included in the Complaint Narrative. The Complaint Narrative is a declaration of the alleged discrimination as well as the income information provided. The client is required to review and sign the Complaint Narrative as complete and accurate. If required, FHF will request and provide supporting documents.

For tenant landlord inquiries, this above information is requested from every client and taken as factual. For fair housing cases, this information, as well as the additional required information for the City, is included in the Complaint Narrative. The Complaint Narrative is a declaration of the alleged discrimination and income statement. Once the intake is completed, the Complaint Narrative is printed, mailed to the clients, signed, returned to our office, and inserted into the file.

Therefore, the data provided to the City will illustrate that a minimum of 75%, although in 2023-2024 the actual represented 96% of those provided with direct client services were extremely-low, very-low, and low-income households.

OUTCOME PERFORMANCE MEASUREMENT SYSTEM

[24 CFR 570.200(a), 570.201-570.208, 570.503]

Please indicate the activity's Objective, Outcome, Outcome Statement, Purpose, and indicators that will be used to measure, track and report performance. Refer to the instructions on Page 5 through Page 7 of the RFP.

A. Select one Objective:

- ☒ Suitable Living Environment
☐ Decent Affordable Housing
☐ Economic Opportunities

B. Select one Outcome:

- ☐ Availability/Accessibility
☐ Affordability
☒ Sustainability

C. Using the following formula, provide the activity's Purpose:

Purpose = Output + Outcome Statement + Activity

One hundred and ninety (155) households will have access to general housing counseling, unlawful detainer assistance and mediations for the purpose of creating a suitable living environment.

Ten (15) households will have access to fair housing discrimination counseling, bonafide case intake, and resolution for the purpose of creating a suitable living environment.

Three Hundred (400) individuals will have access to general housing and housing discrimination education through the activities conducted in the City for the purpose of creating a suitable living environment.

D. Identify the common, specific, and/or other indicators for the activity

a. Common Indicators

FHF will report on the number of households assisted, income levels, racial/ethnic and disability categories on a monthly, quarterly, and annual basis.

b. Specific Indicators

FHF will report on the number of persons assisted with new and or improved access to FHF's Fair Housing Program.

c. Other Indicators

FHF utilizes four (4) main forms to ensure outcomes and objectives are specific and measurable. All forms are used on an ongoing basis to evaluate the effectiveness of our programs and to ensure that the outcomes and objectives are achieved.

The first is an extensive Fair Housing Case Management database. This database captures everything pertaining to a client including dates, addresses, contact information, household size, source of income, amount of income, gender, race, and female head of household. Every client is entered into this database and generates reports specific to each city enabling accurate reporting to HUD. The reports generated by this application are both in statistical and narrative formats. This database provides monthly reports used at the monthly achievements and requirements staff meeting to ensure contract compliance and achievement of outcomes.

The second is the Education and Outreach database. It captures the date, time, staff, list of attendees, address, and a narrative of each and every education and outreach activity conducted. The number of persons in attendance, and the pieces of literature distributed. The reports generated are in the narrative format. This database provides monthly reports used at the monthly achievements and requirements staff meeting to ensure contract compliance, achievement of outcomes, as well as reports on future scheduled activities.

The third in 2010 FHF developed a Program Outcome Based Analysis Reporting Tool (POBART). POBART is tool put into place to assist FHF to track and monitor activities, inputs, and outputs. The POBART is used annually within each department to review the effectiveness of each type of education and outreach activity. The result may include revising the activity to increase attendance or effectiveness or even revamping the entire activity to meet a need not currently being addressed.

The fourth is our relationship and communication with City staff. The open communication between City staff and consultants with FHF staff in general but primarily directly with the Executive Director ensures the success of FHF's Fair Housing Program for the City. It is only with this level of communication that FHF can be kept abreast of the needs and expectations of the City. Because FHF brings our services to the City, we are in the exceptional position of not just working for the City but working with the City.

All four forms are used continuously to adapt, improve, and increase the effectiveness of our entire Fair Housing Program

Dear Sir or Madam:

This is in response to the amendment to your organization's Articles of Incorporation filed with the state on June 22, 2000. We have updated our records to reflect those changes and revised your name as indicated above.

Our records indicate that a determination letter issued in December 1965 granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in section 509(a)(2).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$20 a day, up to a maximum of \$10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Fair Housing Foundation
95-6122678

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

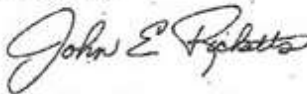

The law requires you to make your organization's annual return available for public inspection without charge for three years after the due date of the return. If your organization had a copy of its application for recognition of exemption on July 15, 1987, it is also required to make available for public inspection a copy of the exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. You can charge only a reasonable fee for reproduction and actual postage costs for the copied materials. The law does not require you to provide copies of public inspection documents that are widely available, such as by posting them on the Internet (World Wide Web). You may be liable for a penalty of \$20 a day for each day you do not make these documents available for public inspection (up to a maximum of \$10,000 in the case of an annual return).

Because this letter could help resolve any questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization's exempt status.

Sincerely,

John E. Ricketts, Director, TE/GE

2025-2026 Community Development Block Grant (CDBG)

Funding Proposal Summary Sheet

Organization Name: **City of Buena Park
Community & Economic Development Department**

Program Name: **Residential Rehabilitation Program
Administration/Senior Outreach and Loans**

Estimated Goal: **10 Households/2,000 Seniors**

Funding Request: **\$249,000 – Program Administration/Senior Outreach
\$250,000 – Residential Rehabilitation Loans**

Organization Purpose:

The City of Buena Park Residential Rehabilitation Program (Program) offers low interest loans to low- and moderate- income residents to rehabilitate their home and make necessary repairs to comply with local and State health and safety regulations. The proposal includes program administration, senior outreach, and funding for loans. City staff administers the program to ensure that projects adhere to City guidelines and the requirements set by the U.S. Department of Housing & Urban Development (HUD), provide loan servicing for outstanding loans, and provide senior outreach to facilitate the application process for participating seniors.

Description of Request:

CDBG funds will be used for Program administration and deferred loans. Program administration includes staff salaries and benefits, contractual services fees, operation costs, and supplies.

Funds will also be used to provide deferred home improvement loans of \$60,000 at one percent (1%) to qualified residents. A forgivable loan up to \$15,000 is also available to very low income seniors to abate outstanding code enforcement violations.

Analysis of Request:

The project meets the national objective of benefiting low- and moderate- income households. The majority of residential structures in Buena Park are over 50 years old and require new plumbing, electrical systems, roofs and other essential components of a structure that require maintenance and/or replacement to provide a safe and healthy living environment for its occupants. Many low- and moderate-income individuals are unable to fund these improvements and repairs without financial assistance. This program is effective in improving the quality of the City's housing stock and increasing its aesthetic appeal as a whole.

Funding Recommendation:

Staff recommends funding in the amount of **\$245,000** for Program Administration/Senior Outreach and **\$250,000** for Residential Rehabilitation Loans.

Please answer the following questions completely. If any questions are left unanswered, your application will not be considered. You may attach additional sheets and/or supporting materials as needed.

The loan becomes due and payable after 30 years or upon transfer of title, sale, or cash-out refinance of the property. Eligible improvements may include replacing a dilapidated roof, installing new windows, lead paint abatement, ADA accessibility modifications, new flooring, plumbing repair, interior and exterior painting, and other health and safety upgrades to the home. Eligible households must have a total gross annual income that does not exceed eighty percent (80%) of the Orange County Area Median Income (AMI), a limit that is annually published by HUD.</p> <p>Additionally, senior residents (Age 55+) may be referred by the Neighborhood Improvement/Code Enforcement Program to apply for a forgivable loan up to \$15,000 through the Senior Code Enforcement Relief Program (SCERP) to rectify existing health and safety code violations in their home. For the SCERP, seniors' annual gross income must not exceed fifty percent (50%) AMI. This program is essential to the City of Buena Park because it makes home improvement possible for low-income residents and beautifies the City one project at a time.</p> <p>The funds being requested will be used to supply deferred and forgivable loans and finance program administration costs such as staff salaries and benefits, contractual services, office supplies, and other expenses directly related to the program. Program staff work closely with the homeowners to gather required documents and complete the program application, conduct site visits of the properties, develop their desired scope of work, prepare environmental reports, consult with the State Historic Preservation Office, coordinate with contractors for bids, prepare contracts and loan documents, maintain the program waiting list, provide loan servicing, attend trainings held by the Department of Housing & Urban Development (HUD), manage the program budget, and advertise the program through social media and outdoor signage.</p>

This goal is determined by considering the average number of families the City has assisted in previous program years and the funding available for fiscal year 2025-2026.</p> <p>The target population for this program are low-income owner-occupied households in Buena Park. In order to reach this target population, staff will advertise the program on the City website, the City's social media accounts, work with Code Enforcement to refer the program to seniors that have outstanding code violations, and post program lawn signs on completed projects to advertise to the surrounding neighborhood. Additionally, program staff are available to answer questions about the program in a variety of languages as needed.</p> <p>The Residential Rehabilitation Program is essential to the Buena Park community because it enables low-income families to make necessary interior and exterior modifications to their home, which improves their living conditions while increasing the value of their surrounding neighborhoods.</p>

In order to qualify for a loan, homeowners must submit a completed program application and income documents such as bank statements, pay-stubs, and taxes, to demonstrate that their total gross household income is under 80% of HUD's area median income (AMI) for Orange County. Program staff ensure that program beneficiaries are income qualified by thoroughly reviewing each application and supporting documents before approving a project.</p> <p>The loan is affordable due to its 1% annual interest rate and deferred payments for 30 years. These loan terms aim to encourage low-income homeowners to apply for a loan, which they may not be able to obtain from other lenders.</p>

1	<p style="text-align: center;">ACTIVITY DESCRIPTION [24 CFR 570.200(a), 570.201-570.208, 570.503]</p> <p>Describe the proposed activity, including services to be provided and goals to be accomplished.</p> <ul style="list-style-type: none"> • Why is there a need for this activity in the City of Buena Park? • Identify the location of the activity and the service area boundaries. • Describe specifically the intended use of the CDBG funds. <p>The Senior Outreach program in Buena Park seeks continued funding to maintain and expand its vital community services to older adults. This comprehensive program serves as an essential lifeline for the senior population, with particular emphasis on supporting low-income older adults.. The Senior Outreach program is specifically tailored to meet the needs of seniors, many of whom are low-income individuals seeking valuable programs and services that improve their quality of life. We offer a comprehensive range of human services, including assistance with Medicare/Medical insurance, housing, mental health, hoarding, social interaction, education, and isolation prevention. Our mission is to build a bridge of education and resources, connecting the residents of Buena Park with the support they need to thrive.</p>
2	<p style="text-align: center;">TARGET POPULATION [24 CFR 570.200(a), 570.201-570.208, 570.503]</p> <p>Describe the target population for this activity and the number of estimated unduplicated Buena Park residents to be served from July 1, 2025 through June 30, 2026.</p> <ul style="list-style-type: none"> • How was the estimated number of clients determined? • How will you reach your target population? • Explain why this activity is needed for this target population. <p>The Senior Outreach Program serves as a vital lifeline for Buena Park residents aged 60 and above, providing essential guidance through the complex network of service agencies at county, state, and federal levels. Based on historical data analysis within our senior center, we project serving 1,200 Buena Park residents through outreach efforts and community events. This service has become increasingly critical as government agencies transition to online platforms, creating significant barriers for seniors attempting to access essential services. Many older adults find these digital systems challenging to navigate independently, making our program's personalized assistance invaluable. Beyond technical support, our program serves as a crucial safety net for vulnerable seniors, particularly those who have experienced the loss of a spouse or partner. We provide comprehensive support to help these individuals maintain stable housing and protect them from predatory scams that often target the elderly population.</p>

The Senior Outreach program aims to serve 1,200 Buena Park seniors within our community. This target number is based on data collected from participation in exercise classes, lunch programs, transportation, and activities offered at the center. This program is of great importance, as many seniors are unaware of the wide array of services they are eligible for. **City of Buena Park
2025-2026 Community Development Block Grant (CDBG)**

Funding Proposal Summary Sheet

Organization Name: **City of Buena Park
Community & Economic Development Department**

Program Name: **Neighborhood Improvement/Code Enforcement**

Estimated Goal: **875 Households**

Funding Request: **\$229,722**

Organization Purpose:

The Neighborhood Improvement/Code Enforcement Program identifies and responds to building and safety issues in residential and commercial areas to protect residents from living in substandard and unsafe conditions. Code Enforcement Officers work with residents to rectify code violations through verbal and written communication, site visits, and by referring them to the City's Residential Rehabilitation Program and Senior Code Enforcement Relief Program.

Description of Request:

CDBG funds will be used for a portion of staff salaries and benefits for the Neighborhood Improvement/Code Enforcement Program, which includes the Code Enforcement Supervisor, four Code Enforcement Officers, an administrative assistant, and a part time office assistant. The amount of funding requested will maintain the current level of service needed to improve living conditions for those residing within the CDBG eligible census tracts.

Analysis of Request:

The project meets the national objectives of benefiting low- and moderate- income areas and aiding in the prevention or elimination of slums or blight. The program's funding is limited to staff time spent on code enforcement cases within the City's low- and moderate-income census tracts.

Code enforcement investigates cases involving garage conversions, overcrowding, substandard housing, hazardous buildings, illegal dumping, illegal structures, etc. The Neighborhood Improvement/Code Enforcement Program has been highly successful by proactively and reactively identifying and cleaning-up many blighted buildings in the low- and moderate-income areas. It is also an effective method of reducing and preventing the overall deterioration of Buena Park's neighborhoods.

Funding Recommendation:

Staff recommends funding in the amount of **\$225,000**.

2,000 Graffiti Instances**

Funding Request: **\$22,930**

Organization Name: **City of Buena Park Community Services Department**

Program Name: **Senior Transportation Program**

Estimated Goal: **350 Individuals**

Funding Request: **\$40,037**

Organization Purpose:

The Senior Transportation Program provides senior Buena Park residents with transportation to non-emergency medical appointments, pharmacies, grocery stores, and the Buena Park Senior Center.

Description of Request:

CDBG funds will be used for three part-time drivers' salaries and benefits and cell phone expenses.

Analysis of Request:

The project meets the national objective of benefiting low- and moderate- income individuals, specifically low-income seniors. The program meets an underserved need within the City because many seniors are unable to access other public transportation, do not qualify for Orange County Transportation Authority (OCTA) access service, or drive their own vehicle.

Funding Recommendation:

Staff recommends funding in the amount of **\$27,600**.

Please answer the following questions completely. If any questions are left unanswered, your application will not be considered. You may attach additional sheets and/or supporting materials as needed.

1	<p style="text-align: center;">ACTIVITY DESCRIPTION [24 CFR 570.200(a), 570.201-570.208, 570.503]</p> <p>Describe the proposed activity, including services to be provided and goals to be accomplished.</p> <ul style="list-style-type: none"> • Why is there a need for this activity in the City of Buena Park? • Identify the location of the activity and the service area boundaries. • Describe specifically the intended use of the CDBG funds. <p>The Senior and Non-Emergency Medical Transportation Program offers vital mobility services to Buena Park's senior community through a comprehensive transportation solution. This essential service provides a dedicated driver and a vehicle to transport senior citizens aged 60 and older from their residences to the Buena Park Senior Center at no cost to eligible residents. Additionally, the program extends its services to include round-trip transportation for medical needs, including doctor appointments, dental visits, hospital services, and pharmacy stops, all within a three-mile radius of Buena Park's boundaries. While these medical transportation services carry a nominal fee of USD 1.00 each way, the program maintains its commitment to accessibility by ensuring that no senior is denied service due to financial constraints. This transportation initiative serves as a crucial support system, enabling Buena Park's senior residents to maintain their independence and access to essential healthcare services while remaining connected to their community through the Senior Center.</p>
2	<p style="text-align: center;">TARGET POPULATION [24 CFR 570.200(a), 570.201-570.208, 570.503]</p> <p>Describe the target population for this activity and the number of estimated unduplicated Buena Park residents to be served from July 1, 2025 through June 30, 2026.</p> <ul style="list-style-type: none"> • How was the estimated number of clients determined? • How will you reach your target population? • Explain why this activity is needed for this target population. <p>The target population is Buena Park Residents 60 years of age or older who need assistance with transportation to and from doctors' appointments, pharmacy, and essential grocery shopping with a targeted goal of 350 seniors within the fiscal year. The estimated number of clients were determined by averaging the number of ridership applications we receive weekly. We will reach our target by continuously advertising to promote the program. In addition, we will be delivered to senior living facilities, senior apartments and medical offices. Furthermore, the program is also advertised in the City's Quarterly publication and a monthly newsletter. Many seniors do not have reliable transportation or the ability to drive and public transportation may not be appropriate as it can be confusing. This program operates with full accessibility to Buena Park seniors with trained courteous staff.</p>

As a result of a seniors's inability or difficulty obtaining transportation, seniors often delay or neglect to make necessary and critical appointments with their health care provider. This often results in turning minor health problems into major costly ones. Transportation will also be provided for seniors to pick up prescriptions, attend dental appointments and receive flu shots.</p> <p>Providing transportation for seniors to the Senior Activity Center ultimately enhances their quality of life, foster social interaction, independence and self-determination for Buena Park residents over the age of 60. This includes trips to the grocery store, transportation to the senior center for special appointments such as Medicare counseling and support counseling with outreach groups. Many frail elderly residents are unable to access public transportation services, they don't qualify for OCTA ACCESS service, and they do not drive or own a vehicle.</p>

I, _____, agree to the following guidelines in order to be an active participant in the program.

Below is a review of the basic rules of utilizing the Transportation Program, initial each statement:

_____ I will call The Senior Center to schedule an appointment for my pick up days to and from The Senior Center and/or medical/non-medical appointments 2 weeks in advance. I understand all pickups and returns are on a first come, first served basis and availability.

_____ I understand that when using The Transportation Program for Medical purposes, and need on-going treatment that Transportation Program will "attempt" but not guarantee to accommodate my appointments for a 6-week period. After that period of time, I will need to make other arrangements for transportation.

_____ I understand that any cancellation with the ST*R transportation is my responsibility, and I will contact the Senior Activity Center in a 24hr notice. The Senior Activity Center is open Monday –Friday from 7:30 a.m. – 5:30 p.m.

_____ I will provide the transportation Coordinator with name, address and phone number of my doctor, dentist, pharmacy, and emergency contact information. I understand if this information is not provided, my ride will not be accommodated.

_____ I understand that the program assists Buena Park residents over the age of 60 who want to come to the senior activity center or for grocery shopping within the city limits, or for non-emergency medical transportation within three road miles (driving) of the city limits, and have no other means of transportation.

_____ I understand the non-compliance with these guide lines may jeopardize my continued participation in this program

_____ It is my responsibility to be ready for pick up at the arranged time. **Three strike rule – if the driver shows up three times and I am not ready or forgot to inform the senior activity center that I would not be coming – I will be put on probation. A fourth time and I will be off the program for four weeks. If it happens again, I will be out of the program.**

_____ There is a large waiting list to utilize the ST*R program to ride to and from the senior activity center and to doctor appointments. I will be prompt and on time for my pickups. The driver is not allowed to come back "later", if I am not ready at the time agreed.

Thank you for your interest in the Senior Mobility Program. It may take 2 weeks for new riders to be placed on the list.

COVID-19 Warning and Assumption of Risk

-WARNING-

The novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. **COVID-19 is extremely contagious** and is believed to spread mainly from person-to-person contact. As a result, federal, state, and local governments and federal and state health agencies recommend social distancing and have, in many locations, prohibited the congregation of groups of people.

The Boys & Girls Club of Buena Park has put in place preventative measures to reduce the spread of COVID-19. However, the Club cannot guarantee you or your child will not become infected with COVID-19. Further, attending the Club could increase your risk and your child's risk of contracting COVID-19.

Please Partner With Us

- Member and Staff safety is our top priority. Under no circumstances shall any of our program requirements and best practices be compromised.
- Safety is non-negotiable regardless of any lax legal requirements, personal/political views, or liability exemptions.
- Failure to adhere to Club and/or Safety policies will result in removal from the program.

Dear Parent/Guardian,

We have taken part in several SAFETY and BEST PRACTICE trainings over the past year as we continue to build one of the top programs in Orange County. In accordance to best practices in child safety, we want to be clear in our rules and expectations for our members and families participating in our program.

Please take a few minutes to review with your child/teen to ensure their highest level of success and what is expected, while attending the Club:

- The Boys & Girls Club of Buena Park (BGCBP) has a ***ZERO TOLERANCE*** policy when it comes to ***Bullying*** and ***Verbal or Written Threats*** of any kind. This behavior can be cause for removal from our program and possible disqualification of membership privileges.
- The BGCBP has ***ZERO TOLERANCE*** to any form of ***Racial Intolerance***. Derogatory and/or demeaning forms or prejudicial language will not be tolerated.
- ***Physical Contact-*** Hitting, Pushing/Shoving, Kicking, Biting are not acceptable behavior and can result in an instant suspension regardless of a members age or relationship status *i.e. brothers can not hit each other.*
- ***Inappropriate language is not acceptable.*** This includes cursing, offensive language as well as put downs *i.e. "You suck, you're a loser, your mom is a so and so, etc."* Respect and courtesy are expected at all times. You may not be friends with everyone, you may not like someone, but you need to be nice to everyone.
- ***Listening to simple Staff instruction is a must.*** For Staff to safely and adequately run hourly programs, members must be able to listen and follow basic instruction. For safety reasons, members who consistently fail to do so can be disqualified from membership privileges.
- ***Suspension and/or Disqualification of Membership-*** Our goal is to avoid removing members from the program. However, if a members behavior warrants a suspension or forfeiture of membership, that decision will be made on an individual basis.
Suspensions can range from 1-14 days, possibly more if warranted, depending on the severity of the situation.

With so many great programs happening daily, we continue to stress a positive approach to behavior and Club rules/expectations. We know responsibility and growth include consequences whether positive or negative to one's actions. We hope you will partner with us and sit down and review these simple rules and expectations with your loved ones.

If you are in need of discussing a situation or concern, please feel free to reach out to our Unit Director Malia Hays @ 714-522-7259. Thank you for your continued belief in our Mission and helping make our program one of the top programs in Orange County.

	<p>The 2024 Homeless Point in Time Count found that as many as 7,322 people are homeless in Orange County. 3,227 of the homeless are in the North Service Planning Area, which includes the City of Buena Park. Furthermore, in comparing the 2022 PIT to 2024, the North Service Planning Area saw more than a 118% increase in the unsheltered homeless population and an increase of more than 6% in the sheltered population. Clients of the Navigation Center have 24-hour access to shelter and ongoing supportive services. To reduce the impact on the surrounding communities, the Buena Park Navigation Center only allows entry into the program through a reservation system. The North Orange County Public Safety Task Force's Outreach Grid, an app that matches the efforts of designated street outreach teams and police departments in the North Orange County region to real-time bed vacancies at the shelter, is used to secure all reservations.</p> <p>Mercy House addresses the needs and goals identified in the housing plan through the provision of the following services:</p> <ul style="list-style-type: none"> ✓ Housing Navigation - Housing Navigators conduct CES assessments to connect shelter guests to housing resources available through the Orange County Coordinated Entry System (CES); Shelter guests are helped obtain necessary documents. Crisis intervention services focus on enhancing the guests' ability to independently problem solve, utilize effective coping skills, and manage and self-coordinate own care. ✓ Enrichment Activities - Life Skills classes and workshops as well as indoor and outdoor recreational activities are provided to shelter guests to improve their quality of life and encourage them to remain onsite during the day to take advantage of all services available to them. ✓ Health Care Resources - Shelter guests are connected to on and off-site health resources through KCS Health Center and various departments of the County of Orange. ✓ Crisis Evaluation/Mental Health Resources - Shelter guests are connected to on and off-site

health resources through KCS Health Center and various departments of the County of Orange.

- ✓ **Drug and Alcohol Treatment Referrals** - Shelter guests are connected to on and off-site health resources through KCS Health Center and various departments of the County of Orange.
- ✓ **Employment/Job Placement Referrals** - Shelter guests are connected to on-site and off-site employment and job service partners providing job skills training, coaching and mentoring, financial assistance programs, and job placement services. Mercy House has partnerships with a number of employment specialist agencies including Chrysalis.
- ✓ **Benefits Enrollment** – Shelter guests are connected to Social Services, VA and Cal Optima to support benefits enrollment services. Mercy House has certified SOAR specialists who support Buena Park Navigation Center guests through the SSI and SSDI application process.
- ✓ **Rapid Rehousing Resources** - We have secured Rapid Rehousing and housing barrier resources specifically targeted to those in the North SPA area. Shelter clients may also have potential access to other Mercy House housing programs available through connection to the Coordinated Entry System.

Housing Navigators work with clients no less than weekly to check in on progress toward their plans. Upon entry into the program, every resident is supported to be placed on to the county- wide coordinated entry system which refers clients to housing programs based on need and availability.

Outside of the Housing Navigation and supportive services offered by Mercy House, the Navigation Center is also host to a number of County and non-profit agencies who provide regular on-site services at the shelter. Mercy House has partnered with KCS Health Center, based in Buena Park, to provide on-site primary care, behavioral/mental health, dental and drug and alcohol treatment on-site. Other providers provide employment skills and job coaching, benefits acquisition, veteran services, legal support, housing, and other supportive services. All of these valuable services are provided at no additional cost to the shelter. Despite COVID-19, we have still been able to actively coordinate with a number of on-site service providers to offer on-site services at our shelter or have developed ways to also offer teleservices as needed for health, housing and employment supports.

While the health and safety of shelter clients has been a priority, we still remain focused on the ultimate goal of the shelter to exit people successfully to housing.

During the 2023-2024 Fiscal Year, the shelter served 479 homeless individuals, including 236 with ties to the City of Buena Park. We exited 42 to permanent housing, and another 12 to temporary housing from the shelter. Of those that exited successfully, 59% were connected to a housing subsidy program through access to the Coordinated Entry System they gained while in the program. The other 41% self-resolved their homelessness. Self-resolved homelessness is another direct byproduct of the Housing Navigation case management we provide to program participants including establishing housing and employment goals, connections to benefits and assessing strengths and resources that the program participant may have to overcome their homelessness including reunification with family members.

During FY2024-2025 we anticipate serving at least 300 clients, 130 with ties to the City of Buena Park which includes those who are currently homeless within the city boundaries or once help permanent residence within the City. If awarded, CDBG funds will be used for the provision of client meals at the shelter. The shelter provides (3) meals a day including a warm dinner, light breakfasts and lunches provided by an outside vendor and snack items purchased from retailers such as Costco. Food is served from a commercial kitchen on site. Staff or volunteers serve the food to clients in the dining area during designated mealtimes. We serve 600 meals at the site on any given day. The total budget for this line item is \$308,172.00.

	<p style="text-align: center;">TARGET POPULATION [24 CFR 570.200(a), 570.201-570.208, 570.503]</p>
2	<p>Describe the target population for this program and the number of estimated unduplicated Buena Park residents to be served from July 1, 2025, through June 30, 2026.</p> <ul style="list-style-type: none"> • How was the estimated number of clients determined? • How will you reach your target population? • Explain why this program is needed for this target population. <p>The project serves homeless adults and it is estimated that 300 individuals will be served during the contract period, with 130 having ties to the City of Buena Park either through prior residency in the city or homeless in the City prior to entry into the shelter. The number of clients anticipated to be served is based on historical data since beginning operations in July 2020.</p> <p>Referrals to the program are provided by partner agencies including the Buena Park City Outreach Team, all North SPA police departments and the County of Orange's Outreach and Engagement Team.</p> <p>The project is necessary to protect the homeless of our community from morbidity on the streets. Emergency shelters, including those such as the Buena Park Navigation Center that allow for the provision of on-site health services contribute to an overall reduction in both emergency room visits and hospital readmissions by homeless people.</p> <p>Furthermore, emergency shelters offer advantages over other housing navigation service models that are solely based on street outreach or mobile services for homeless individuals. With the basic needs of shelter, food and hygiene met, homeless individuals can more easily focus on the goals identified in their housing support plans. Engagement in Care Coordination can more readily take place when transient populations are able to maintain consistency in their location. Regular availability and visibility of on-site health and supportive service providers reduces the barriers of connecting to services and reduces lengthy delays connecting to services.</p> <p>Local and national data suggest that outreach programs on their own leave homeless people on the streets longer and have a lower rate of positive housing outcomes than programs that have a shelter component. Outside of the benefits for program participants, the community at large benefits from this program model. Businesses, parks, recreational and residential spaces are less impacted by homeless encampments.</p>

NATIONAL OBJECTIVES

[24 CFR 570.200(a), 570.201-570.208, 570.503]

Describe in detail how the project meets at least one of the three CDBG program national objectives.

Select at least one:

- ☒ Benefit low- and moderate-income persons in Buena Park;
- ☐ Aid in the prevention or elimination of slums or blight in Buena Park;
- ☒ Meet a need having a particular urgency in Buena Park.

Benefit low- and moderate-income persons in Buena Park:

The Buena Park Navigation Center program is designed to benefit extremely low to moderate- income persons by providing shelter and supportive services to the most vulnerable homeless men and women living on the streets of the Northern Service Planning Area (SPA), which includes the City of Buena Park. No walk-ups to the shelter are permitted. Referrals to the shelter will be made by the homeless liaison officers in the Police Department or the street outreach team led by personnel with City and the County of Orange's Outreach and Engagement Team. Outreach workers will verify homeless status at entry using a referral form that is kept in the client case file. (Please reference Attachment A: Intake Documentation to review referral form).

Meet a need having a particular urgency in Buena Park:

"Providing a continuum of supportive and housing services for the homeless and households at risk of homeless" continues to be a top 5 identified goal for the City of Buena Park in its 2020-2025 Consolidated Plan. The Buena Park Navigation Center is an integral investment that the City has been to support its goals in this area.

ELIGIBILITY DOCUMENTATION

If the proposed project is a public service, describe what form of documentation will be collected to demonstrate that at least 70% of persons served are low- and moderate-income, as required by HUD, and a minimum of 20% are Buena Park residents. (Please attach a copy of the activity's client intake/application/registration form)

The clients served at the Buena Park Navigation Center are considered a CDBG "presumed beneficiary" due to their homeless status. At entry a referral form is completed by the referring partner agency that verifies where the client was living (place not meant for human habitation, park, shelter, etc.) prior to referral. Additionally, a Declaration of Homelessness is completed and placed in the client's case file attesting to their homelessness.

Mercy House uses a standardized intake form that captures all CDBG required demographic information, homelessness information as well as self-certified income information. Residency information is also collected on the intake form. Homeless individuals who are considered "residents of Buena Park" include those who self-report prior residency in the City of Buena Park or who spent the last night prior to shelter entry in the City of Buena Park.

Data from these intake forms (as well as forms completed at exit from the program) is inputted by a dedicated Data Specialist into a secure Homeless Management Information System (HMIS) database. Standard and ad hoc reporting capabilities from the system enable us to complete all required quarterly CDBG reports as well as additional outcome reports.

Please reference **Attachment E: Intake Form and Intake Documents** to review documents described in this section.

OUTCOME PERFORMANCE MEASUREMENT SYSTEM

[24 CFR 570.200(a), 570.201-570.208, 570.503]

Please indicate the activity's Objective, Outcome, Outcome Statement, Purpose, and indicators that will be used to measure, track and report performance. Refer to the instructions on Page 5 through Page 7 of the RFP.

A. Select one Objective

- ☒ Suitable Living Environment
- ☐ Decent Affordable Housing
- ☐ Economic Opportunities

Mercy House is seeking CDBG funding from the City of Buena Park to provide a *suitable living environment* to the homeless men and women living on the streets of Buena Park or having connections to cities in the Northern Service Planning Areas.

B. Select one Outcome

Orange County Continuum of Care
Homeless Management Information System Client Consent form

Welcome to the Orange County Continuum of Care (CoC).

You are currently accessing services from a service provider/organization participating in the Orange County Homeless Management Information System (HMIS). HMIS is the secure database used to collect and store information about clients served through this service provider/organization. It also allows the sharing of information among HMIS participating service providers/organizations to streamline access to services and help them understand a client's history of homelessness or housing instability. HMIS is managed and operated by Orange County United Way's 2-1-1 Orange County (211OC).

In Orange County, all service providers/organizations that participate in HMIS share data with each other to coordinate care and improve program outcomes. If you agree to participate in HMIS, this means you allow information gathered by a participating service provider/organization to be entered into HMIS and allow all other participating service providers/organizations to view and use your data to provide services to you. Additionally, the service provider/organization will also be able to see what kind of services in Orange County you have received in the past.

A complete list of all service providers/organizations that participate in the HMIS is maintained at <http://ochmis.org/about-hmis/contributing-agencies/>. You can also ask the service provider/organization you are receiving services from for a list of HMIS participating service provider/organization. Please note that the list of service providers/organizations contributing data to HMIS can change frequently and without notice, and therefore the website should be consulted for the most recent list.

- Individual client data is only viewable by trained staff at each participating service provider/organization.
- In order to participate in the HMIS, leaders at each agency must sign an Agency Agreement that includes a commitment to protecting client data and maintaining confidentiality.
- In order to use HMIS, service provider/organization staff must complete multiple trainings that examines privacy laws and the importance of client privacy.

Guest Expectations

Welcome to our shelter program. We hope your stay with us allows you to begin your path to ending your homelessness. To ensure that all guests are able to comfortably work toward that goal, the following expectations need to be followed while on the shelter property, on any program shuttle, as well as the immediate vicinity of the shelter or drop-off location.

All guests are asked to read and initial each of the following sections as an acknowledgement that they understand what is expected of them while enrolled in the program:

1. Demonstrate responsibility for yourself, your actions, and your housing plan. _____
2. Guests are expected to actively work on their housing plan. By signing these expectations, you understand that you are not guaranteed housing by enrolling in this program. The goal is to get you connected to housing resources as quickly as possible. You will be scheduled to meet regularly with your Housing Navigator to discuss your housing plans. Part of your Housing Plan will be for you to identify tasks that you need to complete in order to achieve your goal of securing housing. Your progress will be reviewed at 30-day increments, with formal extension requests required after 6 months. _____
3. Follow all health and safety policies. These policies include, but are not limited to:
 - When a new guest enters the program, they are required to shower and submit any clothing/bedding items to be laundered or heat treated. _____
 - Guests are expected to maintain their hygiene (including changing into clean clothes when possible), laundry once a week and showering at least twice a week. _____
 - All guests are expected to wear masks if observed as having any symptoms of illness and must agree to temperature checks if asked. Social distancing protocols may also be enforced that all guests must follow. _____
 - Every guest will be assigned a laundry day. Guests will be expected to bag their dirty clothes and bundle their bedding on this day to help streamline laundry services. Laundry should be submitted to staff for cleaning by 9:00 AM on this day. _____
 - Guests are expected to maintain the safety of the sleeping area by straightening their beds when not in use. Personal items at the bed must be able to fit in the supplied indoor storage. In addition, each guest will be permitted to keep 1-2 pairs of shoes under the bed. No additional personal items may be kept behind, under or in the aisles next to your bed. No barriers of any kind may be raised without explicit permission from the management team. Water is allowed in the dorms, but no open or perishable food or other liquid drinks may be brought to the bed area at any time. _____

- All prescription medication must be recorded with Staff at Intake and stored in your indoor bin in its original labeled container. Pills or medication NOT matching the original labeled container may be confiscated. No marijuana will be allowed beyond the security check point at any time. Medical marijuana may only be stored in your outdoor bin with a valid Medicinal Use Card and must be 8 oz. or less. _____
 - Every guest is supplied with 2 indoor under-the-bed bins (or equivalent) and 1 outdoor bin. Outdoor bins are accessible during the posted times. Trash and recycling may not be brought onto the property. Guests may only use the bins that were assigned to them by staff. All bins must be able to properly close and latch, and indoor bins must be placed on top of the beds when the bed is not in use, with all bedding made neatly without touching the ground, so staff can properly sweep and mop underneath each day. _____
4. Current guests of the program may use this location as a mailing address. Please note, however, that after a guest exits, it becomes their responsibility to fill out a change of address form with the post office. Any mail that is delivered to the site after a guest has left the program will be sent back to the post office as "Return to Sender." Mail will be kept at the front desk, along with important program notices or messages from staff. Upon signing in each day, the guest's name will have a mark next to it signifying that there is unclaimed mail or messages. _____
 5. For your comfort and safety, all guests are expected to abstain from behavior that is disruptive and unacceptable to others. Examples include verbal harassment, physical harassment, excessive profanity, possessing weapons or sharp items, possession of drugs or alcohol, theft, etc. More critical offenses may include possession of weapons or hard narcotics, use of racial slurs, sexual harassment including nudity or obscene/sexual behavior, setting fires, threats or violent behavior, and any other inappropriate physical contact. Serious violations may result in an immediate exit from the shelter. If you are asked to leave, you must leave without incident in order to be eligible for a return to the program in the future. If a driver is available, you may be transported to an approved drop off location if it is deemed safe to do so. _____
 6. If a guest's behavior is extremely disruptive and staff or security asks you to step outside or remove yourself from an area so you may calm down, you are expected to comply with this request. This is for your benefit, and you may be able to rejoin the group when your behavior is no longer a disruption to the other shelter guests. If you are unable to deescalate peacefully when addressed, staff may need to exit you from the program for the safety of all other participants. _____
 7. Guests are expected to return each night before the posted curfew unless allowed special consideration by management (e.g., late entry to accommodate work, school, disability-related considerations, or other reasonably extenuating circumstances). Guests are not allowed to miss two consecutive nights or 3 nights in any calendar month without clearing the absence with their Housing Navigator. Guests are expected to sign-in daily and may

not sign or hold beds for others. The program manager may grant excused nights out of the shelter upon request if deemed necessary and appropriate. _____

8. Photo IDs are required of all registered guests for safety purposes. If you do not have a California State ID, staff will assist you in acquiring an ID within the first few days after enrollment. Mercy House may take photos and thumbprints to produce program IDs for guests if necessary, and staff may also take photos of vehicles, bicycles, and other property for safety purposes. By entering this program, you give your consent to this. A photo ID of some sort is also required to receive a bath towel and is also used when waiting in the dinner line (a loaner ID may be created for you in the interim if you do not yet have one). _____
9. Out of respect for, and to protect the privacy of our staff and guests, no audio/videorecording or taking of photos is permitted on premises, except by the expressed permission from Management _____
10. For your safety, this site may incorporate closed-circuit surveillance cameras as part of its security system. No cameras are installed in any restrooms or showers. Any footage captured is used only for safety purposes and may be shared with law enforcement as part of an active investigation. No footage will be shared with the general public. _____
11. Smoking and vaping are permitted in the designated outdoor smoking area only. No drugs, paraphernalia, alcohol, or marijuana (recreational or medicinal) will be permitted in or around the shelter. Anything containing THC (with or without a prescription) will not be allowed. _____
12. Guests are expected to attend resident meetings and contribute to the community. This includes mandatory participation in all fire and safety drills. _____
13. All guests are expected to be Good Neighbors of the community in which they are served and have an obligation to comply with all state and local laws and ordinances and always behave in a courteous manner, including while traveling to and from the property. Complaints from residents, business owners, or public officials may result in expulsion from Mercy House Programs. _____
14. In order to remain Good Neighbors, all guests are expected to use the provided shuttles for transportation on to and from the property, unless they have a personal vehicle or utilize a rideshare/taxi service. We practice a strict no-walk-up/no-bike-up policy. Guests are expected to remain on the property at all times unless when leaving for the day. Violation of this expectation may result in an immediate exit. _____
15. Guest vehicles may be parked on shelter property at the owner's risk and liability, only in designated areas once the vehicle is registered with the program. A valid license, registration, and insurance are required in the name of the guest. RVs (Recreational Vehicles) are not permitted on-site. Guests with bicycles must use the bicycle racks on the shuttle buses and allow Mercy House drivers to secure them on the rack. Guests are only allowed one bike per person and are not allowed to store spare bike parts unless

they fit in the outdoor bin or personal vehicle. All bicycles brought onto the property must be registered and photographed. All vehicles, including bicycles, must be operable. Abandoned or inoperable vehicles will be subject to tow at the owner's expense. _____

16. Several areas on site are restricted to staff and security only. Guests are not allowed to enter any areas other than the common areas, dorms, and restrooms without an appointment or explicit permission from the management team. If signage is posted designating an area as "Staff Only," guests are expected to respect the boundary. _____
17. There may be areas specific to men, women, non-binary guests, couples, or families with children. Please respect the privacy of others. Children must be attended to by an adult family member at all times. Guests are not allowed to enter any dorm other than the one they were assigned at intake. _____
18. Guests are expected to respect the rest and sleep of their neighbors. When lights are off, indoor voices should be used to limit distractions and not disturb their rest. Likewise, guests are not allowed to use bright lights or play music/watch videos with sound in the dorms after lights out. _____
19. Although we respect everyone's right to privacy, we reserve the right to pat down and search all persons as a precaution against any potential security risks. In addition, staff may search outdoor bins, with or without the owner's presence. Guests will be informed of items not allowed at the shelter. If those items are found on site, they may be confiscated and destroyed. Guests must agree to be searched any time they access their outside bins, bikes, vehicles, or any area deemed "unsearched." Refusing a search will amount to forfeiting your enrollment. _____
20. Approved pets, Service Animals and ESAs must be registered and cleared ahead of time with program management. Clients are limited to no-more-than one animal (with the possible exception of service animals), and the animal must be present with the client at the time of intake. All pet owners must agree to and follow the guidelines provided in the Animal Expectations, which is a separate document that will be given upon entry of the animal into the shelter. _____
21. Neither Mercy House nor any of its vendors are in any way responsible or liable for lost, stolen, or damaged items that guests bring onto the premises. Guests are encouraged to keep valuable items close and guarded and are asked to turn in any found items to the front desk. We recommend that those who use the supplied charging stations have their electronics clearly marked or customized for easy identification. _____
22. Cash is never to be given to Staff, Volunteers, or Interns at ANY time. _____
23. It is our desire to never deny shelter or services to our guests, however, in the case that behavior becomes a health or safety risk, Shelter Management can expel or prevent any guests from staying at the shelter. Any conflicts between guests should be brought to the attention of the staff immediately. _____

24. At the time of your exit from the program, all shelter property (such as bedding, towels, pillows, laundry bags, locks, bins etc.) must be returned. As a courtesy, staff will temporarily hold your personal belongings for up to a maximum of 90 days. Any property not retrieved by then will be disposed of. No additional items can be brought back to the site to be stored. Guests must call in to schedule a pickup. _____
25. We wish to keep open communication between Mercy House and our guests. Each shelter has a grievance binder at the front desk which contains our Grievance Policies and forms. We ask that any issues be brought to our attention first through informal processes, so that we can address them quickly as they occur. For this reason, every site also has a suggestions box for you to leave comments or complaints. If any part of the program, staff or services is lacking, please do not hesitate to notify management immediately by speaking to the on-duty site leader or manager. If appropriate, you may also choose to complete a "Request for Consideration" form, to describe issues that you would like to see resolved. If after speaking to staff and completing a "Request for Consideration" form, you feel the matter has not been resolved, you will find a copy of the formal Grievance Form in this binder. _____
26. Any guest that does not follow these expectations is jeopardizing their ability to accomplish their housing plan and may be exited from the shelter. Because everyone can make a mistake, when an expectation is not met the staff will clarify any misunderstanding of the expectation and discuss ways that each guest can avoid further violations. If the violations continue, staff will meet with the guest to create an Action Plan in support of the client getting back on-track with their housing goals and meeting the program expectations. If management offers the guest an opportunity to enter into a Behavioral Contract, the guest will be required to abide by the terms of the contract to continue their enrollment. _____

As a result of initialing these expectations and signing this form, I understand that expectations, health, and safety policies may change as necessary and that I will be informed of these changes, and I am required to abide by any amended policies.

I have read the above and agree to follow the Shelter Expectations.

City of Buena Park
Community Development Blog Grant (CDBG) Program
FY 2025-2026 CDBG Grant Application (attachment)
FRIENDLY CENTER, INC

1. Describe the proposed activity, including services to be provided and goals to be accomplished.

- **Why is there a need for this activity in the City of Buena Park?**
- **Identify the location of the activity and the service area boundaries.**
- **Describe specifically the intended use of the CDBG funds.**

Friendly Center seeks to expand its food distribution program to address growing food insecurity in Buena Park. The program will provide added nutritious food to underserved families, particularly low-income residents and K-12 students during and after class. Over 10.6% of children are living below poverty level in Buena Park. By addressing immediate hunger needs the program aims to support long-term stability, enabling families to focus on education, work, and self-sufficiency.

The program will be managed at the Buena Park Community Resource Center, utilizing Friendly Center's one-stop-shop model to deliver free, comprehensive support under two pillars: **Food & Basic Needs** and **Education & Workforce Development**. Services include large-scale food distributions, emergency basic needs assistance, and wrap-around programs to build resilience.

Need for This Activity in Buena Park:

Food insecurity is a critical issue in Buena Park, where many low-income families struggle to afford nutritious meals. Without proper nourishment, children's education and development are hindered, and adults face challenges in maintaining employment or progressing toward self-sufficiency. The growing demand for food, especially among families participating in Friendly Center programs, underscores the urgent need for expanded distribution efforts to stabilize households and improve community outcomes.

Location and Service Area Boundaries:

The activity will be conducted at Friendly Center's Buena Park Community Resource Center, which serves as a central hub for low-income residents of Buena Park and surrounding North Orange County communities.

Intended Use of CDBG Funds:

During the 2025-2026 CDBG program year, Friendly Center Estimates its Community Resource Center in Buena park will serve 1625 unduplicated Buena Park Residents providing them with accessible, wraparound requested \$23,000 in Buena Park CDBG funding would support a portion of the cost to operate Friendly Center's Community Resource Center in Buena Park, which is located at 6688 Beach Blvd and serves any resident seeking assistance.

The funds will help expand Friendly Center's bi-monthly food distribution efforts in Buena Park, specifically supporting the procurement of nutritious, culturally relevant food supplies, and salary of a part-time Food Distribution Coordinator. This role will oversee program logistics, coordinate food deliveries for underserved families, and ensure the students participating in educational programs also have access to meals during and or after class. By addressing immediate hunger needs, and providing them with accessible, wraparound support this funding will lay the foundation for broader community stability, growth, and long-term self-sufficiency.

2. Describe the target population for this activity and the number of estimated unduplicated Buena Park residents to be served from July 1, 2025, through June 30, 2026.

- **How was the estimated number of clients determined?**
- **How will you reach your target population?**
- **Explain why this activity is needed for this target population.**

Target Population and Estimated Clients Served:

The target population for the Buena Park Community Resource Center includes low-income families and individuals in Orange County, with a primary focus on Buena Park residents. Services are open to all Orange County residents in need, regardless of age. From July 1, 2025, to June 30, 2026, we estimate serving 1625 unduplicated Buena Park residents, based on historical service data from our long-standing Community Resource Center in Orange and adjusted projections reflecting program growth.

How the Estimate Was Determined:

The estimated number of clients is derived from ongoing, detailed service data collected for grant reporting and program planning. With the implementation of new programs, such as our Emergency Rental Assistance Program funded by District 4, and strengthened connections with local schools, we anticipate an increase in the number of families seeking support at the Buena Park location.

Reaching the Target Population:

Friendly Center engages its target population through referrals from schools, 2-1-1, Orange County Social Services, and partnerships with nonprofit organizations. Word-of-mouth and ongoing outreach by our Director of Programs and Site Coordinators also play a key role in connecting families to services.

Why This Activity is Needed:

Friendly Center addresses the complex needs of underserved families, offering not only immediate stability but also pathways to self-sufficiency. As demand for resources like food, housing assistance, and educational support continues to grow, our programs are essential for reducing poverty, fostering resilience, and building a more equitable community in Buena Park. With expanded services, we aim to meet the increasing flow of families seeking support.

3. Describe in detail how the activity meets at least one of the three CDBG Program national objectives.

Select one:

- ☒ **Benefit low- and moderate-income persons in Buena Park.**
- ☐ **Aid in the prevention or elimination of slums or blight in Buena Park.**
- ☐ **Meet a need having a particular urgency in Buena Park.**

How the Activity Meets the CDBG National Objective:

Friendly Center's Community Resource Center in Buena Park directly meets the CDBG program national objective to "benefit low- and moderate-income persons in Buena Park" by offering targeted, free programs that address the critical needs of underserved households. These services are designed to alleviate barriers that disproportionately affect low- and moderate-income individuals and families, improving their quality of life and fostering long-term self-sufficiency.

The specific benefits provided include:

- **Alleviating Food Insecurity:** Through bimonthly large-scale food distributions and emergency basic needs support, the Center ensures that families have access to essential nutrition, addressing one of the most immediate barriers to stability.
