13. <u>Minutes of the Successor Agency Meeting, May 19, 2025</u> Recommendation: that the Successor Agency approve the minutes.

A motion was made by Member Suarez and seconded by Vice Chair Kearney to approve the Consent Calendar. The motion passed by a vote of 5-0.

H. <u>PUBLIC HEARING</u>

15. <u>Public Hearing for Budget Workshop Fiscal Year 2025-26 & Public Hearing for Staff</u> <u>Vacancies</u>

Recommendation: There is no formal recommendation with this item, however staff is looking for direction from Council regarding the budget.

Finance Officer Manuelian presented the staff report and a PowerPoint presentation.

In response to Member Cuevas's questions, Community Services Director Minter responded that the City budgeted for three festivals, and the Hispanic Heritage Festival is in addition to the events already in place.

In response to Member Cuevas's question, Executive Director Dr. Moore responded that the scope of work between the Los Angeles County Sheriff's Department (LASD) and Southwest Patrol is different, and that Southwest Patrol performs homeless outreach, patrols parks, City property and street vendor enforcement.

Discussion ensued among City Members and staff regarding the amount budgeted for the Hispanic Heritage Festival, fundraising and sponsorships for the festival, and the need for the Community Services Department to have additional staffing support to manage City events, programs and the rental of the Harold E. Hofmann Community Center to the public.

Member Cuevas commented that the Hispanic Heritage Festival should be lowered to \$13,001 to align with the two budgeted festivals.

Chair Pullen-Miles opened the public hearing at 7:34 p.m.

Juan Granados, Resident, commented in support of the Hispanic-American Contributions Festival and offered his assistance in planning the event.

Andrew Blackney, Resident, commented on the public safety budget related to LASD, and in support of budgeting for a Community Services Supervisor position.

Randall Abram, Resident, commented in support of increasing public safety officers, budgeting for additional Community Services staff, and commented on comments City Members have made regarding funding the Hispanic Heritage Festival.

Chair Pullen-Miles closed the public hearing at 7:39 p.m.

In response to Member Suarez's questions, Municipal Services Director Reyes responded that Southwest Patrol guards are armed and trained; however, they do not arrest housed persons, street vendors or engage with dangerous criminals.

Member Suarez commented that she does not support funding in the budget for Southwest Patrol until the service agreement is discussed, asked if LASD can hire additional deputies, and requested a Request for Proposal (RFP) be submitted to receive quotes from other security companies.

LASD Lieutenant Osburn responded that LASD is actively hiring deputies; however, there is a moratorium preventing expanding current contracts, and the City is receiving all contracted services.

Discussion ensued among City Members and staff regarding the increase in the Southwest Patrol contract, what funding is being used, issuing an RFP, and reviewing Southwest Patrol's duties.

Chair Pullen-Miles, Vice Chair Kearney and Member Cuevas concurred with lowering the budget to \$13,001 for Hispanic Heritage Festival and keeping the budget for security as is.

In response to Vice Chair Kearney's question, General Counsel Murphy responded that the ability for the City to submit an RFP for security services without breaching the current contract depends on the terms of the contract, which he will review and provide a response to City Council.

A motion was made by Vice Chair Kearney and seconded by Member Cuevas to accept the new budget as presented by staff, with a change to the budgeted amount for the Hispanic Heritage Festival from \$16,000 to \$13,001. The motion passed by a vote of 4-1, with Member Suarez voting no.

CITY OF LAWNDALE

14717 BURIN AVENUE, LAWNDALE, CALIFORNIA 90260 PHONE (310) 973-3200 ♦ www.lawndalecity.org

DATE:	June 16, 2025
TO:	Honorable Chairman and Agency Members
FROM:	Dr. Sean M. Moore, Executive Director
PREPARED BY:	Vanesa Alvarez, Administrative Assistant Yvette Palomo, Assistant City Clerk
SUBJECT:	Routine Records Destruction

BACKGROUND

Pursuant to California Government Code section 34090, a City department head may, with the approval of the Agency Members and the written consent of the General Counsel, destroy city records which are no longer required. The City of Lawndale's Records Management Program (RMP), Council Policy No. 77-05, further delineates the process by which records may be destroyed. The Successor Agency has not developed its own records management program, however; in the absence of specific written policies of its own, the authority has traditionally adhered to the City's RMP policies.

STAFF REVIEW

The City Clerk's Department staff have identified certain records that are no longer needed operationally and are not of historical value. The records have been retained longer than required by the records retention schedules. Staff now deems the following records to be obsolete and requests the Agency Members authorization to destroy them with the adoption of Resolution No. LRAS-2506-001.

As required, the General Counsel has consented to the destruction in writing, as has the Executive Director.

LEGAL REVIEW

In addition to reviewing the records destruction authorization forms and consenting to the destruction of the listed records, the General Counsel has reviewed the Resolution and approved it as to form.

FISCAL IMPACT

There is no fiscal impact as the funds are budgeted in the City Clerk's Department.

RECOMMENDATION

Staff recommends that the Agency Members adopt Resolution No. LRAS-2506-001, approving the request from the City Clerk's Department, for authorization to destroy routine records as listed in the exhibit of the Resolution.

SUBJECT:	Annual Budget Fiscal Year 2025-26
PREPARED BY:	Hrant Manuelian, Finance Director/City Treasurer

BACKGROUND

The Budget Subcommittee, which includes Mayor Pro Tem Pat Kearney and City Councilmember Bernadette Suarez, met with staff on April 23, 2025. A budget workshop was also held with the City Council on June 2, 2025, during the City Council meeting. The subcommittee and City Council provided guidance and made recommendations to staff for budget preparation. These recommendations were considered and incorporated into the proposed budget.

The economy is currently experiencing inflation, however at a lower rate than last year. The Federal Reserve has cut interest rates three times as a result of the lower inflation rates. Staff took these current issues into account when preparing the budget for FY 25-26. The proposed budget includes actuals to date through March 31 for the current fiscal year along with the proposed budget for FY 25-26.

The major topics of discussion were city-wide safety and security, expanding parks and recreation services, and city events.

Below is a summary of the revenues and expenditures being proposed for the City's Fiscal Year 2025-2026 budget.

Revenues

For the fiscal year 2025-26, we have budgeted the Total General Fund revenues to be \$21,101,014. This is a slight increase of \$74,261 compared to the budget for FY 24-25. The primary drivers of this change are anticipated increases in property tax revenues. It's worth noting that there were no changes in the budgeted revenues from the budget workshop conducted on June 2, 2025. For a more detailed breakdown, please refer to the provided budget folder.

Expenditures

The Total General Fund expenditures for FY 2025-26 are projected to be \$21,403,605 an increase of \$791,033 compared to the amended budget from FY 24-25. See below for significant changes.

The following is a summary of the General Fund expenditures by department. There were no major changes to the budget since the budget workshop. See the budget folder provided for details and line-item explanations.

		20,612,572	21,403,605	791,033		

Significant changes noted:

- 1. In general costs have increased due to increased salary and benefit costs.
- 2. The decrease in the City Clerk's department is due to not having an election this year and therefore no charges from the County to administer the election.
- 3. General Operations costs are increasing by over \$254,000 mainly due to an increase in liability insurance of \$108,000 and an increase in PERS retirement costs of \$135,000.
- 4. The decrease in Finance is mainly due to being fully staffed and therefore contract services are not needed for the Accounting Manager position as was the case in FY 24/25.
- 5. Public safety costs have increased due to increased rates from the County of LA for Sheriff services. The contract rate for a Deputy Sheriff has increased roughly 4.37% and the liability surcharge has increased from 12.5% to 13%.
- 6. The budget for Municipal Services is increasing mainly due to extending the contract with SouthWest Patrol. The City is budgeting to have security patrol 7 days a week, 16 hours per day. In addition, SPCA has notified us that their contract amount will increase to \$14,100 per month an increase of \$700 per month, a 5.2% increase. Municipal Services is also bringing back the part-time Office Assistant position. This is a part-time position that was laid off during Covid and is bring brought back and will cost approximately \$25,000.
- 7. Public Works Admin is increasing because there is a need to hire an outside engineering consultant to help with projects. Public Works has over 30 projects currently on the CIP list. Also, we are requesting to change the part-time Office Assistant position in Public Works to a full-time Office Assistant. Currently there is no full-time Office Assistant position therefore, if approved HR would need to bring this back for Council approval. This new position will be partly funded by the General Fund an also by AB 939 which are the trash hauler franchise fees
- 8. Public Works Grounds and Streets decrease is due to moving parts of the landscaping costs to Gas Tax. This decrease has been partially offset by rising water costs due to a meter that was underreporting water usage and was replaced by Golden State Water.
- 9. Community Development decrease is mainly in Contract Services which was for the General Plan that is now complete.
- 10. Community Services increase is due to additional programs/events being introduced for FY 25/26. In the May 19th Council meeting the proposal to have a mobile recreation program was approved. This program will add an addition \$65,000 in expenditures, which includes staff, supplies, vehicle repairs and fuel. Council has also approved for a Hispanic Heritage Festival for FY 25/26 at the same cost as the Music and Blues Festivals (\$13,100). Due to increased programs and activity at the Community

Center, with rooms being rented out on Saturdays, there is a need for a Community Center Supervisor to these activities and provide additional support to staff.

In addition to the changes noted above the following are major items that could significantly increase or decrease General Fund expenditures and revenues.

- Possibility of litigation against Metro for the Greenline extension,
- The upcoming negotiations with the union regarding the MOU.
- Current high-interest rate economy, with total investments projected to yield over \$1.6 million, any rate cuts by the Federal Reserve would impact these revenues.
- The current state of the economy is stable growth is not expected this year and a slight decrease of 1.9% or \$131,000 has been budgeted for Sales Tax Revenues. Any changes to the economy could have an impact both positive or negative. However, currently this is not expected.

BACKGROUND

Government Code (GC) Section 53607 allows the legislative body to delegate authority to invest or reinvest funds of the City to the City Treasurer for a one-year period subject to annual renewal. GC Section 53646 states that the City Treasurer may render a statement of investment policy to be considered at a public meeting.

STAFF REVIEW

The attached Resolution CC-2506-029, A Resolution of the City Council of the City of Lawndale, California, Reaffirming Council Policy Number 80-04 Pertaining to the City's Investment Policy, is presented for the City Council's review and consideration. The City Council Policy has been reviewed and no changes are recommended by staff.

The Policy establishes investment authority jointly with the City Treasurer and the City Manager. It limits purchases to a five-year maturity, unless advance approval is obtained from City Council. The objective of investment decisions is to provide the highest yield possible, while safeguarding City cash assets and providing liquidity for operational needs. The Policy is conservative and follows guidelines set in the Government Code for allowable safe investment practices.

LEGAL REVIEW

The Resolution has been reviewed and approved as to form by the City Attorney.

FISCAL IMPACT

None.

RECOMMENDATION

Staff recommends the City Council adopt Resolution CC-2506-029, reaffirming City Council Policy Number 80-04 pertaining to the City's Investment Policy, without revisions, changes, or edits.

<u>PURPOSE</u>:

The purpose of this statement is to comply with California Government Code (GC) Sections 16481.2, 53600, et seq., including 53646 and to provide clear guidelines for the prudent investment of the City of Lawndale's ("City") pooled cash assets.

OBJECTIVE:

The City's cash management system is designed to accurately monitor and forecast expenditures and revenues, which enables the City to invest its funds to the fullest extent possible. The City attempts to receive the highest yield obtainable with investments which meet the criteria established for safety and liquidity.

POLICY:

In compliance with GC Section 53600.3, the City manages its pooled cash assets under the Prudent Person Rule (Probate Code Section 16040, et seq., as defined on Exhibit "A".) This allows the City a number of investment options as long as the investment is deemed prudent, does not exceed five years to maturity (unless previously approved in advance of the investment by the City Council by resolution), and is allowable under current legislation (GC Section 53600, et seq.).

Criteria for selecting investments and the order of priority are:

1

1. <u>Safety</u>. Safety of principal is the foremost objective of the City. Each investment transaction shall seek to ensure that capital losses are avoided, whether from institution default, broker-dealer default or erosion of market value. The City shall seek to preserve principal by mitigating the two types of risk - credit risk and market risk.

- A. Credit Risk: Credit risk, defined as the risk of loss due to failure of an issuer of a security, shall be mitigated by investing only in very safe institutions and by diversifying the funds so that the failure of any one issuer would not unduly harm the City's cash position. Investments must be limited to securities backed by the full faith and credit of: (1) the federal government, (2) other governmental agencies, or (3) agencies and institutions with collateral, including assets and insurance, assuring similar risk.
- B. Market Risk: The risk of market value fluctuations due to overall changes in the general level of interest rates shall be mitigated by limiting the weighted average maturity of the City's funds to no more than three years.
- 2. <u>Liquidity</u>. Liquidity is the second most important objective of the City. This refers to the ability to "cash in" at any moment in time with a minimal chance of losing some portion of principal or accrued interest. Liquidity is an important quality especially when the need for unexpected funds occurs.
- 3. <u>**Yield.</u>** The current rate of return on an investment generally expressed as a percentage of the securities current price. The City desires to obtain the highest possible rate of return consistent with the foremost objectives of safety and liquidity.</u>

This policy will enhance the economic status of the City by (a) safeguarding the pooled cash assets of the City and (b) ensuring that the City receives the highest possible rate of return on its money commensurate with the priority of safety. The basic premise underlying the City's investment philosophy is to ensure City cash assets are always safe and available when needed.

INVESTMENT AUTHORITY

The city treasurer and the city manager, acting jointly, are authorized to make investments on behalf of the City. Such investments shall be limited to the following instruments authorized under GC Sections 53601, 53635, 53684 and 16429.1 and further described in Exhibit "B":

- 1. Local Agency Investment Fund (LAIF) (state pool) demand deposits.
- 2. Certificates of deposit (or time deposits) placed with commercial banks and/or savings and loan companies and/or savings banks that are members of the Federal Depository Insurance Corporation (FDIC), not to exceed two hundred fifty thousand dollars (\$250,000) in any single account with the same institution to ensure security.
- 3. Passbook savings account demand deposits, not to exceed two hundred fifty thousand dollars (\$250,000) in any single account with the same institution.
- 4. Bonds, notes or other evidence of indebtedness of any local agency within the state or a department, board, agency or authority of the local agency.
- 5. Securities of the United States government or its agencies for which the full faith and credit of the United States is pledged for payment of principal and interest.

The following investments may only be made with the prior approval of the City Council by resolution, which approval must be renewed each year at the time of filing the annual Statement of Investment Policy:

- 1. Los Angeles County Treasurer's Municipal Investment Pool not to exceed 5% of the total county pool.
- 2. Money market mutual funds. Fund must receive the highest ranking by not less than two nationally recognized rating agencies or retain an investment advisor registered with the Securities Exchange Commission (or exempt from registration), have assets in excess of \$500,000,000, and at least five years' experience investing in instruments authorized by GC Sections 53601 and 53635.
- 3. Bankers' acceptances.
- 4. Small Business Administration loans.
- 5. Negotiable certificates of deposit.
- 6. Mortgage backed securities (GNMA, FHLMC, etc.).
- 7. Any investment of funds which, when aggregated with all other investments, will cause the investment in securities with a maturity greater than two years to exceed thirty percent (30%) of the total pooled City funds.

The city treasurer and the city manager shall purchase investment securities directly from the issuer or in accordance with GC Section 53601.5.

INVESTMENT OF DEBT PROCEEDS, LEASES, REVENUE BONDS OR SIMILAR TRANSACTIONS

Proceeds of indebtedness, certificates of participation, revenue bonds, leases, or similar transactions held by a third party trustee pursuant to an agreement with the trustee shall be invested as described in the applicable authorizing document.

INELIGIBLE INVESTMENTS

Investments not described herein, including, but not limited to, common stocks, commercial paper, repurchase agreements, reverse repurchase agreements, futures, options and derivatives are prohibited from use as City investment vehicles. The City also shall not make leveraged investments, investments made on margin or any other investment made possible through the use of funds borrowed exclusively for the purpose of financing investments.

SAFEKEEPING OF INVESTMENT SECURITIES

To protect against potential losses caused by the collapse of individual securities broker/dealers all securities owned by the City shall be held in third party safekeeping by the trust department of the City's bank or other designated third party trust, in the City's name and control, under the terms of a custody agreement executed by the trust institution and the City. All securities will be received and delivered using standard delivery vs. payment (DVP) procedures to ensure the transfer of securities only happens after payment has been made.

TRANSFER OF INVESTMENT FUNDS

The transferring of investment funds will be carried out by use of telephone or electronic wire transfers. Each entity with which the City does business shall receive, in writing from the city treasurer, a listing which limits transfers of funds to pre-authorized bank accounts only. The listing will also contain the names of the City staff authorized to request such transfers and will be updated, in writing, for all changes of authorized staff and bank accounts as necessary.

INSTITUTIONAL CRITERIA

The City shall transact business only with banks, savings and loans, direct issuers and registered investment securities dealers.

The purchase by the City of any investment, other than those purchased directly from the issuer, shall be purchased directly from an institution licensed by the state as a broker/dealer, as defined in Section 25004 of the Corporations Code, who is a member of the National Association of Securities Dealers, or a member of a federally regulated securities exchange, a national or state chartered bank, a federal or savings association (as defined by Section 5102 of the Financial Code), or a brokerage firm designated as a primary government dealer or regional brokerage dealer by the Federal Reserve Bank.

Savings and loan and banking institutions with which the City shall deposit or invest its funds shall be financially responsible and meet, at a minimum, the following criteria:

- 1. The institution shall have been in business at least five (5) years.
- 2. Assets shall be greater than fifty million dollars (\$50,000,000).
- 3. Net worth to asset ratio shall be 3.5 to 1 or greater.
- 4. Subordinated debt shall not be considered part of net worth.
- 5. Deposits in certificates of deposit cannot exceed thirty percent (30%) of total portfolio.
- 6. Interest may be paid monthly, quarterly, semi-annually or annually and at maturity.
- 7. The institution shall submit audited financial statements.

REPORTING

In accordance with GC Section 53646(b), the city treasurer shall render, at least quarterly, reports to the city manager and City Council showing: (a) type of investment, (b) institution, (c) date of maturity, (d) amount of deposit, (e) current market value, (f) rate of interest on each security, and (g) such other data as the City Council may, from time to time, specify.

POLICY REVIEW

In accordance with GC Section 53646(a)(2), the city treasurer may annually render to the city manager and City Council a Statement of Investment Policy, which Council shall consider and adopt by resolution at a public meeting.

To ensure consistency with any new relevant legislation and financial trends, the city treasurer shall periodically report to the city manager and City Council proposed changes in the law and amendments to this policy for review and approval.

- (b) Upon the deposit or investment of trust property pursuant to subdivision (a), the public guardian shall be deemed to have met the standard of care specified in this article and Article 2.5 (commencing with Section 16045) with respect to this trust property.

EXHIBIT "B"

DESCRIPTION OF INVESTMENTS

Surplus funds of local agencies may only be invested in certain eligible securities. The City invests only in those allowable securities under GC Sections 53601, 53635, 53684 and 16429.1.

LOCAL AGENCY-INVESTMENT FUND

LAIF investments are highly liquid with deposits being wired to the City within twenty-four hours and interest compounded daily.

LAIF is a special fund in the state treasury which local agencies may use to deposit funds for investment. There is no minimum investment period and the minimum transaction is \$5,000, in multiples of \$1,000 above that, with a maximum of \$65,000,000 for any agency. All interest is distributed to those agencies participating on a proportionate share determined by the amounts deposited and the length of time of the deposit. Interest is paid quarterly and deposited directly into the account on the 15th day of the month following the close of the quarter. The State keeps an amount for the reasonable costs of administration, not to exceed five percent of the quarterly earnings of the fund.

Interest rates are fairly high because of the pooling of the State surplus cash with the surplus cash deposited by local governments. This creates a multibillion-dollar money pool and allows diversified investments. In a high interest rate market, the City may produce higher yields than LAIF can, but in times of low interest rates, LAIF yields are generally higher.

CERTIFICATES OF DEPOSIT

Certificates of deposit (CDs) are saving certificates with a fixed maturity date and specified interest rate that are generally issued by commercial banks in any denomination aside from minimum investment requirements. A CD restricts access to funds until the maturity date of the investment. If the money is withdrawn before the maturity date, there is a penalty for early withdrawal. Certificates of deposit typically range from three months to five years.

Certificates of deposit are insured for up to \$250,000 when made with members of the Federal Deposit Insurance Corporation (FDIC). CDs made above this amount with any one institution should be collateralized at 110% by the institution with government securities or 150% with mortgage-backed securities. The City will not purchase CDs in an amount exceeding \$250,000 at any given institution.

PASSBOOK SAVINGS ACCOUNTS

7

Passbook savings accounts are demand deposits in major deposit and lending institutions that allow the investor to transfer money from checking to savings and earn short-term interest on odd amounts of money which are not available for longer investment. Passbook savings accounts are open-ended (i.e., they have no fixed term) and funds may be withdrawn at any time with no penalties. They are also insured up to \$250,000 when made with members of the FDIC. They are among the safest investments and earn very low rates of interest. Generally, because of the high degree of flexibility and the low yield, these investments are made with convenience as the objective rather than yield and are usually for small amounts.

NOTES, BONDS AND LOANS OF LOCAL AGENCIES WITHIN THE STATE INCLUDING BOARDS AND AGENCIES OF A LOCAL AGENCY

These investments are loans directly to the City's successor to the Lawndale Redevelopment Agency and allow for a secure guaranteed rate of return that will be repaid from the Successor Agency to the Lawndale Redevelopment Agency's tax increments (property taxes). The Agency's Board (City Council) and City Council control the terms of any such loan arrangement.

U. S. TREASURY SECURITIES

U.S. Treasury securities are considered the safest of all investments and are also highly liquid.

U.S. TREASURY BILLS are direct short-term debt obligations of the United States government. They have maturity dates of one year or less and are sold in denominations of \$1,000. They are issued and traded on a discount basis and the interest is computed on a 360-day basis. They are highly liquid investment with low market risk.

U.S. TREASURY NOTES are medium-term debt obligations of the United States government with fixed interest rates paid semiannually until maturity. Notes mature between one and 10 years (typical maturities are 2, 3, 5, 7 and 10 years). They are sold in multiples of \$100 with the minimum price of \$100. Although Treasury notes have low credit risk, they are affected by interest-rate and inflation risk which makes them volatile in a changing interest rate environment.

U.S. TREASURY BONDS are marketable, fixed-interest United States government debt security with a maturity of more than 10 years (typical maturities are 15, 20 or 30 years) and interest paid semiannually. These long-term bonds are highly volatile in a changing interest rate environment and are not considered low market risk investments.

FEDERAL AGENCY SECURITIES

Federal agency securities are highly liquid and considered credit risk free. They are guaranteed directly or indirectly by the United States government. All agency obligations qualify as legal investments and are acceptable as security for public deposits. They usually provide higher yields than regular treasury issues with all of the same advantages. Examples are:

FNMA's (Federal National Mortgage Association) are used to assist the home mortgage market by purchasing mortgages insured by the Federal Housing Administration and the Farmers Home Administration, as well as those guaranteed by the Veterans Administration.

FHLB's (Federal Home Loan Bank) notes and bonds are issued by the Federal Home Loan Bank System to help finance the housing industry. The notes and bonds provide liquidity and home mortgage credit to savings and loan associations, mutual savings banks, cooperative banks, insurance companies and mortgage lending institutions.

Other federal agency issues include Federal Intermediate Credit Bank Debentures (FICB), Federal Farm Credit Bank (FFCB), Federal Land Bank Bonds (FLB), Small Business Administration notes (SBA's), Government National Mortgage Association notes (GNMA's), Tennessee Valley Authority notes (TVA's), and Student Loan Association notes (SALLIE MAE's).

While these investments are virtually credit risk free, they must be held to maturity to receive the guaranteed principal and interest. They are subject to the same market risks as similar non-government securities and not ordinarily invested in by the City.

LOS ANGELES COUNTY POOLED SURPLUS INVESTMENTS

The Los Angeles County Pooled Surplus Investments is similar to the California LAIF. The county fund provides protection, liquidity and higher than market rates for short-term securities.

Los Angeles County manages a multi-billion dollar portfolio serving local agencies, including school districts, community college districts, special districts and cities. This pooled fund is managed by the County Treasurer and interest is competitive to money market rates. There are no restrictions to the number of transactions or dollar amount of deposits. The funds deposited by a local agency in the county pooled fund cannot be impounded or seized by any county official or agency while the funds are so deposited.

All interest, less costs to administer the fund, is distributed to those agencies participating on a proportionate share determined by the amounts deposited and the length of time of deposit. Interest is posted quarterly to the pool.

MUTUAL FUNDS

Money market mutual funds are another authorized investment allowing the City to maintain liquidity, receive competitive money market rates and remain diversified in pooled investments.

Mutual funds are referred to in GC Section 53601.6 as "shares of beneficial interests issued by diversified management companies registered under the Investment Company Act of 1940". The mutual fund must be restricted by its by-laws to the same investments allowed to the local agency. These investments are treasury issues, agency issues, banker's acceptances, commercial paper, certificates of deposit and negotiable certificates of deposit. The quality rating and percentage restrictions in each investment category applicable to the local agency also applies to the mutual fund.

The purchase price of shares of the mutual fund shall not include any sales commission. Investments in mutual funds and money market mutual funds cannot exceed twenty percent of the City's surplus money.

BANKERS' ACCEPTANCES

Banker's acceptances are frequently the highest in yield among short-term investments, are relatively safe and are highly liquid.

Bankers' acceptances are short-term credit arrangements that facilitates international trade transactions between two parties when they do not have an established credit relationship. It is a time draft drawn on a bank by an importer to finance purchases. By its acceptance, the bank becomes primarily liable for the payment of the draft at its maturity. Acceptances are purchased in various denominations ranging from 30 to 180 days. The interest is calculated on a 360-day discount basis similar to treasury bills. The City may invest up to forty percent of surplus money in bankers' acceptances with up to thirty percent invested in any one commercial bank (GC Section 53601(g)).

NEGOTIABLE CERTIFICATES OF DEPOSIT

Negotiable certificates of deposit (NCDs) are high-grade negotiable instruments, paying a higher interest rate than regular certificates of deposit. They are liquid because they can be traded in the secondary market. However, they cannot be cashed in before maturity.

Negotiable certificates of deposit are unsecured obligations of the financial institution, bank or savings and loan, generally bought at par value with a promise to pay face value plus accrued interest at maturity or the instrument is purchased at a discount to its face value. Minimum face value is \$100,000 with maturities ranging from two weeks to one year. The City does not usually invest in NCDs.

SUBJECT:	Approval of Agreement with Southwest Patrol
PREPARED BY:	Michael Reyes, Municipal Services Director
FROM:	Dr. Sean M. Moore, City Manager
TO:	Honorable Mayor and City Council
DATE:	June 16, 2025

BACKGROUND

The contract between the City of Lawndale and Southwest Patrol began two years ago in order to fill a need to provide an additional level of safety and security for the residents of Lawndale. Southwest Patrol was brought in with the specific focus of addressing the rising number of homeless individuals that were populating the city as a result of Project Roomkey, which was a Los Angeles County Homeless program that brought hundreds of homeless individuals into the City during COVID-19. Fortunately, federal funds from the American Rescue Plan Act (ARPA) provided an economic stimulus to all cities, including Lawndale, and these funds were used to prepay for two years of services from Southwest Patrol. Now that those funds have been exhausted, a new contract is up for consideration by the City Council.

STAFF REVIEW

Since partnering with the City of Lawndale, Southwest Patrol has made a profound impression on the community. Southwest Patrol Officers make daily contact with the homeless, and as a result the City has seen a significant decline in the number of homeless individuals on City streets, in City parks, and community wide. As their primary focus is to interact with the homeless, City Staff is no longer charged with handling these tasks, and are now free to focus on their regularly assigned duties. Southwest Patrol Officers are doing both outreach and enforcement, and every contact with any homeless individual begins with an introduction and an offer of assistance to get the homeless individual placed into a shelter. In fact, since joining with Lawndale we have seen many homeless individuals placed into temporary housing facilities.

In addition to their homeless outreach and enforcement duties, Southwest Patrol Officers are also patrolling all City of Lawndale buildings, parks, and streets and providing an additional set of eyes and ears to assist our Sheriff's Department in crime prevention at public sites and on public streets alike. Since their time with the City began, Southwest Patrol Officers have assisted deputies in apprehending a car thief, retrieving a stolen vehicle, and even assisting victims of a robbery in progress.

Southwest Patrol Officers are professional, courteous, dedicated to serving Lawndale, and have become excellent ambassadors for this community. While some consideration was given to contracting for unarmed guards, this option was considered impractical and dangerous for the guards, as they are working late nights and early mornings, and are being asked to patrol alleys, parks, and other secluded places with no back up. In light of recent violent acts perpetrated by homeless individuals, it is for their own safety that we request all guards be armed.

Additionally, the State of California recently voted in support of raising taxes to generate funds for homeless services through Measure A. Staff is looking into using Measure A funds that will be available in the coming months to offset costs for Southwest Patrol, however as this is a new funding source, it is as of yet unclear as to whether or not armed security guards would qualify as a acceptable spending option.

LEGAL REVIEW

The City Attorney has reviewed the staff report and approves it as to form.

FISCAL IMPACT

There is no fiscal impact to the current FY. However, based on direction from Council this item will be budgeted for the FY 25/26 budget. It is recommended that a 5% contingency be added to each of the options to allow for any unforeseen costs. See cost estimates for each of the three options below including a 5% contingency.

Option 1 – \$328,020

Option 2 - \$243,705

Option 3 - \$233,310

RECOMMENDATION

Staff recommends that the City Council approve one of the following three options plus a 5% contingency as noted above:

- 1. Option One Increase Southwest Patrol hours form 96 hours per week to 112 hours per week for a total of 5,680 guard hours annually for a cost of \$312,400. This would give the City guard coverage seven days and seven nights per week with 16 out of every 24 hour day with an armed guard patrolling the City of Lawndale. This option does not include guard coverage on the nine holidays recognized by Southwest Patrol including July 4th, Labor Day, Thanksgiving, Christmas Eve and Christmas Day, New Year's Eve and New Year's Day, Easter and Memorial Day. With the elimination of the holiday hours factored in at an hourly rate of time and a half, the cost comes in at 5,680 billable hours for a total of \$312,400 annually.
- 2. Option Two Reducing the amount of guard hours per week from 96 hours to 80 hours. This would give the City guard coverage Monday through Friday from 8:00 am until 4:30 pm, as well as Tuesday night and Thursday through Sunday night coverage form 6:00 pm until 2:30 am. This option also maintains guard coverage on all nine holidays recognized by Southwest Patrol including July 4th, Labor Day, Thanksgiving, Christmas Eve and Christmas Day, New Year's Eve and New Year's Day, Easter and Memorial Day. This would be the equivalent of 4,160 guard hours per year at the rate of \$55 per hour for a total of \$228,800. With the holiday hours factored in at a hourly rate of time and a half hourly rate, the cost rises to 4,220 billable hours for a total of \$232,100 annually.
- 3. Option Three Reducing the amount of guard hours per week from 96 hours to 80. This would give the City guard coverage Monday through Friday from 8:00 am until 4:30 pm, as well as on Tuesday night and Thursday night through Sunday night from 6:00 pm until 2:30 am. Under this option the City would eliminate guard shifts on all holidays (9) recognized by Southwest Patrol including July 4th, Labor Day, Thanksgiving, Christmas Eve and Christmas Day, New Year's Eve and New Year's Day, Easter, and Memorial Day. This would be the equivalent of 4,040 billable hours for a total of \$222,200 annually, which is the lowest priced option.

PREPARED BY:	Lucho Rodriguez, Public Works Director Grace Huizar, Senior Management Analyst
SUBJECT:	First Amendment to Contract Services Agreement for Landscape Maintenance and Tree Trimming Services

BACKGROUND

For the past three years, the City's landscape maintenance and tree trimming services have been provided by Mariposa Landscapes, Inc. (Mariposa). Throughout the term of the agreement, Mariposa has consistently delivered reliable and excellent service to the City of Lawndale. The scope of the agreement includes landscape maintenance at parks and City facilities, city-wide weed abatement, irrigation system inspections, and litter removal from center medians. Tree trimming services cover trees located along streets, parkways, parks, City facilities, and designated areas within the railroad right-of-way. The current agreement is set to expire on June 30, 2025. (Attachment 1)

STAFF REVIEW

Mariposa is a full-service landscape and tree trimming company employing over six hundred personnel and has served as the City's contractor since 2022. The company has demonstrated reliability and has consistently delivered satisfactory service throughout the duration of the contract.

The current agreement has a three-year term, effective from July 1, 2022, through June 30, 2025, and includes two (2) optional one-year extensions. If both extension options are exercised, the agreement may be extended through June 30, 2027.

On March 17, 2025, the City reached out to Mariposa to inquire about the possibility of extending the existing agreement for an additional 12-month term. Mariposa responded on March 31, 2025, confirming their interest in the extension and indicating that their proposed rates would include a 3.1% adjustment based on the Consumer Price Index (CPI). The proposed rate adjustment aligns with the current rate of inflation.

The First Amendment provides for a one-year extension of the agreement through June 30, 2026. Under this extension, the cost for landscape maintenance services for Fiscal Year 2025–26 is \$445,068.83, and the cost for tree trimming services is \$539,540.86, resulting in a total annual cost of \$984,609.69. This amount is included in the proposed Fiscal Year 2025–26 City budget. (Attachment 2)

LEGAL REVIEW

The City Attorney reviewed the staff report and the First Amendment and approved as to form.

FISCAL IMPACT

The landscape maintenance and tree trimming services are funded through a combination of General Fund and Gas Tax Fund resources. Of the total annual cost of \$445,068.83 for landscape maintenance services, \$267,041.00 is allocated to Account No. 100-320-530.100 (Grounds – General Fund Contract Services), and \$178,028.00 is allocated to Account No. 201-330-530.100 (Streets – Gas Tax Contract Services).

For tree trimming services, with a total annual cost of \$539,540.86, a total of \$215,816.34 is allocated to Account No. 100-320-530.100 (Grounds – General Fund Contract Services), and \$323,724.52 is allocated to Account No. 201-330-530.100 (Streets – Gas Tax Contract Services).

Sufficient funding for both services has been included in the proposed Fiscal Year 2025–26 Annual City Budget.

RECOMMENDATION

Staff recommends that the City Council approve the First Amendment to the Landscape Maintenance and Tree Trimming Services Agreement to extend the term for an additional 12 months through June 30, 2026 at a total annual cost of \$984,609.69.

1.5 <u>Familiarity with Work</u>. By executing this Agreement, Contractor warrants that Contractor (a) has thoroughly investigated and considered the scope of services to be performed, (b) has carefully considered how the work and services should be performed, and (c) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement.

1.6 <u>Additional Services</u>. City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Contractor, incorporating therein any adjustment in (i) the Contract Sum, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Contractor. Any increase in compensation must be approved by the City Council. It is expressly understood by Contractor that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services or reasonably

contemplated therein. Contractor hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Contractor anticipates and that Contractor shall not be entitled to additional compensation therefor.

1.7 <u>Special Requirements</u>. Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as *Exhibit* "B" and incorporated herein by this reference. 2.0 COMPENSATION

2.1 <u>Contract Sum</u>. For the services rendered pursuant to this Agreement, Contractor shall be compensated in accordance with the "Schedule of Compensation" attached hereto as *Exhibit* "C" and incorporated herein by this reference, but not exceeding the maximum contract amount of two million seven hundred forty-eight thousand three hundred seventy-nine dollars and 98 cents (\$2,748,379.98) ("Contract Sum"), except as provided in Section 1.6. The method of compensation may include: (i) a lump sum payment upon completion, (ii) payment in accordance with the percentage of completion of the services, (iii) payment for time and materials based upon the Contractor's rates as specified in the Schedule of Compensation. Compensation may include reimbursement for actual and necessary expenditures approved by the Contract Officer in advance if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Contractor at all project meetings reasonably deemed necessary by the City.

Contractor agrees that if Contractor becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services or, if Contractor is providing design services, the cost of the project being designed, Contractor shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Contractor is providing design services, the estimated increased or decreased cost estimate for the project being designed.

2.2 <u>Method of Payment</u>. Unless some other method of payment is specified in the Schedule of Compensation, in any month in which Contractor wishes to receive payment, no later than the first (1st) working day of such month, Contractor shall submit to the City, in a form approved by the City's Director of Finance, an invoice for services rendered prior to the date of the invoice. Except as provided in Section 7.2, City shall pay Contractor for all expenses stated thereon which are approved by City pursuant to this Agreement generally within thirty (30) days, and no later than forty-five (45) days, from the submission of an invoice in an approved form. City will review each invoice submitted by Contractor to determine whether the work performed and expenses incurred are in compliance with this Agreement. If no charges or expenses are disputed, the invoice will be approved and paid. In the event any charges or expenses are disputed by City, the invoice will be returned by City to Contractor for correction and resubmission. City reserves the right to withhold future payment to Contractor if any aspect of the Contractor's work is found substantially inadequate.

7

2.3 <u>Availability of Funds</u>. It is mutually understood between the parties that this Agreement is valid and enforceable only if sufficient funds are made available by the City Council of the City for the purposes of this Agreement. The availability of funding is affected by matters outside the City's control, including other governmental entities. Accordingly, the City has the option to void the whole Agreement or to amend the Agreement to reflect unanticipated reduction in funding for any reason.

3.0 PERFORMANCE SCHEDULE

3.1 <u>Time of Essence</u>. Time is of the essence in the performance of this Agreement.

3.2 <u>Schedule of Performance</u>. Contractor shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as *Exhibit* "D", if any, and incorporated herein by this reference.

3.3 Force Majeure. The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Contractor shall, within ten (10) days of the commencement of such delay, notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay and extend the time for performing the services for the period of the enforced delay when and if, in the judgment of the Contract Officer, such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused; Contractor's sole remedy being extension of the Agreement pursuant to this Section.

3.4 <u>Term</u>. Unless earlier terminated in accordance with Section 7.4 below, this Agreement shall begin on July 1, 2022 and continue in full force and effect until completion of the services no later than June 30, 2025.

4.0 COORDINATION OF WORK

4.1 <u>Representative of Contractor</u>. Miguel Medina, Contract Administrator is hereby designated as being the representative of Contractor authorized to act on its behalf with respect to the work or services specified herein and to make all decisions in connection therewith.

It is expressly understood that the experience, knowledge, capability and reputation of the representative was a substantial inducement for City to enter into this Agreement. Therefore, the representative shall be responsible during the term of this Agreement for directing all activities of Contractor and devoting sufficient time to personally supervise the services hereunder. For purposes of this Agreement, the representative may not be replaced nor may his responsibilities be substantially reduced by Contractor without the express written approval of City.

4.2 <u>Contract Officer</u>. The City's City Manager is hereby designated as the representative of the City authorized to act in its behalf with respect to the work and services and to make all decisions in

connection therewith ("Contract Officer"). It shall be the Contractor's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Contractor shall refer any decisions which must be made by City to the Contract Officer. The City may designate another Contract Officer by providing written notice to Contractor.

4.3 <u>Prohibition against Subcontracting or Assignment</u>. The experience, knowledge, capability and reputation of Contractor, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Contractor shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred or assigned without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Contractor taking all transfers into account on a cumulative basis. A prohibited transfer or assignment shall be void. No approved transfer shall release the Contractor or any surety of Contractor of any liability hereunder without the express consent of City.

4.4 Independent Contractor. Neither the City nor any of its employees shall have any control over the manner or means by which Contractor or its employees, perform the services required herein, except as otherwise set forth herein. Contractor shall perform all services required herein as an independent contractor of City and shall remain under only such obligations as are consistent with that role. Contractor represents and warrants that the personnel used to provide services to the City pursuant to this Agreement are classified by Contractor as employees. Contractor shall not at any time or in any manner represent that it or any of its employees are employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Contractor in its business or otherwise or a joint venturer or a member of any joint enterprise with Contractor. In the event that Contractor or any employee of Contractor providing services under this Agreement claims or is determined by a federal or state agency, a court of competent jurisdiction, or the California Public Employees' Retirement System ("CalPERS") to be classified as other than an independent contractor for the City, then Contractor shall indemnify, defend, and hold harmless the City for the payment of any and all assessed fines, penalties, judgments, employee and/or employer contributions, and any other damages and costs assessed to the City as a consequence of, or in any way attributable to, the assertion that Contractor or any staff used to provide services under this Agreement are employees of the City.

5.0 INSURANCE AND INDEMNIFICATION

5.1 <u>Insurance</u>. Contractor shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance:

(a) <u>Commercial General Liability Insurance</u>. A policy of commercial general liability insurance using Insurance Services Office "Commercial General Liability" policy form CG 00 01, with an edition date prior to 2004, or the exact equivalent. Coverage for an additional insured shall not be limited to its vicarious liability. Defense costs must be paid in addition to limits. Limits shall be no less than \$5,000,000.00 per occurrence for all covered losses and no less than \$5,000,000.00 general aggregate.

(b) <u>Workers' Compensation Insurance</u>. A policy of workers' compensation insurance on a state-approved policy form providing statutory benefits as required by law with employer's liability limits no less than \$1,000,000.00 per accident for all covered losses.

(c) <u>Automotive Insurance</u>. A policy of comprehensive automobile liability insurance written on a per occurrence basis in an amount not less than \$1,000,000 per accident, combined single limit. Said policy shall include coverage for owned, non-owned, leased and hired cars.

(d) <u>Professional Liability or Error and Omissions Insurance</u>. A policy of professional liability insurance in an amount not less than \$1,000,000 per claim with respect to loss arising from the actions of Contractor performing professional services hereunder on behalf of the City. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement and Contractor agrees to maintain continuous coverage through a period no less than three (3) years after completion of the services required by this Agreement.

All of the above policies of insurance shall be primary insurance. The general liability policy shall name the City, its officers, employees and agents ("City Parties") as additional insureds and shall waive all rights of subrogation and contribution it may have against the City and the City's Parties and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention. All of said policies of insurance shall also provide that said insurance may be not cancelled without providing ten (10) days prior written notice by registered mail to the City. In the event any of said policies of insurance are cancelled or amended, Contractor shall, prior to the cancellation or amendment date, submit new evidence of insurance in conformance with this Section 5.1 to the Contract Officer. No work or services under this Agreement shall commence until Contractor has provided City with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by City.

Contractor agrees that the provisions of this Section 5.1 shall not be construed as limiting in any way the extent to which Contractor may be held responsible for the payment of damages to any persons or property resulting from Contractor's activities or the activities of any person or persons for which Contractor is otherwise responsible. If the Contractor's insurance policies have higher limits and coverage than those required by this contract, the City will have access to those higher limits and coverage maintained by the Contractor.

The insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide or The Key Rating Guide, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City due to unique circumstances.

In the event that the Contractor is authorized to subcontract any portion of the work or services provided pursuant to this Agreement, the contract between the Contractor and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Contractor is required to maintain pursuant to this Section 5.1.

5.2 <u>Indemnification</u>.

(a) <u>Indemnity for Design Professional Liability</u>. When the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, and except for the statutory limits set forth under California Civil Code Section 2782.8 applicable to services provided by a "design professional", Contractor shall indemnify, defend and hold harmless City and the City's Parties from and against any and all losses, liabilities, damages, costs and expenses, including attorneys' fees and costs to the extent same are caused in whole or in part by any negligent or wrongful act, error or omission of Contractor, its officers, employees of subcontractors (or any entity or individual for which Contractor shall bear legal liability) in the performance of professional services under this Agreement.

(b) <u>Indemnity for Other Than Design Professional Liability</u>. Other than in the performance of design professional services and to the full extent permitted by law, Contractor shall indemnify, defend and hold harmless City and City's Parties from and against any liability (including liability for claims, suits, actions, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, defense costs and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor or by any individual or entity for which Contractor is legally liable, including but not limited to officers, employees, or subcontractors of Contractor.

6.0 RECORDS AND REPORTS

6.1 <u>Reports</u>. Contractor shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require.

6.2 <u>Records</u>. Contractor shall keep, and require subcontractors to keep, such books and records as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required.

6.3 <u>Ownership of Documents</u>. All drawings, specifications, reports, records, documents and other materials prepared by Contractor, its employees and subcontractors in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Contract Officer or upon the termination of this Agreement and Contractor shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of ownership of such documents and materials. Contractor may retain copies of such documents for its own use and Contractor shall have an unrestricted right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Contractor fails to secure such assignment, Contractor shall indemnify City for all damages resulting therefrom. Except as necessary for the performance of services under this Agreement, no documents prepared under this Agreement may be released by Contractor to any other person or entity without City's prior written approval.

Confidentiality of Information. All information gained or work product produced by 6.4 Contractor in performance of this Agreement will be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor may not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law. Contractor, its officers, employees, or agents, may not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the services performed under this Agreement. Response to a subpoena or court order will not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena. If Contractor, or any officer, employee, or agent of Contractor, provides any information or work product in violation of this Agreement, then City will have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct. Contractor must promptly notify City should Contractor, its officers, employees, or agents be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the services performed under this Agreement. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite such response. All media and press releases, including graphic display information, must be approved and distributed solely by City, unless otherwise agreed to in writing by City. All media interviews regarding the performance of services under this Agreement are prohibited unless expressly authorized by City.

7.0 ENFORCEMENT OF AGREEMENT

7.1 <u>California Law</u>. This Agreement shall be construed and interpreted both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Contractor agrees to submit to the personal jurisdiction of such court in the event of such action.

7.2 <u>Retention of Funds</u>. Contractor hereby authorizes City to deduct from any amount payable to Contractor (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by reason of Contractor's acts or omissions in performing or failing to perform Contractor's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Contractor, City may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Contractor to insure, indemnify, and protect City as elsewhere provided herein.

7.3 <u>Waiver</u>. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed

to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.4 <u>Termination Prior to Expiration of Term</u>. Either party may terminate this Agreement at any time, with or without cause, upon thirty (30) days' written notice to the other party. Upon receipt of any notice of termination, Contractor shall immediately cease all work or services hereunder except such as may be specifically approved by the Contract Officer. Contractor shall be entitled to compensation for the reasonable value of the work product actually produced prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation and City shall be entitled to reimbursement for any compensation paid in excess of the services rendered.

7.5 <u>Completion of Work After Termination for Default of Contractor</u>. If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.6 <u>Attorneys' Fees</u>. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, shall be entitled to reasonable attorneys' fees, whether or not the matter proceeds to judgment, and to all other reasonable costs for investigating such action, taking depositions and discovery, including all other necessary costs the court allows which are incurred in such litigation.

8.0 CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 <u>Non-liability of City Officers and Employees</u>. No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 <u>Conflict of Interest; City</u>. No officer or employee of the City shall have any financial interest in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects his financial interest or the financial interest of any corporation, partnership or association in which he is interested, in violation of any State statute or regulation.

8.3 <u>Conflict of Interest; Contractor</u>. Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement. Contractor shall comply with all conflict of interest laws and regulations including, without limitation, City's Conflict of Interest Code which is on file in the City Clerk's office. Accordingly, should the City Manager determine that Contractor will be performing a specialized or general service for the City and there is substantial likelihood that the Contractor's work product will be presented, either written or orally, for the purpose of influencing a governmental decision, the Contractor and its officers or employees, as applicable, shall be subject to the City's Conflict of Interest Code. 8.4 <u>Covenant Against Discrimination</u>. Contractor covenants that, by and for itself, its executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. Contractor shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin or ancestry.

9.0 MISCELLANEOUS PROVISIONS

9.1 <u>Notice</u>. Any notice or other communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, City of Lawndale, 14717 Burin Avenue, Lawndale, California 90260, and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement. 9.2 <u>Interpretation</u>. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 <u>Integration: Amendment</u>. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. This Agreement may be amended at any time by an instrument in writing signed by both parties.

9.4 <u>Severability</u>. Should a portion of this Agreement be declared invalid or unenforceable by a judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.5 <u>Corporate Authority</u>. The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement is binding upon the heirs, executors, administrators, successors and assigns of the parties.

9.6 <u>Counterparts</u>. This Agreement may be executed in several counterparts, each of which will constitute one and the same instrument and will become binding upon the parties when at least one copy has been signed by both parties. This Agreement and any amendment will be considered executed when the signature page of a party is delivered by facsimile or other electronic transmission. Such

electronic signatures will have the same effect as an original signature, provided that a wet signature copy is also mailed to the other party.

9.7 <u>Modification of Agreement</u>. No amendment to or modification of this Agreement will be valid unless made in writing and approved by Consultant and by the City Council or City Manager, as applicable. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver will be void.

IN WITNESS WHEREOF, the parties have executed and entered into this Agreement as of the date first written above.

For each consecutive calendar day in excess of the time specified for completion of the work (as adjusted), the Contractor shall pay to the City, or have withheld from moneys due it, the sum of \$250. Execution of the contract under these Specifications shall constitute agreement by the City and the Contractor that \$250 per day is the minimum value of the costs and actual damage caused by failure of the Contractor to complete the work within the allotted time, that such sum is liquidated damages and shall not be construed as a penalty, and that such sum may be deducted from payments due the Contractor if such delay occurs."

Should the Director point out the inadequacy of warning and protective measures, such action on the part of the Director shall not relieve the Contractor from responsibility for public safety or abrogate his obligation to furnish and pay for these devices.

Prior to beginning any construction, the Contractor shall furnish the Director with local emergency phone numbers where he or a representative may be contacted during non-working hours or days for the purpose of replacing or providing additional warning or safety devices as directed by the Director.

If the Contractor cannot be contacted or if attention is directed to the existence of a hazard and the Contractor fails to provide the necessary safety devices, said devices will be placed, or caused to be placed, by the City. The cost of placement to these devices shall be the sole responsibility of the Contractor and shall be paid for at the rate of \$50 per call-out plus \$25 per traffic control device for each 24 hours, or fraction thereof, that the device is required. At the City's option, it may also contract with an outside vendor to provide traffic control services. Said costs shall be deducted from the total contract price for the work.

TECHNICAL PROVISIONS – LANDSCAPE MAINTENANCE

1. GENERAL REQUIREMENTS

A. Pre-Job Conference

Prior to the issuance of the written Notice to Proceed, the Director of Public Works will schedule a conference to establish lines of communication, inspection, and reporting procedures, and performance of sample pruning. The Contractor will be paid its unit price agreed upon and set forth in the Agreement for trimming sample trees. Sample trees will be of the species typically found throughout the City.

The Contractor r shall adhere to the equipment and personnel requirements set forth in this Agreement. Furthermore, at the pre-job conference, the Contractor shall provide the Director of Public Works with equipment and personnel listings as follows:

(1) Equipment Listing

The Contractor shall provide the City with an inventory list of company equipment that is related to this service contract and that is to be used or updated throughout the duration of this service contract.

(2) Personnel Listing

A minimum of two basic climbing crews shall be listed and provided for the service contract. Each crew must consist of at least two high climbers and one grounds man.

All changes to the licensed personnel assigned to this project shall be reported to the Director of Public Works in writing 48 hours in advance of the change.

The Contractor is required to have prior approval in writing by the Director of Public Works before any tree maintenance operations are performed on City property by any company or persons not listed. Should any tree maintenance operation be performed without prior approval, a \$500 fine per incident may be charged and is cause for termination of this Agreement.

B. Conduct of Operations

(1) Safety Orders

At all times, work must conform to Article 12, Tree Work, Maintenance, or Removal, of the General Industry Safety Orders, Title 8, California Administrative Code. Head protection shall be worn by all employees engaged in tree operations and shall conform to Article 10, Section 3381 of the General Industry Safety Orders, Title 8, California Administrative Code.

Work shall also conform to American National Standards Institute (ANSI) Z.133.1, Standards for Tree Care Operations, ANSI A300 pruning standards, OSHA regulations, and International Society of Arboriculture (ISA) Standards. In case of conflict among the above regulations, the more stringent regulation shall apply.

1.

(2) Dress Code

11

The Contractor shall be responsible for having all employees wear a proper uniform. The proper uniform includes the following:

(a) Safety boots. No sandals or tennis shoes shall be worn on the job.

(b) Shirts. All workers shall wear shirts with long or short sleeves.

(3) Climbing Spurs

Climbing spurs shall not be allowed.

(4) Equipment Identification

All major equipment used for this Agreement shall have the contractors name and telephone number prominently displayed.

(5) Cooperation with Others

The Contractor shall endeavor to maintain good public relations at all times. The work shall be conducted in a manner which will cause the least possible interference with or annoyance to the public.

(6) Communication

A qualified English-speaking supervisor shall be continually present and available to City personnel and the public during hours of operation at each working site.

(7) Photograph Documentation

The Contractor is required to provide before and after pictures of safety items or emergency repairs which were made without prior City approval. Documentation of contract compliance may be required on some occasions. Photographic documentation shall conform to the following:

All Photographs must be clear and reproducible.

Contractor shall maintain photograph albums which shall be part of the project record with a duplicate album delivered to the Director.

(8) Compost Tree Trimming Waste

The Contractor shall compost or recycle all of the tree trimming waste accumulated by pruning of trees and stump removal.

The Contractor will be required to document in a monthly report the number of tons of tree trimming waste which is being composed or recycled rather than hauled to the landfill.

(9) Disposal of Debris

All disposal of debris is the responsibility of the Contractor and shall be performed in a legal manner.

NO DEBRIS SHALL REMAIN OVERNIGHT.

The Contractor must conform to all state and federal laws and regulations concerning firewood transportation. Firewood size wood may be left on-site at the request of the adjacent resident, in accordance with the following:

(a) The resident must complete and sign a request form, including a requirement that the wood shall be removed within 72 hours from the date and time of signing.

(b) Firewood size shall be minimum 6-inch diameter and maximum 18-inch length.

(c) Firewood shall be neatly stacked within the public right-of-way, clearly visible.

C. Public Safety

(1) Notifications

The Contractor shall post notices on all streets affected by his operations at least 48 hours in advance of any operations on such streets.

(2) Sidewalk Closures

The Contractor shall close sidewalks on one side of the street at a time. Sidewalks shall be barricaded and posted with warning signs.

(3) Street Closures

The Contractor shall close only one side of the street at a time. Street shall be barricaded and posted with warning signs. A flag person, provided by the Contractor, shall be present during work, should the City deem applicable.

(4) Removal of Debris from SidewalksAll debris shall be removed from sidewalks as soon as practicable.

2. MAINTENANCE CLASSIFICATIONS

One or more of the following categories of tree maintenance is assigned to each tree:

<u>Remove (RV)</u> - Removing trees, including stumps that are dead, diseased, or decaying, and that present a hazardous condition, or are in a location that could present an unsafe condition.

<u>Clearance (CL)</u> - The act of pruning trees away from obstructions, such as maintaining clearance above streets and sidewalks, or clearance from utilities.

<u>Training (TR)</u> - The act of pruning young trees in order to facilitate sound structure and growth habit.

<u>Thinning (TH)</u> - The act of reducing the density of the tree's crown by selective pruning. Sometimes called "lacing out".

<u>Crown Reduction (CR)</u> - The act of reducing the size of a tree's crown by cutting major limbs back to substantial lateral branches ("drop crotching").

<u>Crown Raising (SR)</u> - Raising the crown by removing lower branches; in the case of palms it is removing the "skirt" of dead and drooping fronds.

<u>Side Pruning (SP)</u> - Shaping one side of a tree to clear the crown from buildings or other obstructions.

3. TREE MAINTENANCE PROGRAM

The City is responsible for maintenance of city trees in medians, parkways, and other public spaces. This program is intended to guide the necessary work over any given 3-year period.

The basic approach to tree pruning is to do as little as possible; that is, to confine pruning operations to only that necessary for public safety and tree health. Emergencies will always occur but are unpredictable.

All pruning should have a purpose. Without a legitimate need, no pruning should occur. Prepruning inspections should identify the needs for removal, clearance, structural connection, crown reduction, crown thinning, etc.

The practice of thinning the crowns of trees is to be discouraged. Only dead, diseased, broken limbs, or water sprouts should be removed. Excessive thinning leads to poor structure, sunscald, suckering, and early limb failure.

Crown reduction and thinning should always be performed by drop crotching. Tip pruning, particularly with chain saws, is not allowed.

4. PRUNING STANDARDS

A. Definitions

<u>Branch Collar</u> - Wood tissue ridges that form around the base of a branch between the trunk and the branch.

<u>Callus</u> - New growth made by the cambium layer around a wound.

<u>Cambium Layer</u> - The growth point between the bark and sapwood.

<u>Closure</u> - Refers to the roll of the callus growth around the wound area.

<u>Crown Raising</u> - The removal of lower branches for under clearance. On palms, the removal of dead and drooping fronds.

<u>Cut</u> - The exposed wood area that remains after the branch has been removed.

<u>Cut Back/Drop Crotch</u> - Specified reduction of the overall size of a tree or individual branches, but may include the overall reduction of the sides, as well as the top of the tree.

<u>Dormant</u> - A condition of non-active growth. Deciduous trees are considered to be dormant from the time the leaves fall until new foliage begins to appear.

<u>Girdling Roots</u> - Located above or below ground level, roots whose circular growth around the base of the trunk or over the individual roots applies pressure to the bark area, thereby choking or restricting the flow of nutrients.

<u>Pollarding</u> - The practice of cutting branches to stubs in order to create a geometric shape or to reduce the overall size of the tree.

<u>Precut or Precutting</u> - The removal of the branch at least 12 inches beyond the finished cut, to prevent splitting into the trunk or branch.

<u>Pruning</u> - The removal of dead, dying, diseased, live, interfering, objectionable, and weak tree branches in a scientific manner.

Sap Flow - The definite course assumed by sap in its movement through the tree.

Scars or Injuries - Natural or manmade lesions on the bark in which wood is exposed.

<u>Shoulder Cut</u> - The final cut, immediately beyond the branch bark ridges and preserving the branch color.

 $\underline{Suckers}$ - The abnormal growth of small branches that usually do not follow the general pattern of the tree.

<u>Thinning Out</u> - The removal of live branches to reduce wind resistance and to create more space.

<u>Topiary</u> - The practice of pruning small trees to defined shapes, usually geometric, and maintaining the shape by frequent shearing.

<u>Topping</u> - Pruning a tree to reduce its overall size by pollarding. This practice results in abnormal tree structure, prolific suckering and weak structure. Topping is not allowed.

<u>Certified Arborist</u> - A person who can verify certification as an arborist by the International Society of Arboriculture (ISA), or an approved equal.

B. General Specifications for Tree Pruning

(1) General

The Standards of Pruning for Certified Arborists prepared by the certification committee of the Western Chapter of the ISA are the basic standards applied to the work of this contract.

Prune trees to select and develop permanent scaffold branches that are smaller in diameter than the trunk or branch to which they are attached, which have vertical spacing of 18 inches to 48 inches and radial orientation, so as not to overlay one another, to eliminate diseased or damaged growth within space limitations, to maintain a natural appearance, and to balance crown with roots. In no case shall trees be topped or tip pruned unless approved in writing by the City's authorized representative.

All cuts shall be made sufficiently close to the trunk or parent limb without cutting into the branch collar or leaving a protruding stub, so that closure can readily start under normal conditions. Clean cuts shall be made at all times.

Contractor shall clear trees of sprout or sucker growth to a minimum height of eight (8) feet above ground level. Contractor shall also remove all vines entwined in trees and tree trunks. Vine tendrils shall be removed without injury to the tree.

Contractor shall clear all branches and foliage within ten (10) feet of primary electrical lines. All persons performing such work must be trained to do so according to the current Electrical Safety Orders of the State of California and must be ISA Certified for Utility Pruning.

Contractor shall clear all branches that interfere with secondary electric, telephone, cable, and other utility lines within one (1) foot of such lines wherever feasible.

(2) Removal of Laterals

<u>Shoulder Cuts</u> - The final cut in removing a lateral branch should be immediately beyond the branch bark ridges, preserving the branch collar. Contractor shall not make stub cuts.

<u>Triple Cuts</u> - For any branch too large to be held while being cut, remove by means of the following cuts:

- a) Pre-cut the branch by under cutting 4-10 inches beyond the base to prevent splitting or peeling.
- b) Cut off the branch beyond the undercut where necessary. To prevent property damage, branches shall be lowered to the ground by ropes and/or proper equipment.
- c) Remove the remaining stub via a shoulder cut.

C. Removal of Terminals (Tip Thinning & Drop Crotching)

(1) <u>Thinning</u>

"Lace out" terminal portions of branches by cutting terminals back to laterals. (The basal diameter of the remaining lateral should be at least 1/3 the diameter of the terminal being removed.) Remove numerous small terminals and laterals rather than taking out a few large ones. Retain inner lateral branches and leave some distribution of foliage along branch. Avoid "lion's-tailing."

(2) <u>Size reduction</u>

To take out portions of the crown for reducing height, remove terminals back to laterals. Each lateral should be suitably situated to serve as the new terminal, thus establishing the crown at a lower level. No more than 25 percent of live wood shall be removed from the crown of any tree. The basal diameter of a lateral should be at least 3/4 the basal diameter of the terminal being removed. (Laterals smaller than this cannot function effectively as new terminals, and the effect is then similar to a stub cut). No live, healthy limb in excess of six (6) inches diameter shall be cut without City approval.

(3) <u>General Hazards</u>

Branches that pose a threat to the health, safety, and welfare of the general public shall be removed. In addition, branches that disrupt the aesthetic or general integrity of the tree shall be removed. Kinds of branches to be removed:

Streets and Parks	Railroad Right-of-Way
Above traffic ways - 14 feet	Above tracks – 30 feet
Above walkways - 9 feet	From nearest rail – 15 feet
From signs, buildings, etc - 5 feet.	

(a) Obstructing branches: Clear walks, traffic ways, buildings, signs, and other manmade structures. Clear other trees, plants, as needed. Clearance as shown below:

(b) Dead, broken, diseased, or weak branches, of 2-inch diameter or larger. (Also, stubs left by previous pruners).

(c) Crossing branches. This includes potentially crossing branches, also upright shoots (water sprouts) vigorous, and interior-directed branches.

(d) Narrow crotch-angle branches. For most kinds of trees, branches with a crotch angle narrower than 30 degrees should be removed.

(e) Parallel branches. Branches less than a foot apart, which run parallel for several feet, may eventually damage each other. The less desirable one should be removed.

(f) Wind-breakage risks. Crowns that are too high and/or too dense should be thinned and sometimes lowered to suitable laterals. Reducing wind resistance by thinning out many small branches is safer and better for the tree than taking out several large branches.

(g) Branches which disrupt tree form. Excessively vigorous branches, or those which run against the general branching pattern, should be trimmed for better balance and shape. (This does not mean the tree must be made perfectly symmetrical: asymmetry, as such, can be both attractive and safe.)

(h) All root suckers shall be removed immediately by "pinching." String trimmers shall not be used.

(i) Should the Contractor discover an infestation or disease on any tree, he shall immediately stop work on that tree and notify the City. The City will provide direction concerning further work on any such tree.

On trees known to be diseased, tools are to be disinfected with Physan solution or Clorox solution after each cut and between trees where there is known to be a danger of transmitting the disease on tools. The solution shall also be sprayed on the cut once it has been made.

(4) Unacceptable Work

- (1) Cutting back of all growing tips, usually referred to as topping, pollarding, or hat racking.
- (2) Topiary trimming and topping.
- (3) Flush cutting (removing the branch collars and branch bark ridge).
- (4) Stub cutting, where branch removal results in a remaining protrusion of more than 3 inch beyond the zone of branch collar and branch bark ridge.
- (5) Removal of a healthy main leader for reasons other than power line clearance.
- (6) Use of chainsaws on any limb less than 4-inches in diameter.
- (7) Use of dull tools.

E. Pruning

(1) Young Tree Pruning

Lower branches shall remain in a "tipped back" or pinched condition, leaving as much foliage as possible to promote caliper trunk growth. Stripping of the lower branches will not be allowed. Lower branches shall be cut flush with the trunk only when the tree is able to stand without support. A central leader shall be encouraged.

(2) Evergreen Tree Pruning

Evergreen trees (trees that are not deciduous) can be pruned or thinned at any time when necessary. Pruning shall be performed for appearance and safety. All dead or broken branches shall be removed. For safety reasons, remove any part that may become a hazard by falling.

(a) Deodar Cedars and Pines

Deodar Cedars and Pines shall not be pruned except as corrective or preventative maintenance. No pruning shall be done from May through November. Removal of lower branches for turf maintenance is allowable.

(b) Eucalyptus Tree Pruning

Newly planted Eucalyptus trees shall be thinned (not topped) 50 percent once a year to increase trunk caliper.

(c) Deciduous Tree Pruning

The pruning of deciduous trees shall be done during the dormant season. Blooming deciduous trees will be pruned after blooming.

(d) Palm Pruning

All dead fronds and parts thereof, including stubs shall be removed along the entire length of the trunk of each palm together with any ivy or vines leaving a clean, unsheathed appearance from the base to (see table) inches from the remaining green fronds at the top of the tree. All removed fronds and fruit clusters shall be cut flush with the trunk without cutting into the trunk itself. Remove fronds to approximate horizontal.

Palms with 8 feet or less of brown trunk shall be trimmed, but not slicked. Trachycarpus (windmill) palms shall be trimmed, but not slicked.

Palm Species	Sheathed Crown
Arcontophoenix	None
Arecastrum (Cocos)	None
Phoenix	48" to 60" (symmetrical appearance)
Trachycarpus	None
Washingtonia	36"

- i. Only full green fronds shall remain at the crown and precaution shall be taken so that no live fronds are partially cut and left in the tree.
- ii. Fronds shall be removed up to, but not greater than, the petiole angle of 15 degrees above horizontal.

F. Railroad Right-Of-Way Trees

Pruning shall be limited to clearance and corrective maintenance. Most trees will not require pruning.

G. Sidewalk Damage

The Contractor will not be liable for existing broken and/or raised sidewalks. The Contractor will be responsible for replacement of sidewalks negligently damaged by its operations.

5. TREE STAKES

A. Tree Stake Maintenance and Removal

Tree stakes on established trees shall be removed. Tree stakes and ties on young trees shall be checked and adjusted. No additional payment will be made for this work.

6. TREE REMOVAL

A. Marking

The Director will mark trees to be removed in advance of scheduled work. Should the Contractor discover any tree that, in his opinion, is dead, diseased, or hazardous and should be removed in the interest of public safety, he shall notify the Director. The Director will make the final decision regarding removal.

B. Removal

Trees to be removed shall be removed in their entirety, including stump to 12inches below ground surface. The remaining ground surface shall be left smooth and level and shall not present a trip/fall hazard.

FIRST AMENDMENT TO CONTRACT SERVICES AGREEMENT FOR LANDSCAPE MAINTENANCE AND TREE TRIMMING SERVICES

This FIRST AMENDMENT TO CONTRACT SERVICES AGREEMENT (the "First Amendment") is made and entered into this 16th day of June, 2025, by and between the CITY OF LAWNDALE, a municipal corporation (herein "City") and Mariposa Landscapes, Inc., a California corporation (herein "Contractor").

RECITALS

WHEREAS, City and Consultant entered into that certain Agreement entitled "Contract Services Agreement for Landscape Maintenance and Tree Trimming Services" (the "Agreement") on or about June 6, 2022, and

AMENDMENT

NOW, THEREFORE, it is hereby agreed that the Agreement is amended as follows:

Section 1. PREPARED BY:	Raylette Felton, Deputy City Manager/Director of Human Resources Diane Parsley, Executive Assistant
SUBJECT:	Consideration of Opening of Time Capsule

BACKGROUND

On December 18, 2000, City Hall was re-dedicated after extensive renovations to accommodate disabled access requirements earlier that year. At the same time, the City's time capsule was reburied behind a new dedication plaque located on the south wall in the City Hall Foyer.

An official "City Hall Re-Dedication and Grand Opening" took place prior to the start of the December 18, 2000 City Council meeting. The public was invited to attend the celebration, including the re-burial of the time capsule with new items added. The event included a welcome by the Mayor, introductions, inspiration, ribbon cutting, burial of new time capsule items, cake and refreshments, and an opportunity for the public to take a self-guided tour of City Hall.

STAFF REVIEW

Staff located written material that may indicate a time capsule burial in January 1970 after expansion and remodeling efforts in 1969, the City's 11th year of Incorporation. In addition, staff has located correspondence and publications from November, September and December 2000 regarding the planning of the 2000 event.

With City Hall currently undergoing a significant remodel this year, it is interesting to note that the 2000 reburial of the time capsule included a grand opening and re-dedication of City Hall after a significant renovation twenty-five (25) years ago in December.

The re-dedication plaque states that the time capsule will be reopened in December 2025. In consideration of opening the time capsule, staff is asking for the City Council to provide direction on how they would like to proceed and what type of event or ribbon cutting they envision. This could include documenting the items taken out of the time capsule and the potential of including new items for a future opening. Depending on timing, it could also include a City Hall re-dedication.

LEGAL REVIEW

The City Attorney has reviewed and approved as written.

FISCAL IMPACT

The time capsule is located behind a City Hall Re-Dedication Plaque in the Foyer, memorialized in December 2000. One major expense of the re-opening of the time capsule may include consideration of replacing the older plaque, or adding some type of update to the area near the older plaque, and/or time capsule to indicate a future reopening at a predetermined time as directed by the City Council.

After opening the time capsule wall in 2025, the foyer wall will need to be re-secured or reconstructed. Timing may be important to consider with the current city hall renovation taking place this year.

Funds have not been included in the upcoming FY 25/26 Budget. A funding source will need to be identified and a budget for the event appropriated, in addition to identifying a department or staff to plan the event. At this time, staff is requesting a preliminary budget of \$6,000 until a firm budget can be established based on the City Council's direction.

RECOMMENDATION

Staff recommends that the City Council discuss and provide direction to staff.

Quiside locations for the official Council Chambers became necessary. The sequences of meeting places where the citizenry take part in their local government were as follows: The Will Rogers School Auditorium, the Board Room of the Lawndale Elementary School District, and lastly, the Civic Center Building was refurbished to serve as the Chambers.

Co: the same month, ten years later, the City officials met at 14717. Burin Avenue, imarking the location of the Lawndale City Hall built for service to the people of the community. This 11,000 square foot building was plauned, designed, and built on approximately one acre of land with thought toward the future and the betterment of local governmental operations in mind.

Tess than two years after incorporation, the Members of the City Council displayed economic foresight relative to future needs, land prices, and location availability by directing investigation of possible City Hall sites. Roports on five passible locations were reviewed and investigated. February of 1962 two parcels of land, located at the southwest corner of Burin and 147th Streets adjacent to the Civic Center Complex, were acquired for future construction of a City Hall.

In the dissing years, numerous studies, plans, and discussions were held velative to actual construction but consummation of plans, were held in abovance until February sold 1966, at which time an additional parcel of land immediately adjacent to the provious by purchased property was acquired. Following the acquisition of this parcel, the Gity was in possession of over two thirds of an are of land adjacent to the Civic Center property which was deeded to the City by the County of Los Angeles. Then, in 1967, Mr. Raymond Girvigian, A.J.A., was retained as the City Architect and proceeded with plans for the City Hall.

Finanolal studies were conducted to determine the most practical and economically method of fluancing a municipal building. Thereafter, 147th Street, fronting the proparty purchased for the site, was vacated and relocated north of the County Health and Library facilities which gave the City additional land and brought all of the Civic Cents for facilities within one complex.

Whe, Los Angeles County Board of Supervisors was conjucted and meetings were schoduled to discuss the possibility of initiating a Joint Powers Agreement between the City and the County, whereby bonds would be sold to finance the construction of the building at no cost to the Lawndale property owners. The City of Lawndale never thas levied a City property tax. The City Council voted unanimously to enter into a Joint Powers Agreement, and, pursuant to the provisions of the Agreement, appointed a five member Authority Board, Reverends Lerits Ellett, Jack Cohe, D. Barl Wright, Roy McCowent, and Philiam Newman. The Agreement between the County of Las. Augeles and the Clip of Dawndale dated A pril 1, 1968 was approved. The Board of Supervisors, of the County of Los Angeles ratified the appointments to the Governing's Board.

On August 5: 1968, the bid was awarded to Coastate Builders of Long Beach in the amount of \$326,900. To linance the project \$300,000 of bonds were floated and the City transferred from its reserves to the building fund, an additional \$155,000.

The official groundbreaking ceremony was held on November 2, 1968 and the actual scination commenced on November 12, 1968. Notice of Completion was recorded December 29th, 1969, marking the first day of the City's Eleventh Year.

SUBJECT:	Animal Shelter Update
PREPARED BY:	Michael Reyes, Municipal Services Director
FROM:	Dr. Sean M. Moore, City Manager
TO:	Honorable Mayor and City Council
DATE:	June 16, 2025

BACKGROUND

For the past two decades the City of Lawndale has partnered with SPCA to provide animal sheltering and care services for the City of Lawndale and this contract has resulted in a positive and prosperous partnership for both parties. The SPCA has provided the City with afterhours care and kenneling for stray dogs and cats, and temporary kenneling for pets that are lost. SPCA also handles the intake and disposal of all deceased animals found in the City of Lawndale.

The SPCA animal shelter is in the neighboring City of Hawthorne and the shelter allows City staff 24 hour a day, seven day a week access into their shelter facility, even when they are closed. Their proximity to Lawndale and the simple and quick process in which animals are processed with SPCA adds to the benefits of using this shelter.

STAFF REVIEW

Although this partnership has been historically positive, gradual increases in fees over three successive contract years have forced the City to seek alternative options. Even though there are a number of animal kenneling and care providers, there are only three which serve the South Bay that are large enough to handle the amount of services required by the City of Lawndale. Those three animal care providers are:

- <u>SPCA</u> which handles animal care for Lawndale, Gardena, Lynwood, Hermosa Beach, and El Segundo
- Los Angeles County Animal Care and Control which handles animal control for Rolling Hills and Rolling Hills Estates, Torrance, Lomita, and Carson.
- <u>The Lovejoy Foundation</u> which handles animal control for Redondo Beach, Manhattan Beach and Hawthorne.

Each of these animal care providers provide similar services with competitive pricing, but neither LA County Animal Care or The Lovejoy Foundation have current availability.

In keeping with the request of the City Council to find other animal care providers, Staff did contact SEEACA, which provides animal care and control for cities such as Norwalk, Downey, and Bellflower. However, SEEACA leadership stated that they would only be willing to accept a contract if it was for full animal control servicing, including providing their own animal control officers and collecting all licensing fees. This would not be an acceptable option for Lawndale as the City already employs animal control officers and handles all licensing and animal registration.

Staff has contacts with San Gabriel Humane Society and Long Beach Animal control, but due to the geographical distance from Lawndale, both of these options are geographically undesirable and do not present a realistic alternative for Lawndale residents.

Staff will continue to seek alternative options for the residents and will provide regular updates on any progress.

Additionally, SPCA sent staff an email on June 4th advising that the current contract will expire on August 31, 2025 and further advised that their costs have continued to rise and for that reason, they are proposing a new monthly contract price of \$14,100 per month for the 2025/26 contract term.

LEGAL REVIEW

The City Attorney has reviewed this staff report and approves it as to form.

FISCAL IMPACT

There is no fiscal impact as a result of this staff report. The FY 25/26 budget has been adjusted to include the updated pricing. Total annual cost for FY 25/26 will be \$167,800.

RECOMMENDATION

Staff recommends that the City Council receive and file this report.

SUBJECT:	Adopt Resolution No. CC-2506-033 of FY 2025-26 Budget List of Projects Road Repair and Accountability Act of 2017 - Senate Bill 1 (SB 1)
PREPARED BY:	Lucho Rodriguez, Public Works Director Nick Petrevski, Associate Engineer
FROM:	Dr. Sean M. Moore, City Manager
TO:	Honorable Mayor and City Council
DATE:	June 16, 2025

BACKGROUND

This item was presented at the May 19, 2025, at the time City Council did adopt resolution CC-2505-022. Due to a technicality in the resolution as informed by the California Transportation Commission, a revision is required to change the Fiscal Year from FY 24/25 to FY 25/26 that was listed on a portion of the resolution previously approved. The revision needs to be done by adopting a new corrected resolution.

On April 28, 2017, the Governor signed Senate Bill 1 (SB 1) (Beall, Chapter 5, Statutes of 2017), which is known as the Road Repair and Accountability Act of 2017 (Act). To address basic road maintenance, rehabilitation, and critical safety needs on both the state highway and local streets and road system, SB 1 increased the per-gallon fuel excise tax, the diesel fuel sales tax, and the vehicle registration fee.

The objective of the program is to address deferred maintenance on the local streets and roads system through the prioritization and delivery of basic road maintenance and rehabilitation projects as well as critical safety projects.

Cities receiving Road Maintenance and Rehabilitation Account (RMRA) funds under the Act must comply with all relevant federal and state laws, regulations, policies, and procedures. The main requirements include the following:

- Prior to receiving an apportionment of RMRA funds from the Controller in a fiscal year, a city must submit to the California Transportation Commission a list of projects proposed to be funded with these funds.
- The list of projects must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement.
- The California Transportation Commission will report to the State Controller the cities that have submitted a list of projects and that are, therefore, eligible to receive an apportionment of RMRA funds for the applicable fiscal year.
- The State Controller, upon receipt of the report from the California Transportation Commission, shall apportion RMRA funds to eligible cities.
- For each fiscal year in which RMRA funds are received and expended, a city must submit documentation to the California Transportation Commission that includes a description and location of each completed project, the amount of funds expended on the project, the completion date, and the estimated useful life of the improvement.
- A city receiving an apportionment of RMRA funds is required to sustain a maintenance of effort (MOE) by spending at least the annual average of its general fund expenditures during the FY

2025-26 for street, road, and highway purposes from the city's general fund. Monitoring and enforcement of the MOE requirement for RMRA funds will be carried out by the Controller.

• By July 1, 2025, cities receiving RMRA funds must follow guidelines developed by the California Workforce Development Board (Board) that address participation and investment in, or partnership with, new or existing pre-apprenticeship training programs.

STAFF REVIEW

Staff has assembled a list of streets and/or projects for the FY 2025-26 submittal to the California Transportation Commission in accordance with the RMRA funding guidelines. The list of street segments identified for repair are streets having the lowest Pavement Condition Index (PCI) as identified in the City's 2022 Pavement Management Program (PMP) Report. A PCI was established for each street segment as a method to identify its operating condition. PCI is a numerical index used as a rating mechanism, ranging from 0 for failed pavement to 100 indicating pavement in perfect condition. The use of the PCI has been adopted nationwide as a standard rating system. The program provides cost-effective maintenance strategies to maintain an acceptable level of service while optimizing available fiscal resources. The program also provides an optimized priority maintenance and rehabilitation program using cost/benefit analysis based on current available funds and projected future funding allocations.

The street segments identified and recommended for repair are shown in the attached Exhibit "A", incorporated herein by this reference. In accordance with the RMRA requirements, it is recommended that the City Council adopt the project list via resolution.

The City of Lawndale's FY 2025-26 and probable future annual RMRA allocation is estimated to be \$833,753 according to the State Department of Finance's statewide projections.

An annual appropriation and expenditure of General Funds will be required to meet the RMRA's Maintenance of Effort requirement. The City of Lawndale's MOE requirement is \$283,634.

LEGAL REVIEW

The City Attorney has reviewed this report.

FISCAL IMPACT

Revenues:

Anticipated RMRA revenues as estimated by the California Department of Finance for the City of Lawndale are as follows:

No additional appropriations are needed.

RECOMMENDATION

Staff recommends that the City Council:

SUBJECT:	Approve Amendment 2 to the Contract Services Agreement with All City Management Services, Inc., for School Crossing Guard Services
PREPARED BY:	Jason Minter, Community Services Director
FROM:	Dr. Sean M. Moore, City Manager
TO:	Honorable Mayor and City Council
DATE:	June 16, 2025

BACKGROUND

In August of 2023, staff recommended that City Council approve a two-year agreement with All City Management Services, Inc. (ACMS), for the provision of school crossing guard services at various Lawndale Elementary School District (LESD) approved locations (Attachment A). All City Management Services has historically been the only experienced crossing guard vendor, and has consistently provided the City with guards at all of the key intersections as recommended by LESD. Subsequently, the City and ACMS agreed to a First Amendment to the Agreement that clarified the indemnification language in the agreement (Attachment B).

STAFF REVIEW

On May 25, 2025, Community Services Department staff received a proposal from All City Management Services (ACMS) for an additional two-year agreement (Attachment C). The chart below shows the most recent two years, as well as the upcoming two years that are included in the proposal.

Fiscal Year	Cost/Hour	Hours per Year	Total Cost/Year
23/24	28.92	5040	145,756.80
24/25	31.02	5040	156,340.80
25/26*	32.13*	5040	161,935.20
26/27*	33.26*	5040	167,630.40

*Proposed rates for the respective fiscal years

Included in the proposal letter is a statement from ACMS about the hiring challenges that have faced all sectors of the labor market across the nation. Staff have reviewed the proposed rates which include an increase of 4% per year, which is within 0.5% of the current Consumer Price Index increases as reported by the U.S. Bureau of Labor Statistics for April 2025.

Staff do periodic checks of the crosswalk locations identified in the agreement to insure the crossing guards are in position as required by the agreement. Crosswalk checks over the last 6 months have been 100%. In addition, over the last year staff only received a single complaint from a resident about the Crossing Guards not being in position. On that occasion, staff notified ACMS who looked into the matter and made an adjustment to the invoice for that billing period.

At this time staff have reviewed the proposal from ACMS and believe that the terms included are fair, given the labor challenges associated with services like the ones included in this agreement. The original agreement included a not-to-exceed amount of \$302,098 for two (2) years. The current proposal extends the agreement by two (2) additional years, with a not-to-exceed amount of \$329,566. The new total not-to-exceed amount for all four (4) years is \$631,664. All other terms of the agreement remain unchanged.

LEGAL REVIEW

The City Attorney has reviewed the proposal and amendment and approved them to form.

FISCAL IMPACT

Funding for the Crossing Guard program is available in the Community Services Department Operating Budget for FY2025/2026.

RECOMMENDATION

Staff recommend that the City Council approve Amendment 2 to the Contract Services Agreement for School Crossing Guard services with All City Management Services, Inc., extending the term of the agreement for two years for a not-to-exceed amount of \$329,566 (Attachment D).

CITY OF LAWNDALE

CONTRACT SERVICES AGREEMENT FOR

SCHOOL CROSSING GUARD SERVICES

This Contract Services Agreement ("Agreement") is made and entered into this 7th day of August, 2023, by and between the City of Lawndale, a municipal corporation ("City"), and All City Management Services, Inc. ("Contractor"). The term Contractor includes professionals performing in a consulting capacity. The parties hereto agree as follows:

1.0 SERVICES OF CONTRACTOR

1.1 <u>Scope of Services</u>. In compliance with all terms and conditions of this Agreement, Contractor shall provide the work and services specified in the "Scope of Services" attached hereto as *Exhibit "A"* and incorporated herein by this reference. Contractor warrants that all work or services set forth in the Scope of Services will be performed in a competent, professional and satisfactory manner.

1.2 <u>Contractor's Proposal</u>. The Scope of Services shall include the Contractor's proposal or bid which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the terms of such proposal and this Agreement, the terms of this Agreement shall govern.

1.3 <u>Compliance with Law</u>. All work and services rendered hereunder shall be provided in accordance with all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental agency having jurisdiction.

1.4 <u>Licenses, Permits, Fees and Assessments</u>. Contractor shall obtain at its sole cost and expense, such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Contractor shall have the sole obligation to pay for any fees, assessments, taxes, including applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Contractor's performance of the services required by this Agreement; and shall indemnify, defend and hold harmless City against any claim for such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.5 <u>Familiarity with Work</u>. By executing this Agreement, Contractor warrants that Contractor (a) has thoroughly investigated and considered the scope of services to be performed, (b) has carefully considered how the work and services should be performed, and (c) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement.

1.6 <u>Additional Services</u>. City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Contractor, incorporating therein any adjustment in (i) the Contract Sum, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Contractor. Any increase in compensation must be approved by the City Council. It is expressly understood by Contractor that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services or reasonably

contemplated therein. Contractor hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Contractor anticipates and that Contractor shall not be entitled to additional compensation therefor.

1.7 <u>Special Requirements</u>. Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as *Exhibit* "B" and incorporated herein by this reference. In the event of a conflict between the provisions of *Exhibit* "B" and any other provisions of this Agreement, the provisions of *Exhibit* "B" shall govern.

1.8 <u>Environmental Laws</u>. Contractor shall comply with all applicable environmental laws, ordinances, codes and regulations of Federal, State, and local governments. Contractor shall also comply with all applicable mandatory standards and policies relating to energy efficiency.

2.0 COMPENSATION

2.1 <u>Contract Sum</u>. For the services rendered pursuant to this Agreement, Contractor shall be compensated in accordance with the "Schedule of Compensation" attached hereto as *Exhibit "C"* and incorporated herein by this reference, but not exceeding the maximum contract amount of Three Hundred Two Thousand and Ninety Eight dollars (\$302,098.00) ("Contract Sum"), except as provided in Section 1.6. The method of compensation may include: (i) a lump sum payment upon completion, (ii) payment in accordance with the percentage of completion of the services, (iii) payment for time and materials based upon the Contractor's rates as specified in the Schedule of Compensation, but not exceeding the Contract Sum or (iv) such other methods as may be specified in the Schedule of Compensation. Compensation may include reimbursement for actual and necessary expenditures approved by the Contract Officer in advance if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Contractor at all project meetings reasonably deemed necessary by the City.

Contractor agrees that if Contractor becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services or, if Contractor is providing design services, the cost of the project being designed, Contractor shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Contractor is providing design services, the estimated increased or decreased cost estimate for the project being designed.

2.2 <u>Method of Payment</u>. Unless some other method of payment is specified in the Schedule of Compensation, in any month in which Contractor wishes to receive payment, no later than the first (1st) working day of such month, Contractor shall submit to the City, in a form approved by the City's Director of Finance, an invoice for services rendered prior to the date of the invoice. Except as provided in Section 7.2, City shall pay Contractor for all expenses stated thereon which are approved by City pursuant to this Agreement generally within thirty (30) days, and no later than forty-five (45) days, from the submission of an invoice in an approved form. City will review each invoice submitted by Contractor to determine whether the work performed and expenses incurred are in compliance with this Agreement. If no charges or expenses are disputed, the invoice will be approved and paid. In the event any charges or expenses are disputed by City, the invoice will be returned by City to Contractor for correction and resubmission. City reserves the right to withhold future payment to Contractor if any aspect of the Contractor's work is found substantially inadequate. 2.3 <u>Availability of Funds</u>. It is mutually understood between the parties that this Agreement is valid and enforceable only if sufficient funds are made available by the City Council of the City for the purposes of this Agreement. The availability of funding is affected by matters outside the City's control, including other governmental entities. Accordingly, the City has the option to void the whole Agreement or to amend the Agreement to reflect unanticipated reduction in funding for any reason.

3.0 PERFORMANCE SCHEDULE

3.1 <u>Time of Essence</u>. Time is of the essence in the performance of this Agreement.

3.2 <u>Schedule of Performance</u>. Contractor shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as *Exhibit* "D", if any, and incorporated herein by this reference.

3.3 Force Majeure. The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Contractor shall, within ten (10) days of the commencement of such delay, notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay and extend the time for performing the services for the period of the enforced delay when and if, in the judgment of the Contract Officer, such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused; Contractor's sole remedy being extension of the Agreement pursuant to this Section.

3.4 <u>Term</u>. Unless earlier terminated in accordance with Section 7.4 below, this Agreement shall begin on August 24, 2023 and continue in full force and effect until completion of the services no later than June 12, 2025.

4.0 COORDINATION OF WORK

4.1 <u>Representative of Contractor</u>. Baron Farwell, General Manager, is hereby designated as being the representative of Contractor authorized to act on its behalf with respect to the work or services specified herein and to make all decisions in connection therewith.

It is expressly understood that the experience, knowledge, capability and reputation of the representative was a substantial inducement for City to enter into this Agreement. Therefore, the representative shall be responsible during the term of this Agreement for directing all activities of Contractor and devoting sufficient time to personally supervise the services hereunder. For purposes of this Agreement, the representative may not be replaced nor may his responsibilities be substantially reduced by Contractor without the express written approval of City.

4.2 <u>Contract Officer</u>. The City's City Manager is hereby designated as the representative of the City authorized to act in its behalf with respect to the work and services and to make all decisions in connection therewith ("Contract Officer"). It shall be the Contractor's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Contractor shall refer any decisions which must be made by City to the Contract Officer. The City may designate another Contract Officer by providing written notice to Contractor.

4.3 <u>Prohibition Against Subcontracting or Assignment</u>. The experience, knowledge, capability and reputation of Contractor, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Contractor shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred or assigned without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Contractor taking all transfers into account on a cumulative basis. A prohibited transfer or assignment shall be void. No approved transfer shall release the Contractor or any surety of Contractor of any liability hereunder without the express consent of City.

4.4 Independent Contractor. Neither the City nor any of its employees shall have any control over the manner or means by which Contractor or its employees, perform the services required herein, except as otherwise set forth herein. Contractor shall perform all services required herein as an independent contractor of City and shall remain under only such obligations as are consistent with that role. Contractor represents and warrants that the personnel used to provide services to the City pursuant to this Agreement are classified by Contractor as employees. Contractor shall not at any time or in any manner represent that it or any of its employees are employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Contractor in its business or otherwise or a joint venturer or a member of any joint enterprise with Contractor. In the event that Contractor or any employee of Contractor providing services under this Agreement claims or is determined by a federal or state agency, a court of competent jurisdiction, or the California Public Employees' Retirement System ("CalPERS") to be classified as other than an independent contractor for the City, then Contractor shall indemnify, defend, and hold harmless the City for the payment of any and all assessed fines, penalties, judgments, employee and/or employer contributions, and any other damages and costs assessed to the City as a consequence of, or in any way attributable to, the assertion that Contractor or any staff used to provide services under this Agreement are employees of the City.

5.0 INSURANCE AND INDEMNIFICATION

5.1 <u>Insurance</u>. Contractor shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance:

(a) <u>Commercial General Liability Insurance</u>. A policy of commercial general liability insurance using Insurance Services Office "Commercial General Liability" policy form CG 00 01, with an edition date prior to 2004, or the exact equivalent. Coverage for an additional insured shall not be limited to its vicarious liability. Defense costs must be paid in addition to limits. Limits shall be no less than \$5,000,000.00 per occurrence for all covered losses and no less than \$5,000,000.00 general aggregate.

(b) <u>Workers' Compensation Insurance</u>. A policy of workers' compensation insurance on a state-approved policy form providing statutory benefits as required by law with employer's liability limits no less than \$1,000,000.00 per accident for all covered losses.

(c) <u>Automotive Insurance</u>. A policy of comprehensive automobile liability insurance written on a per occurrence basis in an amount not less than \$1,000,000.00 per accident, combined single limit. Said policy shall include coverage for owned, non-owned, leased and hired cars.

(d) <u>Professional Liability or Error and Omissions Insurance</u>. A policy of professional liability insurance will not be required as Contractor is not performing professional services on behalf of the City.

(e) All of the above policies of insurance shall be primary insurance. The general liability policy shall name the City, its officers, employees and agents ("City Parties") as additional insureds and shall waive all rights of subrogation and contribution it may have against the City and the City's Parties and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention. All of said policies of insurance shall also provide that said insurance may be not cancelled without providing ten (10) days prior written notice by registered mail to the City. In the event any of said policies of insurance are cancelled or amended, Contractor shall, prior to the cancellation or amendment date, submit new evidence of insurance in conformance with this Section 5.1 to the Contract Officer. No work or services under this Agreement shall commence until Contractor has provided City with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by City.

Contractor agrees that the provisions of this Section 5.1 shall not be construed as limiting in any way the extent to which Contractor may be held responsible for the payment of damages to any persons or property resulting from Contractor's activities or the activities of any person or persons for which Contractor is otherwise responsible. If the Contractor's insurance policies have higher limits and coverage than those required by this contract, the City will have access to those higher limits and coverage maintained by the Contractor.

The insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide or The Key Rating Guide, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City due to unique circumstances.

In the event that the Contractor is authorized to subcontract any portion of the work or services provided pursuant to this Agreement, the contract between the Contractor and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Contractor is required to maintain pursuant to this Section 5.1.

5.2 <u>Indemnification</u>.

(a) <u>Indemnity for Design Professional Liability</u>. When the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, and except for the statutory limits set forth under California Civil Code Section 2782.8 applicable to services

provided by a "design professional", Contractor shall indemnify, defend and hold harmless City and the City's Parties from and against any and all losses, liabilities, damages, costs and expenses, including attorneys' fees and costs to the extent same are caused in whole or in part by any negligent or wrongful act, error or omission of Contractor, its officers, employees of subcontractors (or any entity or individual for which Contractor shall bear legal liability) in the performance of professional services under this Agreement.

(b) <u>Indemnity for Other Than Design Professional Liability</u>. Other than in the performance of design professional services and to the full extent permitted by law, Contractor shall indemnify, defend and hold harmless City and City's Parties from and against any liability (including liability for claims, suits, actions, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, defense costs and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor or by any individual or entity for which Contractor is legally liable, including but not limited to officers, employees, or subcontractors of Contractor.

6.0 RECORDS AND REPORTS

6.1 <u>Reports</u>. Contractor shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require.

6.2 <u>Records</u>. Contractor shall keep, and require subcontractors to keep, such books and records as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required.

6.3 Ownership of Documents. All drawings, specifications, reports, records, documents and other materials prepared by Contractor, its employees and subcontractors in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Contract Officer or upon the termination of this Agreement and Contractor shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of ownership of such documents and materials. Contractor may retain copies of such documents for its own use and Contractor shall have an unrestricted right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Contractor fails to secure such assignment, Contractor shall indemnify City for all damages resulting therefrom. Except as necessary for the performance of services under this Agreement, no documents prepared under this Agreement may be released by Contractor to any other person or entity without City's prior written approval.

6.4 <u>Confidentiality of Information</u>. All information gained or work product produced by Contractor in performance of this Agreement will be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor may not release or disclose any such information or work product to persons or entities other than City without prior written authorization

from the City Manager, except as may be required by law. Contractor, its officers, employees, or agents, may not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the services performed under this Agreement. Response to a subpoena or court order will not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena. If Contractor, or any officer, employee, or agent of Contractor, provides any information or work product in violation of this Agreement, then City will have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct. Contractor must promptly notify City should Contractor, its officers, employees, or agents be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the services performed under this Agreement. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite such response. All media and press releases, including graphic display information, must be approved and distributed solely by City, unless otherwise agreed to in writing by City. All media interviews regarding the performance of services under this Agreement are prohibited unless expressly authorized by City.

7.0 ENFORCEMENT OF AGREEMENT

7.1 <u>California Law</u>. This Agreement shall be construed and interpreted both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Contractor agrees to submit to the personal jurisdiction of such court in the event of such action.

7.2 <u>Retention of Funds.</u> Contractor hereby authorizes City to deduct from any amount payable to Contractor (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by reason of Contractor's acts or omissions in performing or failing to perform Contractor's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Contractor, City may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Contractor to insure, indemnify, and protect City as elsewhere provided herein.

7.3 <u>Waiver</u>. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any

waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.4 <u>Termination Prior to Expiration of Term</u>. Either party may terminate this Agreement at any time, with or without cause, upon thirty (30) days' written notice to the other party. Upon receipt of any notice of termination, Contractor shall immediately cease all work or services hereunder except such as may be specifically approved by the Contract Officer. Contractor shall be entitled to compensation for the reasonable value of the work product actually produced prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation and City shall be entitled to reimbursement for any compensation paid in excess of the services rendered.

7.5 <u>Completion of Work After Termination for Default of Contractor</u>. If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.6 <u>Attorneys' Fees</u>. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, shall be entitled to reasonable attorneys' fees, whether or not the matter proceeds to judgment, and to all other reasonable costs for investigating such action, taking depositions and discovery, including all other necessary costs the court allows which are incurred in such litigation.

8.0 CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 <u>Non-liability of City Officers and Employees</u>. No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 <u>Conflict of Interest; City</u>. No officer or employee of the City shall have any financial interest in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects his financial interest or the financial interest of any corporation, partnership or association in which he is interested, in violation of any State statute or regulation.

8.3 <u>Conflict of Interest; Contractor</u>. Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement. Contractor shall comply with all conflict of interest laws and regulations including, without limitation, City's Conflict of Interest Code which is on file in the City Clerk's office. Accordingly, should the City Manager determine that Contractor will be performing a specialized or general service for the City and there is substantial likelihood that the Contractor's work product will be presented, either written or orally, for the purpose of influencing a governmental decision, the Contractor and its officers or employees, as applicable, shall be subject to the City's Conflict of Interest Code. 8.4 <u>Covenant Against Discrimination</u>. Contractor covenants that, by and for itself, its executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. Contractor shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin or ancestry.

9.0 MISCELLANEOUS PROVISIONS

9.1 <u>Notice</u>. Any notice or other communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, City of Lawndale, 14717 Burin Avenue, Lawndale, California 90260, and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 <u>Interpretation</u>. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 <u>Integration; Amendment</u>. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. This Agreement may be amended at any time by an instrument in writing signed by both parties.

9.4 <u>Severability</u>. Should a portion of this Agreement be declared invalid or unenforceable by a judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.5 <u>Corporate Authority</u>. The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement is binding upon the heirs, executors, administrators, successors and assigns of the parties.

9.6 <u>Counterparts</u>. This Agreement may be executed in several counterparts, each of which will constitute one and the same instrument and will become binding upon the parties when at least one copy has been signed by both parties. This Agreement and any amendment will be considered executed when the signature page of a party is delivered by facsimile or other electronic transmission. Such

electronic signatures will have the same effect as an original signature, provided that a wet signature copy is also mailed to the other party.

9.7 <u>Modification of Agreement</u>. No amendment to or modification of this Agreement will be valid unless made in writing and approved by Consultant and by the City Council or City Manager, as applicable. FIRST AMENDMENT TO CONTRACT SERVICES AGREEMENT FOR SCHOOL CROSSING GUARD SERVICES

This FIRST AMENDMENT TO CONTRACT SERVICES AGREEMENT (the "First Amendment") is made and entered into this 6th day of November, 2023, by and between the CITY OF LAWNDALE, a municipal corporation (herein "City") and All City Management Services, Inc. a California corporation "Contractor").

RECITALS

WHEREAS, City and Contractor entered into that certain Agreement entitled "Contract Services Agreement for School Crossing Guard Services" (the "Agreement") on or about August 7, 2023, and

WHEREAS, it is the desire of the City and the Contractor to amend the Agreement as set forth in this First Amendment.

AMENDMENT

NOW, THEREFORE, it is hereby agreed that the Agreement is amended as follows:

1. Indemnification Section 5.2 of the Agreement (Indemnity for Other Than Design Professional Liability) is amended as follows:

(a) Indemnification.

(i) Indemnity for Design Professional Liability. When the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, and except for the statutory limits set forth under California Civil Code Section 2782.8 applicable to services provided by a "design professional", Contractor shall indemnify, defend and hold harmless City and the City's Parties from and against any and all losses, liabilities, damages, costs and expenses, including attorneys' fees and costs to the extent same are caused in whole or in part by any negligent or wrongful act, error or omission of Contractor, its officers, employees of subcontractors (or any entity or individual for which Contractor shall bear legal liability) in the performance of professional services under this Agreement.

(ii) Indemnity for Other Than Design Professional Liability. Other than in the performance of design professional services and to the full extent permitted by law, Contractor shall indemnify, defend and hold harmless City and City's Parties from and against any liability (including liability for claims, suits, actions, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, defense costs and expert witness fees) (each, a "Claim"), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor or by any individual or entity for which Contractor is legally liable, including but not limited to officers, employees, or subcontractors of Contractor. Notwithstanding the foregoing, in the event that a court or jury determines that liability with respect to any Claim was caused or contributed to by the negligent act, error, omission or willful misconduct of the City, or any of the City's Parties, the parties agree that liability will be apportioned between Contractor on the one hand and the City on the other hand with regard to such Claim based

LA #4821-2316-3619 v2

upon the parties' respective degrees of culpability, as determined by a separate arbitration which will be limited to the question of culpability, and Contractor's duty to indemnify the City pursuant to this Section 5.2(b) will be limited accordingly.

5. <u>Severability</u>. If any term, condition or covenant of this First Amendment is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this First Amendment will not be affected and the First Amendment will be read and construed without the invalid, void or unenforceable provision.

November 6, 2923

TO:	Honorable Mayor and City Council
	Sean M. Moore, City Manager
PREPARED BY:	Mike Estes, Director of Community Services
SUBJECT:	First Amendment to School Crossing Guard Services Agreement

BACKGROUND

At the August 7, 2023 City Council meeting, the City Council approved a two-year unexecuted agreement with All City Management Services, Inc. (ACMS) to support the Lawndale Elementary School District (LESD) school crossing guard program. The agreement was for the provision of crossing guard services at LESD schools within the geographical boundaries of Lawndale. ACMS has been the City's contractor for school crossing guard services since 1996.

STAFF REVIEW

City Presents Agreement to ACMS:

On July 17, 2023, the City presented ACMS with a two-year draft agreement for review. Subsequently, ACMS notified the City that the indemnification language was unfair and did not represent them fairly if there was a major accident involving the service. In addition, ACMS provided the City with indemnification language that, according to their legal team, was equally shared liability. However, the revised language provided by ACMS was rejected by the City.

Negotiations Continue:

As negotiations continued, ACMS made two suggestions: 1) entering into a one-year agreement; or 2) entering into a two-year agreement at which the City's indemnification language would be used in year one and ACMS' indemnification language would be used in year two of the agreement. Upon the City's review of this proposal, the City rejected this offer.

<u>City Council Approves Unexecuted Agreement:</u>

On August 7, 2023, the City Council approved a two-year unexecuted agreement. The purpose of this strategy was to lock in an agreement that could not be revised as the City ultimately desired a two-year agreement.

City and ACMS Reach an Agreement:

As the start of the 2023-24 academic school year was fast approaching, the City and ACMS continued to negotiate with the desire to ensure that school crossing guard services were in place once school started on August 24, 2024. ACMS agreed to sign the agreement based upon the City's assurance that revised indemnification language equally representing both entities would be included in a future amendment.

City Council Meeting – November 6, 2023 First Amendment to School Crossing Guard Agreement

City and ACMS Agree on Indemnification Language:

ACMS' legal department requested a meeting with the City's legal department and subsequently both parties agreed to indemnification language which equally protects the City and ACMS if, unfortunately speaking, there were a major accident involving the contractual services being provided to the City by ACMS. Below is the final indemnification language agreed upon by the City and ACMS and included in the attached amendment for school crossing guard services. New language is underlined in Section 1 (ii), Indemnity for Other Than Design Professional Liability below:

1. Indemnification Section 5.2 of the Agreement (Indemnity for Other Than Design Professional Liability) is amended as follows:

(a) Indemnification.

(i) <u>Indemnity for Design Professional Liability</u>. When the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, and except for the statutory limits set forth under California Civil Code Section 2782.8 applicable to services provided by a "design professional", Contractor shall indemnify, defend and hold harmless City and the City's Parties from and against any and all losses, liabilities, damages, costs and expenses, including attorneys' fees and costs to the extent same are caused in whole or in part by any negligent or wrongful act, error or omission of Contractor, its officers, employees of subcontractors (or any entity or individual for which Contractor shall bear legal liability) in the performance of professional services under this Agreement.

(ii) Indemnity for Other Than Design Professional Liability. Other than in the performance of design professional services and to the full extent permitted by law. Contractor shall indemnify, defend and hold harmless City and City's Parties from and against any liability (including liability for claims, suits, actions, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, defense costs and expert witness fees) (each, a "Claim"), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor or by any individual or entity for which Contractor is legally liable, including but not limited to officers, employees, or subcontractors of Contractor. Notwithstanding the foregoing, in the event that a court or jury determines that liability with respect to any Claim was caused or contributed to by the negligent act, error, omission or willful misconduct of the City, or any of the City's Parties, the parties agree that liability will be apportioned between Contractor on the one hand and the City on the other hand with regard to such Claim based upon the parties' respective degrees of culpability, as determined by a separate arbitration which will be limited to the question of culpability, and Contractor's duty to indemnify the City pursuant to this Section 5.2(b) will be limited accordingly.

ACMS' Executed Agreement Received by the City:

On Monday, October 30, 2023, the City received a contractor-executed First Amendment to School Crossing Guard Services Agreement resolving the indemnification language issue for the next two years.

LEGAL REVIEW

The City Attorney has reviewed and approved the attached agreement and indemnification.

7.5 <u>Completion of Work After Termination for Default of Contractor</u>. If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.6 <u>Attorneys' Fees</u>. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, shall be entitled to reasonable attorneys' fees, whether or not the matter proceeds to judgment, and to all other reasonable costs for investigating such action, taking depositions and discovery, including all other necessary costs the court allows which are incurred in such litigation.

9.4 <u>Severability</u>. Should a portion of this Agreement be declared invalid or unenforceable by a judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

This Contract Services Agreement ("Agreement") is made and entered into this 7th day of August, 2023, by and between the City of Lawndale, a municipal corporation ("City"), and All City Management Services, Inc. ("Contractor"). The term Contractor includes professionals performing in a consulting capacity. The parties hereto agree as follows:

1.0 SERVICES OF CONTRACTOR

1.1 <u>Scope of Services</u>. In compliance with all terms and conditions of this Agreement, Contractor shall provide the work and services specified in the "Scope of Services" attached hereto as *Exhibit "A"* and incorporated herein by this reference. Contractor warrants that all work or services set forth in the Scope of Services will be performed in a competent, professional and satisfactory manner.

1.2 <u>Contractor's Proposal</u>. The Scope of Services shall include the Contractor's proposal or bid which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the terms of such proposal and this Agreement, the terms of this Agreement shall govern.

1.3 <u>Compliance with Law</u>. All work and services rendered hereunder shall be provided in accordance with all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental agency having jurisdiction.

1.4 <u>Licenses, Permits, Fees and Assessments</u>. Contractor shall obtain at its sole cost and expense, such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Contractor shall have the sole obligation to pay for any fees, assessments, taxes, including applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Contractor's performance of the services required by this Agreement; and shall indemnify, defend and hold harmless City against any claim for such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.5 <u>Familiarity with Work</u>. By executing this Agreement, Contractor warrants that Contractor (a) has thoroughly investigated and considered the scope of services to be performed, (b) has carefully considered how the work and services should be performed, and (c) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement.

1.6 <u>Additional Services</u>. City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Contractor, incorporating therein any adjustment in (i) the Contract Sum, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Contractor. Any increase in compensation must be approved by the City Council. It is expressly understood by Contractor that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services or reasonably

contemplated therein. Contractor hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Contractor anticipates and that Contractor shall not be entitled to additional compensation therefor.

1.7 <u>Special Requirements</u>. Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as *Exhibit* "B" and incorporated herein by this reference. In the event of a conflict between the provisions of *Exhibit* "B" and any other provisions of this Agreement, the provisions of *Exhibit* "B" shall govern.

1.8 <u>Environmental Laws</u>. Contractor shall comply with all applicable environmental laws, ordinances, codes and regulations of Federal, State, and local governments. Contractor shall also comply with all applicable mandatory standards and policies relating to energy efficiency.

2.0 COMPENSATION

2.1 <u>Contract Sum</u>. For the services rendered pursuant to this Agreement, Contractor shall be compensated in accordance with the "Schedule of Compensation" attached hereto as *Exhibit "C"* and incorporated herein by this reference, but not exceeding the maximum contract amount of Three Hundred Two Thousand and Ninety Eight dollars (\$302,098.00) ("Contract Sum"), except as provided in Section 1.6. The method of compensation may include: (i) a lump sum payment upon completion, (ii) payment in accordance with the percentage of completion of the services, (iii) payment for time and materials based upon the Contractor's rates as specified in the Schedule of Compensation, but not exceeding the Contract Sum or (iv) such other methods as may be specified in the Schedule of Compensation. Compensation may include reimbursement for actual and necessary expenditures approved by the Contract Officer in advance if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Contractor at all project meetings reasonably deemed necessary by the City.

Contractor agrees that if Contractor becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services or, if Contractor is providing design services, the cost of the project being designed, Contractor shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Contractor is providing design services, the estimated increased or decreased cost estimate for the project being designed.

2.2 <u>Method of Payment</u>. Unless some other method of payment is specified in the Schedule of Compensation, in any month in which Contractor wishes to receive payment, no later than the first (1st) working day of such month, Contractor shall submit to the City, in a form approved by the City's Director of Finance, an invoice for services rendered prior to the date of the invoice. Except as provided in Section 7.2, City shall pay Contractor for all expenses stated thereon which are approved by City pursuant to this Agreement generally within thirty (30) days, and no later than forty-five (45) days, from the submission of an invoice in an approved form. City will review each invoice submitted by Contractor to determine whether the work performed and expenses incurred are in compliance with this Agreement. If no charges or expenses are disputed, the invoice will be approved and paid. In the event any charges or expenses are disputed by City, the invoice will be returned by City to Contractor for correction and resubmission. City reserves the right to withhold future payment to Contractor if any aspect of the Contractor's work is found substantially inadequate. 2.3 <u>Availability of Funds</u>. It is mutually understood between the parties that this Agreement is valid and enforceable only if sufficient funds are made available by the City Council of the City for the purposes of this Agreement. The availability of funding is affected by matters outside the City's control, including other governmental entities. Accordingly, the City has the option to void the whole Agreement or to amend the Agreement to reflect unanticipated reduction in funding for any reason.

3.0 PERFORMANCE SCHEDULE

3.1 <u>Time of Essence</u>. Time is of the essence in the performance of this Agreement.

3.2 <u>Schedule of Performance</u>. Contractor shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as *Exhibit* "D", if any, and incorporated herein by this reference.

3.3 Force Majeure. The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Contractor shall, within ten (10) days of the commencement of such delay, notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay and extend the time for performing the services for the period of the enforced delay when and if, in the judgment of the Contract Officer, such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused; Contractor's sole remedy being extension of the Agreement pursuant to this Section.

3.4 <u>Term</u>. Unless earlier terminated in accordance with Section 7.4 below, this Agreement shall begin on August 24, 2023 and continue in full force and effect until completion of the services no later than June 12, 2025.

4.0 COORDINATION OF WORK

4.1 <u>Representative of Contractor</u>. Baron Farwell, General Manager, is hereby designated as being the representative of Contractor authorized to act on its behalf with respect to the work or services specified herein and to make all decisions in connection therewith.

It is expressly understood that the experience, knowledge, capability and reputation of the representative was a substantial inducement for City to enter into this Agreement. Therefore, the representative shall be responsible during the term of this Agreement for directing all activities of Contractor and devoting sufficient time to personally supervise the services hereunder. For purposes of this Agreement, the representative may not be replaced nor may his responsibilities be substantially reduced by Contractor without the express written approval of City.

4.2 <u>Contract Officer</u>. The City's City Manager is hereby designated as the representative of the City authorized to act in its behalf with respect to the work and services and to make all decisions in connection therewith ("Contract Officer"). It shall be the Contractor's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Contractor shall refer any decisions which must be made by City to the Contract Officer. The City may designate another Contract Officer by providing written notice to Contractor.

4.3 <u>Prohibition Against Subcontracting or Assignment</u>. The experience, knowledge, capability and reputation of Contractor, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Contractor shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred or assigned without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Contractor taking all transfers into account on a cumulative basis. A prohibited transfer or assignment shall be void. No approved transfer shall release the Contractor or any surety of Contractor of any liability hereunder without the express consent of City.

4.4 Independent Contractor. Neither the City nor any of its employees shall have any control over the manner or means by which Contractor or its employees, perform the services required herein, except as otherwise set forth herein. Contractor shall perform all services required herein as an independent contractor of City and shall remain under only such obligations as are consistent with that role. Contractor represents and warrants that the personnel used to provide services to the City pursuant to this Agreement are classified by Contractor as employees. Contractor shall not at any time or in any manner represent that it or any of its employees are employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Contractor in its business or otherwise or a joint venturer or a member of any joint enterprise with Contractor. In the event that Contractor or any employee of Contractor providing services under this Agreement claims or is determined by a federal or state agency, a court of competent jurisdiction, or the California Public Employees' Retirement System ("CalPERS") to be classified as other than an independent contractor for the City, then Contractor shall indemnify, defend, and hold harmless the City for the payment of any and all assessed fines, penalties, judgments, employee and/or employer contributions, and any other damages and costs assessed to the City as a consequence of, or in any way attributable to, the assertion that Contractor or any staff used to provide services under this Agreement are employees of the City.

5.0 INSURANCE AND INDEMNIFICATION

5.1 <u>Insurance</u>. Contractor shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance:

(a) <u>Commercial General Liability Insurance</u>. A policy of commercial general liability insurance using Insurance Services Office "Commercial General Liability" policy form CG 00 01, with an edition date prior to 2004, or the exact equivalent. Coverage for an additional insured shall not be limited to its vicarious liability. Defense costs must be paid in addition to limits. Limits shall be no less than \$5,000,000.00 per occurrence for all covered losses and no less than \$5,000,000.00 general aggregate.

(b) <u>Workers' Compensation Insurance</u>. A policy of workers' compensation insurance on a state-approved policy form providing statutory benefits as required by law with employer's liability limits no less than \$1,000,000.00 per accident for all covered losses.

(c) <u>Automotive Insurance</u>. A policy of comprehensive automobile liability insurance written on a per occurrence basis in an amount not less than \$1,000,000.00 per accident, combined single limit. Said policy shall include coverage for owned, non-owned, leased and hired cars.

(d) <u>Professional Liability or Error and Omissions Insurance</u>. A policy of professional liability insurance will not be required as Contractor is not performing professional services on behalf of the City.

(e) All of the above policies of insurance shall be primary insurance. The general liability policy shall name the City, its officers, employees and agents ("City Parties") as additional insureds and shall waive all rights of subrogation and contribution it may have against the City and the City's Parties and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention. All of said policies of insurance shall also provide that said insurance may be not cancelled without providing ten (10) days prior written notice by registered mail to the City. In the event any of said policies of insurance are cancelled or amended, Contractor shall, prior to the cancellation or amendment date, submit new evidence of insurance in conformance with this Section 5.1 to the Contract Officer. No work or services under this Agreement shall commence until Contractor has provided City with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by City.

Contractor agrees that the provisions of this Section 5.1 shall not be construed as limiting in any way the extent to which Contractor may be held responsible for the payment of damages to any persons or property resulting from Contractor's activities or the activities of any person or persons for which Contractor is otherwise responsible. If the Contractor's insurance policies have higher limits and coverage than those required by this contract, the City will have access to those higher limits and coverage maintained by the Contractor.

The insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide or The Key Rating Guide, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City due to unique circumstances.

In the event that the Contractor is authorized to subcontract any portion of the work or services provided pursuant to this Agreement, the contract between the Contractor and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Contractor is required to maintain pursuant to this Section 5.1.

5.2 <u>Indemnification</u>.

(a) <u>Indemnity for Design Professional Liability</u>. When the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, and except for the statutory limits set forth under California Civil Code Section 2782.8 applicable to services

provided by a "design professional", Contractor shall indemnify, defend and hold harmless City and the City's Parties from and against any and all losses, liabilities, damages, costs and expenses, including attorneys' fees and costs to the extent same are caused in whole or in part by any negligent or wrongful act, error or omission of Contractor, its officers, employees of subcontractors (or any entity or individual for which Contractor shall bear legal liability) in the performance of professional services under this Agreement.

(b) <u>Indemnity for Other Than Design Professional Liability</u>. Other than in the performance of design professional services and to the full extent permitted by law, Contractor shall indemnify, defend and hold harmless City and City's Parties from and against any liability (including liability for claims, suits, actions, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, defense costs and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor or by any individual or entity for which Contractor is legally liable, including but not limited to officers, employees, or subcontractors of Contractor.

6.0 RECORDS AND REPORTS

6.1 <u>Reports</u>. Contractor shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require.

6.2 <u>Records</u>. Contractor shall keep, and require subcontractors to keep, such books and records as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required.

6.3 Ownership of Documents. All drawings, specifications, reports, records, documents and other materials prepared by Contractor, its employees and subcontractors in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Contract Officer or upon the termination of this Agreement and Contractor shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of ownership of such documents and materials. Contractor may retain copies of such documents for its own use and Contractor shall have an unrestricted right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Contractor fails to secure such assignment, Contractor shall indemnify City for all damages resulting therefrom. Except as necessary for the performance of services under this Agreement, no documents prepared under this Agreement may be released by Contractor to any other person or entity without City's prior written approval.

6.4 <u>Confidentiality of Information</u>. All information gained or work product produced by Contractor in performance of this Agreement will be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor may not release or disclose any such information or work product to persons or entities other than City without prior written authorization

from the City Manager, except as may be required by law. Contractor, its officers, employees, or agents, may not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the services performed under this Agreement. Response to a subpoena or court order will not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena. If Contractor, or any officer, employee, or agent of Contractor, provides any information or work product in violation of this Agreement, then City will have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct. Contractor must promptly notify City should Contractor, its officers, employees, or agents be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the services performed under this Agreement. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite such response. All media and press releases, including graphic display information, must be approved and distributed solely by City, unless otherwise agreed to in writing by City. All media interviews regarding the performance of services under this Agreement are prohibited unless expressly authorized by City.

7.0 ENFORCEMENT OF AGREEMENT

7.1 <u>California Law</u>. This Agreement shall be construed and interpreted both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Contractor agrees to submit to the personal jurisdiction of such court in the event of such action.

7.2 <u>Retention of Funds.</u> Contractor hereby authorizes City to deduct from any amount payable to Contractor (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by reason of Contractor's acts or omissions in performing or failing to perform Contractor's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Contractor, City may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Contractor to insure, indemnify, and protect City as elsewhere provided herein.

7.3 <u>Waiver</u>. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any

waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.4 <u>Termination Prior to Expiration of Term</u>. Either party may terminate this Agreement at any time, with or without cause, upon thirty (30) days' written notice to the other party. Upon receipt of any notice of termination, Contractor shall immediately cease all work or services hereunder except such as may be specifically approved by the Contract Officer. Contractor shall be entitled to compensation for the reasonable value of the work product actually produced prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation and City shall be entitled to reimbursement for any compensation paid in excess of the services rendered.

7.5 <u>Completion of Work After Termination for Default of Contractor</u>. If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.6 <u>Attorneys' Fees</u>. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, shall be entitled to reasonable attorneys' fees, whether or not the matter proceeds to judgment, and to all other reasonable costs for investigating such action, taking depositions and discovery, including all other necessary costs the court allows which are incurred in such litigation.

8.0 CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 <u>Non-liability of City Officers and Employees</u>. No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 <u>Conflict of Interest; City</u>. No officer or employee of the City shall have any financial interest in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects his financial interest or the financial interest of any corporation, partnership or association in which he is interested, in violation of any State statute or regulation.

8.3 <u>Conflict of Interest; Contractor</u>. Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement. Contractor shall comply with all conflict of interest laws and regulations including, without limitation, City's Conflict of Interest Code which is on file in the City Clerk's office. Accordingly, should the City Manager determine that Contractor will be performing a specialized or general service for the City and there is substantial likelihood that the Contractor's work product will be presented, either written or orally, for the purpose of influencing a governmental decision, the Contractor and its officers or employees, as applicable, shall be subject to the City's Conflict of Interest Code. 8.4 <u>Covenant Against Discrimination</u>. Contractor covenants that, by and for itself, its executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. Contractor shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin or ancestry.

9.0 MISCELLANEOUS PROVISIONS

9.1 <u>Notice</u>. Any notice or other communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, City of Lawndale, 14717 Burin Avenue, Lawndale, California 90260, and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 <u>Interpretation</u>. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 <u>Integration; Amendment</u>. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. This Agreement may be amended at any time by an instrument in writing signed by both parties.

9.4 <u>Severability</u>. Should a portion of this Agreement be declared invalid or unenforceable by a judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.5 <u>Corporate Authority</u>. The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement is binding upon the heirs, executors, administrators, successors and assigns of the parties.

9.6 <u>Counterparts</u>. This Agreement may be executed in several counterparts, each of which will constitute one and the same instrument and will become binding upon the parties when at least one copy has been signed by both parties. This Agreement and any amendment will be considered executed when the signature page of a party is delivered by facsimile or other electronic transmission. Such

electronic signatures will have the same effect as an original signature, provided that a wet signature copy is also mailed to the other party.

9.7 <u>Modification of Agreement</u>. No amendment to or modification of this Agreement will be valid unless made in writing and approved by Consultant and by the City Council or City Manager, as applicable. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver will be void.

SUBJECT: Draft Agreement for School Crossing Guard Services

BACKGROUND

Past records indicate that the City of Lawndale began contracting with All City Management Services, Inc. (ACMS) for school crossing guard services since 1996. ACMS is the only known and legitimate crossing guard vendor in California area and has no known competition. They currently provide services for over 200 school districts and municipalities and have operations in approximately 20 states nationwide.

STAFF REVIEW

Experience with Adjunct Vendors:

In 2019, the City of Lawndale contracted with a security company who dabbled in crossing guard services called American Guard Services (AGS) as an adjunct ACMS due to annual rate increases which were seen as excessive. However, the contractual arrangement between the City and AGS was terminated by the City during the first year due to excessive billing practices by AGS.

Quotes for Services for AY 2023-24 and 2024-25:

ACMS provided a quote for services for academic years (AY) 2023-24 and 2024-25 which included hourly rate increases of approximately 29% for AY 2023-24 and approximately 25% for AY 2024-25. City staff attempted to negotiate the rates for both years down as much as possible as the rates quoted by ACMS were considered to be excessive in staff's opinion. However, ACMS reminded the City that rates for the previous contract that expired this past June were negotiated down by the City for years AY 2021-22 and 2022-23.

Draft Contract Created:

Community Services Department staff worked with the City Attorney's office to draft a contract services agreement for AY 2023-24 and 2024-25 with rates proposed by ACMS (please see attached proposal letter and cost spreadsheet). After the draft contract was approved by the City Attorney's office, staff sent the agreement to ACMS for review.

City Council Meeting – August 7, 2023

Draft Agreement for Crossing Guard Services

Indemnification Language Challenged by ACMS:

During the contract review process, ACMS requested to the City that the indemnification language be changed and suggested alternative language revised by ACMS legal be used in the draft agreement being discussed. After review by the City Manager and City Attorney's office, the City informed ACMS that the City is opposed to changing the existing indemnification clause.

Second Contractual Option Proposed by ACMS:

After additional discussions between the City and ACMS, ACMS proposed a subsequent proposal such as: entering into a two-year agreement with the City's existing indemnification language being untouched; however, accompanied by a letter from the City assuring ACMS that any future agreements with the City will include ACMS proposed indemnification language. Subsequent discussions with the City Manager and City Attorney's office resulted in no movement as the City declared it would not provide such a letter to ACMS agreeing to any future changes in the existing indemnification language.

Third Contractual Option Proposed by ACMS:

After a short period in which there were no discussions, ACMS contacted the City and made one additional offer to the City not intended to move negotiations closer, but to further distance the two sides. ACMS' latest offer is to agree to a one-year contract without a letter of assurance towards revised indemnification; however, proposing that any new agreement beyond one year would be negotiated by both sides.

City and ACMS at Impasse:

The City and ACMS both understand that the impasse is regarding indemnification language. ACMS believes that the alternative language suggested to the City equates to "shared" liability, whereas the City Attorney's Office believes that the City would inherit substantial liability in the case of an unfortunate accident.

Conclusion:

At the time of this writing, the City has been told that the third proposal presented by ACMS, a one year agreement with the City's existing indemnification language and no written assurance of future indemnification language changes and negotiations for future agreements is their final offer.

LEGAL REVIEW

The City Attorney's office has reviewed the attached Contract Services Agreement for School Crossing Guard Services for a period of two years effective August 24, 2023 through June 12, 2025.

FISCAL IMPACT

The attached agreement suggests a cost of \$145,757 for AY 2023-24, or \$28.92 per hour for 5,040 hours of crossing guard services which equates to an hourly increase of approximately 29%, plus \$156,341 for AY 2024-25, or \$31.02 per hour for 5,040 hours of crossing guard services which equates to an hourly increase of approximately 25%. In total, the attached two-year agreement suggest a cost of \$302,098, or an average hourly cost of \$29.92 for 10,080 hours of school crossing guard services. Funding for year one of the attached agreement is included in the Community Services Department Budget, Operations, Contract Services line item.

City Council Meeting – August 7, 2023 Draft Agreement for Crossing Guard Services

Jason Minter City of Lawndale 1417 Burin Ave., Lawndale, CA 90260

Dear Director,

It is once again the time of the year when many agencies are formulating their budgets for the coming fiscal year. Toward that end, please allow this letter to serve as confirmation of our interest in extending our agreement for Crossing Guard Services through the 2025-2027 school years.

As you may know, hiring challenges have impacted all sectors of the labor market across the nation. Recently the United States Chamber of Commerce has published an article "Understanding America's Labor Shortage", which illustrates how thousands of jobs are published each month and yet a significant number of positions still remain unfilled. Essentially, labor force participations rates have still not returned to pre-COVID levels. This situation leads to heightened competition among businesses as they vie for the limited pool of available talent.

ACMS has experienced these same challenges and in many cases, we've transitioned a significant number of employees from an older, primarily stable workforce to a younger mobile workforce. This new segment of our employees are more sensitive to current cost-of-living increases and are looking for higher wages and more hours. They often accept our position and work for days, sometimes weeks and if we're lucky months then abruptly leave when they find higher pay.

For these reasons, as well as cost increases in most segments of our business, we must appeal for an increase in our hourly rate for the upcoming 2025-2027 school years. To facilitate the calculation of the 2025-2027 annual cost of your Crossing Guard program, we have developed and included with this letter a Client Worksheet. This Worksheet details the new hourly billing rate and the overall estimated program cost, based on the number of sites and the hours worked at each site.

We remain committed to providing a safe, cost-effective and professional School Crossing Guard Program and we hope you will find this new pricing acceptable. If you have any questions or need additional information, please contact me at (800) 540-9290. Take care.

Sincerely,

Baron Farwell

SUBJECT:	Award of Contracts for Construction and Inspection Services for FY 23/24 Street Rehabilitation and FY 24/25 Sidewalk Replacement Project

BACKGROUND

The City's annual street improvement program provides continual street resurfacing to maintain the city streets in good condition. The annual street improvement project consists of rehabilitation and preventive maintenance of City streets including pothole/base repairs, crack sealing, slurry seals, and pavement overlays. Rehabilitation and maintenance work on public streets need to be coordinated with other City projects, utility company excavations, and private development projects to not trench open the streets during the street moratorium period. The Moratorium period is 5 years for newly paved streets and 3 years for slurry sealed streets, during which no work is allowed in order to preserve their new condition. The street selection for the street improvement projects is based on the current Pavement Management System (PMS).

The FY 2023-24 Street Rehabilitation & FY 2024-25 Sidewalk Replacement Project is be funded with SB 1, Prop C, Measure M, Measure R, and General Fund for Maintenance of Effort (MOE) funds.

On June 11, 2025, eight (8) contractors submitted bids with only seven being considered eligible by adding their contact information to the Plan Holders List, as stipulated in the project contract documents. The bid results for the project are as follows:

Rank	Bidder Name	Total Bid Amount
1.	Sequel Contractors, Inc.	\$1,799,139.48
2.	Onyx Paving Company, Inc.	\$1,811,000.00
3.	Copp Contracting, Inc.	\$1,835,010.12

8.	LCR Earthwork & Engineering, Corp.*	\$2,012,937.98

*Deemed ineligible as they did not request to be placed on the plan holder's list

Staff reviewed the bids and evaluated for accuracy, cost, experience, and references. As a result, staff recommends awarding the project to the lowest responsive and responsible bidder, Sequel Contractors, Inc. for \$1,799,139.48 based on their bid pricing and qualifications.

In addition, the City is currently undertaking an aggressive street improvement program to enhance roadway conditions citywide. As a result, ongoing construction inspection services is necessary to ensure compliance with the design plans and specifications.

On May 29, 2025, the City requested cost proposals from the On-Call Civil Engineering Services firms under contract with the City to provide Construction Inspection Services for this project. The request was sent to: SA Associates, Onward Engineering, and LAE Associates, Inc. Two proposals were received on June 4, 2025.

Staff examined and reviewed the submitted proposals based on several factors including technical knowledge, proposed-teams experiences, scope of work, qualifications, and fee schedule. The proposal rankings are as follows:

Rank	Bidder Name	Total Bid Amount
1.	SA Associates	\$110,000.00
2.	LAE Associates	\$121,776.00

The proposal submitted by SA Associates provided the most optimal plan with qualified technical knowledge, relevant team experiences, and in-depth understanding of the scope of work and project requirements.

The FY 2023-24 Street Rehabilitation and 2024-25 Sidewalk Replacement Project has \$2,201,000 budgeted from various funding sources whereas the completion of the project will cost approximately \$2,179,010.40, including contingency. The project cost breakdown is as follows:

ARTICLE IX: The Contractor shall supply the City with certificates of insurance for the types and amounts of insurance required for this project as described in the Instructions to Bidders for this project. Said certificates must comply with all requirements for sufficient insurance as described in the Instructions to Bidders.

ARTICLE X: The Contractor hereby agrees that the Contactor and any subcontractor under him submit weekly to the DIR directly and provide copy to City, certified copies of the payroll records for all said workers and shall comply with all statutory requirements relating to certified copies of payroll records, including the maintenance of the records, their certification, and their availability for inspection as required by Labor Code Section 1776 and as required under Subsection 7-2.6 of said Standard Specifications for Public Works Construction. In addition, the Contractor and any subcontractors must furnish electronic certified payroll records directly to the Labor Commissioner (aka Division of Labor Standards Enforcement) in a format prescribed by the Labor Commissioner no less than monthly as follows:

These new requirements will apply to all public works projects that are subject to the prevailing wage requirements of the Labor Code without regard to funding source.

The applicable prevailing rate of per diem wages are on file at the City of Lawndale Department of Public Works, 4722 Manhattan Beach Boulevard, Lawndale, California 90266, and are available to any interested party on request. The Contractor is required to post at the job site the prevailing rate of per diem wages as determined by the Director of the Department of Industrial Relations and other notices prescribed by regulation.

ARTICLE XI: Pursuant to Labor Code Section 1725.5, Contractor and any subcontractor must be registered with the California Department of Industrial Relations prior to performing any work under this Agreement. Further, this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

ARTICLE XII: Contractor shall indemnify, defend with legal counsel approved by City, and hold harmless City, its officers, officials, employees and volunteers from and against all liability, loss, damage, expense, cost (including without limitation reasonable legal counsel fees, expert fees and all other costs and fees of litigation) of every nature arising out of or in connection with Contractor's negligence, recklessness or willful misconduct in the performance of work hereunder or its failure to comply with any of its obligations contained in this Agreement, except such loss or damage which is caused by the sole or active negligence or willful misconduct of the City. Should conflict of interest principles preclude a single legal counsel from representing both City and Contractor, or should City otherwise find Contractor's legal counsel unacceptable, then Contractor shall reimburse the City its costs of defense, including without limitation reasonable legal counsels fees, expert fees and all other costs and fees of litigation. The Contractor shall promptly pay any final judgment rendered against the City (and its officers, officials, employees and volunteers) with respect to claims determined by a trier of fact to have been the result of the Contractor's negligent, reckless or wrongful performance. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California and will survive termination of this Agreement.

Contractor obligations under this section apply regardless of whether or not such claim, charge, damage, demand, action, proceeding, loss, stop notice, cost, expense, judgment, civil fine or penalty, or liability was caused in part or contributed to by an Indemnitee. However, without affecting the rights of City under any provision of this Agreement, Contractor shall not be required to indemnify and hold harmless City for liability attributable to the active negligence of City,

provided such active negligence is determined by agreement between the parties or by the findings of a court of competent jurisdiction. In instances where City is shown to have been actively negligent and where City's active negligence accounts for only a percentage of the liability involved, the obligation of Contractor will be for that entire portion or percentage of liability not attributable to the active negligence of City.

ARTICLE XIII: Contractor's services are being provided to the City as that of an independent contractor. Contractor represents and warrants that the personnel used to provide services to the City pursuant to this Agreement are classified by the Contractor as employees. In the event that Contractor or any employee, agent, or subcontractor of Contractor providing services under this Agreement claims or is determined by a federal or state agency, a court of competent jurisdiction, or the California Public Employees' Retirement System ("CalPERS") to be classified as other than an independent contractor to the City, then Contractor shall indemnify, defend, and hold harmless the City for the payment of any and all assessed fines, penalties, judgements, employee and/or employer contributions, and any other damages and costs assessed to the City as a consequence of, or in any way attributable to, the assertion that Contractor or any persons Contractor used to provide services under this Agreement are employees of the City.

ARTICLE XIV: The City, in accordance with Public Contract Code Section 22300, shall permit the substitution of securities for any moneys withheld by the City to secure performance under a contract. The City hereby incorporates herein all of the provisions set forth in Public Contract Code Section 22300.

ARTICLE XV: In the performance of this agreement, the Contractor shall not engage in, nor permit others he may hire to engage in, discrimination in the employment of persons because of their race, religious creed, color, or national origin, except as provided in Government Code Section 12940. Violation of this provision may result in the imposition of penalties as provided in Labor Code Section 1735.

ARTICLE XVI: It is to be made known that the improvement contemplated in the performance of this contract may require by the State of California shall exercise general supervision; the State of California, therefore, shall have the right to assume full and direct control over this contract whenever the State of California, at its sole discretion, shall determine that its responsibility to the United States so requires.

ARTICLE XVII: The Contractor shall maintain accounts and records, including personnel, property, and financial records, adequate to identify and account for all costs pertaining to the contract and such other records as may be deemed necessary by the City to assure proper accounting for all project funds, both federal and non-federal shares. These records will be made available for audit purposes to the City or any authorized representative and will be retained for 3 years after the expiration of this contract, unless permission to destroy them is granted by the City.

ARTICLE XVIII: No officer or employee of the City shall have any financial interest in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects his financial interest or the financial interest of any corporation, partnership or association in which he is interested, in violation of any State statute or regulation.

Similarly, Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

ARTICLE XIX: The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound.

ARTICLE XX: Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Contractor agrees to submit to the personal jurisdiction of such court in the event of such action.

If there is reason for believing that collusion exists among the Bidders, any or all proposals may be rejected. Proposals in which the prices obviously are unbalanced due to mathematical errors may be rejected.

If the second lowest responsible Bidder refuses or fails to execute the Contract, the City may award the Contract to the third lowest responsible Bidder. Bidder.

Execution of Contract: The Contract shall be signed by the successful Bidder and returned, together with the Contract bonds, insurance endorsements and certificates, and all other required documents within ten (10) business days after the Bidder has received notice of intent to award.

Failure to Execute Contract: Failure of the lowest responsible Bidder, the second lowest responsible Bidder, or the third lowest responsible Bidder, to execute the Contract and file acceptable bonds as provided herein within ten (10) business days after such Bidder has received notice that the Contract has been awarded to him shall be just cause for the forfeiture of the proposal guaranty. The successful Bidder may file with the City Engineer a written notice, signed by the Bidder, or his authorized representative, specifying that the Bidder will refuse to execute the Contract if presented to him. The filing of such notice shall have the same force and effect as the failure of the Bidder to execute the Contract and furnish acceptable bonds within the time herein above prescribed.

<u>Return of Proposal Guaranties</u>: Within ten (10) business days after the award of the Contract to the lowest responsible Bidder, the City will return the proposal guaranties, other than Bidder's bonds, accompanying such of the proposals as are not to be further considered in making the award. Retained proposal guaranties will be held until the Contract has been finally executed, after which all proposal guaranties, except Bidder's bonds and any guaranties which have been forfeited, will be returned to the respective Bidders whose proposals they accompany.

<u>Oualifications of Bidders</u>: Each Bidder shall be skilled and regularly engaged in the general class or type of work called for under the Contract. A statement setting forth their experience shall be submitted by each Bidder on the References of Work form provided herein.

Each Bidder shall possess valid active Contractor's License issued by the Contractor's State License Board at the time their bid is submitted. The class of license shall be applicable to the work specified in the Contract. Each Bidder shall also have no less than five (5) years' experience in the magnitude and the character of the work bid.

Pursuant to section 1103 of the Public Contract Code, City staff has determined that the following non-exhaustive experience is reasonably necessary to satisfactorily perform the public works Contract:

The Contractor shall have a minimum of five (5) projects of similar type of construction and magnitude with other public agencies within the past five (5) years.

The Contractor shall have been in the business under the same name and California Contractor's License for a minimum of five (5) continuous years prior to the bid opening date for this project. The license used to satisfy this requirement shall be of the same type as that required by the Contract.

The Contractor shall perform above 50% of the Contract with its own forces.

Bidders must be thoroughly competent and capable of satisfactorily performing the work covered by the proposal. They shall have had project experience similar to the project scope of work. When requested, they shall furnish such statements relative to previous experience on similar work, the plan or procedure proposed, and the organization, machinery, plant and other equipment available for the contemplated work, and the financial condition and resources of the Bidder, as may be deemed necessary by the City Engineer in determining such competence and capability.

The City of Lawndale will not enter into a Contract with any Bidder who is not properly licensed to do the work of this Contract under the provisions of Section 7000 et seq., of the Business and Professions Code, unless particularly exempted by the terms thereof. A bid by a Contractor who is not properly licensed shall be considered non-responsive and will be rejected. The Contractor must hold all sub-Contractors to these same Contract requirements.

The sheet for Bidder's signature in the Bid Proposal shall clearly show the Contractor's name, address, telephone number, State of California Contractor's license number, classification and date of expiration.

Completeness of Bids: Bids are required for the entire work. The amount of the bid for comparison purposes will be the total bid price of all items. The Bidder shall set forth the bid price for each item in the respective spaces provided for these purposes.

In case of discrepancy between the unit price and the total set forth for the item, the unit price shall prevail, provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case where the unit price is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

a) As to lump sum items, the amount set forth in the "Total" column shall be the unit price.

b) As to unit price items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price.

The City may waive technical or non-substantive inconsistencies in any bid.

<u>Non-discrimination</u>: Pursuant to the provisions of 31 CFR, Part 51, Section 51.55, the Revenue Sharing Act, notice is hereby given of the following policy, effective immediately:

The City of Lawndale does not discriminate on the basis of handicapped status in admission or access to, or treatment of, or employment in, its programs and activities. The office that will coordinate compliance is that of Human Resources.

Workers' Compensation Insurance: Before execution of this Agreement by the City, the Contractor shall file with the City's Risk Manager the following signed certification:

"I am aware of, and will comply with, Section 3700 of the Labor Code, requiring every employer to be insured against liability for Workers' Compensation or to undertake self-insurance before commencing any of the work."

The Contractor shall also comply with Section 3700 of the Labor Code by securing, paying for and maintaining in full force and effect for the duration of this Agreement, complete Workers' Compensation Insurance, and shall furnish a Certificate of Insurance to the City's Risk Manager reflecting such insurance before this Agreement becomes effective. Contractor shall fully indemnify and hold harmless City, its attorneys, agents, officers and employees for any claims in law or equity occasioned by the failure of Contractor to comply with the terms of this section. Every Workers' Compensation Insurance policy required hereunder, shall bear an endorsement, or shall have attached a rider, providing that in the event of expiration or proposed cancellation of such policy for any reason whatsoever, the City's Risk Manager shall be notified of such action by registered mail, postage prepaid, return receipt requested, at least 30 days before such expiration or cancellation becomes effective.

Indemnification: Bidders are instructed to refer to the Contract Agreement.

<u>Sub-Contractors</u>: Bidders must list the name, address of the place of business, Contractor license number, and DIR registration number for each sub-Contractor to be responsible for more than 1/2 of 1% of the total bid, and the portion of the job for which that sub-Contractor is responsible. Only one sub-Contractor may be listed for each portion of the job.

Unfair Business Practices Claims: In entering into a public works Contract or a subcontract to supply goods, services or materials pursuant to a public works Contract, the Contractor or sub-Contractor offers and agrees to assign to the awarding body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2, (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services or materials pursuant to the public works Contract or the subcontract. This assignment shall be made and become effective at the time the awarding body renders final payment to the Contractor without further acknowledgment by the parties. (Section 7103.5, California Public Contract Code.)

Bidder Registration Requirement: Pursuant to Labor Code sections 1725.5 and 1771.1, all Contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a Contract to perform public work must be registered with the Department of Industrial Relations (DIR). No bid will be accepted nor any Contract entered into without proof of the Contractor's and

subcontractors' current registration with the DIR to perform public work. If awarded a Contract, the Bidder and its subcontractors, of any tier, shall maintain active registration with the DIR for the duration of the Project. To this end, Bidder shall sign and submit with its Bid the Public Works Contractor Registration CerOMICATRAVINGEOMPRANT Need, attesting to the facts contained therein. Failure to submit this form may render the bid non-responsive. In addition, each Bidder shall provide the registration number for each listed subcontractor in the space provided in the Designation of Subcontractors form.

<u>Claim Procedures</u>: Bidders are instructed to refer to the Contract Documents, including by way of illustration and not by limitation the Contract Agreement.

<u>**Protest Procedures**</u>: Bidders may file a "protest" of a Bid with the City Manager. In order for a Bidder's protest to be considered valid, the protest must:

- A. Be filed in writing within five (5) calendar days after the bid opening date;
- B. Clearly identify the specific irregularity or accusation;
- C. Clearly identify the specific City staff determination or recommendation being protested;
- D. Specify in detail the grounds for protest and the facts supporting the protest;
- E. Include all relevant, supporting documentation with the protest at time of filing; and
- F. Be transmitted concurrently to all other parties with a direct financial interest that may be adversely affected by the outcome of the protest. Such parties shall include all other Bidders or proposers who appear to have a reasonable prospect of receiving an award depending upon the outcome of the protest.

If the protest does not comply with each of these requirements, the City may reject the protest with or without further review.

If the protest is timely and complies with the above requirements, the City Manager, or other designated City staff member, shall review the protest, any response from the challenged Bidder(s), and all other relevant information, and will provide a written decision to the protestor.

The City Manager or designee shall have up to ten calendar days to decide whether to approve or reject the protest. The written decision of the City Manager or designee on the protest shall be served upon the protesting Bidder and any Bidder subject to the protest within fourteen (14) calendar days of receipt of the bid protest. The City Manager or designee may extend the ten (10) calendar days if necessary, to review additional information requested from any Bidder.

If the protester wishes to further contest the protest, it shall appeal this decision to the City Council by filing a statement of appeal with the City Clerk within five (5) days of the issuance of the City Manager's decision. Said statement of appeal shall include all information required of the original bid protest, as well as a short and plain statement setting forth why Protester disputes the City Manager's decision and the legal and factual basis for such dispute. Any person or entity may present a formal protest to the City with respect to solicitations being conducted by staff.

A Bidder whose bid has been protested by another Bidder may submit to the City Manager a written response to the protest by email or by personal delivery or overnight mail to City Hall, 14717 Burin Avenue, Lawndale, California 90260, so that it is received by the City no later than seven calendar days after the protest has been served by the protesting Bidder.

Only one subcontractor for each such portion shall be listed.

Notwithstanding the foregoing, if the work involves the construction of streets and highways, then the Bidder shall list each subcontractor who will perform work or labor or render service to the Bidder in or about the work in an amount in excess of one-half of one percent (0.5%) of the Bidder's Total Bid Price or \$10,000, whichever is greater. No additional time shall be granted to provide the below requested information.

If the Contractor fails to specify a subcontractor for any portion of the work to be performed under the Contract, he shall be deemed to have agreed to perform such portion himself, and he shall not be permitted to subcontract that portion of the work except under the conditions hereinafter set forth.

Subletting or subcontracting of any portion of the work to which subcontractor was designated in the original bid shall only be permitted in cases of public emergency or necessity, and then only after a finding reduced to writing as a public record of the legislative body of the Owner.

We propose to use the following listed subcontractors as per Public Contract Code Section 4100 et seq.: List all Subcontractors. The subcontractor shall be licensed for the type of work they are performing. Any previous work performed by a Subcontractor for the City of Lawndale in the last 5 years shall be included as reference, independent of the type of project. Failure to provide this information with the bid documents will result in deeming the Bidder unresponsive.

In compliance with the "Subletting and Subcontracting Fair Practices Act" being Sections 4100-4113 of the Government Code of the State of California, and any amendments thereto, each Bidder shall set forth below: (a) the name and location of the place of business, (b) the California Contractor license number, (c) the DIR public works Contractor registration number unless exempt pursuant to Labor Code Sections 1725.5 and 1771.1, and (d) the portion of the work which will be done by each subcontractor who will perform work or labor or render service to the prime Contractor in or about the construction of the work or improvement in an amount in excess of one-half (1/2) of one percent (1%) of the prime Contractor's total bid, and shall further set forth the portion of the work which will be done by each subcontractor. Only one subcontractor for each such portion shall be listed.

Notwithstanding the foregoing, if the work involves the construction of streets and highways, then the Bidder shall list each subcontractor who will perform work or labor or render service to the Bidder in or about the work in an amount in excess of one-half of one percent (0.5%) of the Bidder's Total Bid Price or \$10,000, whichever is greater. No additional time shall be granted to provide the below requested information.

If the Contractor fails to specify a subcontractor for any portion of the work to be performed under the Contract, he shall be deemed to have agreed to perform such portion himself, and he shall not be permitted to subcontract that portion of the work except under the conditions hereinafter set forth.

Subletting or subcontracting of any portion of the work to which subcontractor was designated in the original bid shall only be permitted in cases of public emergency or necessity, and then only after a finding reduced to writing as a public record of the legislative body of the Owner.

The Personnel Officer shall meet with the employee and/or the employee's representative to discuss the grievance and will thereafter render a written decision within ten (10) working days after conclusion of the meeting unless the parties agree that further investigation is necessary and establish a new response date. If the grievance is against the Personnel Officer, then the employee may proceed directly to Step III.

Step III: If the grievance has not been satisfactorily resolved in the Step II, it may be appealed to the City Manager within ten (10) workings days after Personnel Officer's decision is received by the employee. The City Manager shall meet with the employee and/or the employee's representative to discuss the grievance and may require the employee's supervisor and/or Department Director to be present for the meeting. The City Manager will thereafter render a written decision within ten (10) working days after conclusion of the meeting unless the parties agree that further investigation is necessary and establish a new response date. Any time limits established in this procedure may be waived or extended by mutual agreement, confirmed in writing. Any grievance petition not carried to the next step by the grievant, within the prescribed time limits, shall be deemed resolved upon the basis of the previous disposition. Any lack of written

response by the City, at any stage, will result in the grievance automatically advancing to the next step.

ARTICLE 19 <u>FULL UNDERSTANDING AND</u> WAIVER OF BARGAINING DURING THE TERM OF THIS AGREEMENT

<u>Section 19.01</u> FULL UNDERSTANDING. This Agreement sets forth the full and entire understanding of the parties regarding the matters contained herein, and any other prior or existing understandings or agreements by the parties, whether formal or informal, regarding any such matters are hereby superseded or terminated in their entirety. In the event of circumstances beyond the control of the City, such as acts of God, fire, flood, earthquake, insurrection, civil disorder, national emergency, or similar circumstances, provisions of this Agreement or the Personnel Rules and Regulations of the City, which restrict the City ability to respond to these emergencies, shall be suspended for the duration of such emergency. After the emergency is declared over, this Agreement will be reinstated immediately. Majority Representative Employee Organization shall have the right to meet and confer with the City regarding the impact on employees of the suspension of provisions in the Agreement during the course of the emergency. Any rights and benefits suspended by virtue of the emergency shall be restored as soon as practicable at the conclusion of the emergency.

ARTICLE 21 SEVERABILITY PROVISION

<u>Section 21.01</u> SEVERABILITY DECLARED. Should any provisions of this Agreement be found to be inoperative, void or invalid by a court of competent jurisdiction, all other provisions of this Agreement shall remain in full force and effect for the duration of this Agreement. The parties shall meet and confer over a new provision to replace any such provision stricken by law.

ARTICLE 22 TERM OF AGREEMENT

<u>Section 22.01</u> TERM ESTABLISHED. The term of this Agreement shall commence on July 1, 2023 July 1,2025, and shall continue in full force and effect until June 30, 2025 June 30, 2028.

The Majority Representative Employee Organization also represents and affirms that on February 15, 2024, June 11, 2025, its members voted to ratify the Tentative Agreement which contains the deal points of this Agreement. The City and the Majority Representative Employee Organization acknowledge that this Agreement shall not be in full force and effect until adoption by the City Council of the City.

- b. Changes and/or revisions to the City's Employer-Employee Relations Resolution(s).
- c. Impacts of any classification and compensation recommendations.

The parties specifically acknowledge that implementation of the re-openers as described in this MOU does not mandate the reaching of an agreement or the changing of any matters within the scope of representation.

ARTICLE 26 SICK LEAVE FOR PART-TIME EMPLOYEES

The purpose of this Article 26 is to establish a paid sick leave policy, in conformance with the requirements of the Healthy Workplace Healthy Family Act of 2014 (the "Act," which added Labor Code Sections 245-249 and amended Labor Code Section 2810.5 and Sections 245.5, 246, and 246.5) applicable to all qualifying part-time City employees, who are not otherwise eligible for paid sick leave under Article 15 of this Agreement.

<u>Section 26.01</u> ELIGIBILITY. Part-time employees who have worked for 30 or more days for the City within a year shall be eligible to accrue and use paid sick leave in accordance with the requirements of the Act, codified as Labor Code Sections 245-249 and 2810.5, and as provided for in this Article. Regular, benefited employees are eligible for paid sick leave under Article 15 of this Agreement and the City's Personnel Rules and Regulations and shall not be eligible for additional sick leave as described in this Article.

<u>Section 26.02</u> ACCRUAL. Beginning on January 1, 2024, all eligible employees will accrue sick leave at the rate of one hour for every 30 hours worked up to a maximum accrual of 40 hours/5 days per year. An employee shall be eligible to use accrued paid sick time beginning on the 90th day of employment, defined as the number of days worked. Although not required pursuant to Labor Code § 246(d), accrued sick leave shall carry over to the following fiscal year, with a maximum accrual cap of 80 hours. In the event a part-time employee's work schedule is such that five (5) work days would exceed 40 hours, such employee shall be provided with five (5) days paid sick leave as required by the Act.

Part-time employees hired prior to January 1, 2024, will carry over any existing banked sick leave up to the prior cap of 48 hours. Such employees may then accrue additional leave, at the rate of 1 hour for 30 hours worked, up to the 80-hour cap.

Section 26.03 USAGE.

- a. In accordance with the Act, a part-time employee may use accrued paid sick leave in a 12-month period for one of the following reasons:
 - For the employee's own diagnosis, care, or treatment of an existing health condition or preventative care.
 - For the diagnosis, care, or treatment of an existing health condition or preventative care of an employee's family member or designated person, including:
 - Child (including a biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in locoparentis.)
 - Spouse or Registered Domestic Partner
 - Parent (including biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child.)
 - Grandparent
 - Grandchild.
 - o Sibling
 - Designated person (a person identified by the employee at the time the employee requests to use paid sick days for that person). Once an employee has requested use of sick leave for a "designated person," the City may prohibit the employee from using sick leave in the same 12-month period for anyone other than that "designated person" who is not a "family member."
 - For a part-time employee who is the victim of domestic violence, sexual assault, or stalking, the purposes described in California Labor Code Sections 230(c) and 230.1(a) (including subsequent amendment.)
- b. A part-time employee shall provide reasonable advance notification of their need to use accrued paid sick leave to their supervisor if the need for paid sick leave use is foreseeable

(e.g., doctor's appointment scheduled in advance). If the need for paid sick leave use is unforeseeable, the employee shall provide notice of the need for the leave to their supervisor as soon as is practicable.

c. A part-time employee who uses paid sick leave must do so with a minimum increment of two hours of sick leave.

<u>Section 26.04</u> NO SICK LEAVE CASHOUT. A part-time employee will not receive compensation for unused accrued paid sick leave upon termination, resignation, retirement or other separation from employment from the City. Paid sick leave will not be considered hours worked for purposes of overtime calculation.

<u>Section 26.05</u> CARRYOVER UPON APPOINTMENT TO FULL TIME POSITION. Notwithstanding Section 26.04 above, in the event a part-time employee is appointed to a full-time position with the City, that employee shall be entitled to carry over to the full-time position any accrued sick leave, up to the maximum accrual cap of 80 hours.

<u>Section 26.06</u> SEPARATION AND RE-HIRE. If a part-time employee separates from City employment and is re-hired by the City within one year of the date of separation, previously accrued and unused paid sick leave hours shall be reinstated to the extent required by the Act. However, if a re-hired part-time employee had not yet worked the requisite 90 days of employment to use paid sick leave at the time of separation, the employee must still satisfy the 90 days of employment requirement collectively over the periods of employment with the City before any paid sick leave can be used. In no event shall a re-hired part-time employee be eligible to accrue more than 40 hours of sick leave in a single fiscal year.

9/80 Alternative work schedule

All employees are expected to work a scheduled forty (40) hours within their defined workweek, which constitutes their work schedule for that workweek. The work period for unit employees, for the purposes of the Fair Labor Standards Act (FLSA), shall be a fixed and regularly recurring period of time consisting of one-hundred and sixty-eight (168) consecutive hours consisting of seven (7) consecutive twenty-four (24) hour periods.

The City has adopted several work schedules, including a 9/80 (9 days/80 hours) schedule. The specific components of the 9/80 alternative work schedules are set forth as follows:

- The work schedule consists of an eighty (80) work hour period, with nine (9) work days in fourteen (14) consecutive calendar days. The work schedule is comprised of four (4) nine (9) hour days per week and one (1) eight (8) hour work day every other week.
- 2. Employees working the 9/80 alternative work schedule shall have a thirty (30) minute unpaid lunch period added to the work day.
- 3. The workweek shall be defined (for FLSA purposes) as beginning four (4) hours into the employee's eight (8) hour shift (i.e. halfway through shift) on the same day of week as their alternating regular day off, in such a manner that the workweek does not exceed 40 hours.

For example, a unit employee working a 9/80 work schedule whose regular day off is Friday, and who works a schedule from 6:30 a.m. to 3:00 p.m. on alternating Fridays (with one thirty (30) minute break for lunch) shall have a workweek which shall begin at 10:30:00 a.m. on Fridays and end at 10:29:59 a.m. on the following Friday.

	Friday	Saturday	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday]
Wk 1	OFF	OFF	OFF	9 hrs.	9 hrs.	9 hrs.	9 hrs.	*4 hrs.	40 hrs.
Wk 2	*4 hrs.	OFF	OFF	9 hrs.	9 hrs.	9 hrs.	9 hrs.	OFF	40 hrs.

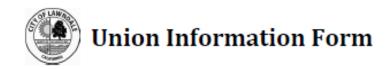

A sample depiction of a 9/80 work schedule is as follows:

*Note: hours worked in the morning at the end of the first week and those worked in the afternoon at the beginning of the next work week are the same day, Friday.

4. Employees are required to take the same alternating day off for the length of the 9/80 alternative work schedule to remain in compliance with the definition of a workweek under the FLSA (Fair Labor Standards Act) guidelines. (For example, if an employee's regular alternative day off is Friday, the employee cannot switch the alternate date off to Thursday or any other day).

- 5. Sick leave and holidays are earned in 9 hour increments.
- 6. Observance of Holidays: If a City holiday falls on a Saturday, then the proceeding Friday is observed as a paid holiday. If a City holiday falls on a Sunday, then the following Monday is observed as a paid holiday. If a City holiday falls on an off-Friday, then the proceeding Thursday is generally observed as a paid holiday.
- 7. If a City holiday falls on a regularly scheduled day off, and that holiday is not observed on an employee's regular workday, then the employee shall be credited with a floating holiday. (For example, for a 9/80 employee, if a City holiday falls on a Saturday during the week of an off-Friday, then the employee shall be credited with a floating holiday. If a City holiday falls on a Friday that is worked, then that day shall be given as the holiday).
- 8. Overtime will be all hours worked in excess of employee's regular work day or beyond forty (40) hours in the workweek, in compliance with Section 08.01. Time shall be reported to Payroll based on the regular two-week pay period. Overtime worked will be reported in the pay period in which it is worked.
- 9. If a Lawndale Classified Employee Unit member's regular work schedule is between 6:00 p.m. and 6:00 a.m., then he/she is eligible for shift differential pay to be paid in addition to the regular salary at a rate of 5% of the regular hourly rate for those hours worked between these hours.
- 10. 10. Community Services Department: senior nutrition, exercise, senior dial-a-ride and meals-on-wheels services continue coverage 5 days per week. Parks, facility rental, senior services programs, etc. will continue to be open 7 days per week, staffed by both full-time and part-time employees, working various work schedules. Additional flex scheduling may be needed to accommodate supervision of shifts, and will be determined by the department director. The department director to provide a detailed schedule.

ARTICLE 04 EMPLOYEE ORGANIZATION RIGHTS

<u>Section 04.01</u> DUES DEDUCTION. The Majority Representative Employee Organization requests that the City deduct membership dues, initiation fees, and general assessments, as well as payment of any other membership benefit program sponsored by the Majority Representative Employee Organization, from the wages and salaries of members of the Majority Representative

Employee Organization. The Majority Representative Employee Organization hereby certifies that it has and shall maintain all such deduction authorizations signed by the individual from whose salary or wages the deduction is to be made and shall not be required to provide a copy of an individual authorization to the City unless a dispute arises about the existence or terms of the authorization. The Majority Representative Employee Organization membership dues shall be deducted each pay period in accordance with City procedures and provisions of applicable law from the salary of each employee whose name is provided by the Majority Representative Employee Organization.

The City shall provide for payroll deductions on each payroll period (twenty-four times per calendar year). The City shall remit the total amount of deductions to the Majority Representative Employee Organization within thirty (30) days of the date of the deduction. Any changes in the Majority Representative Employee Organization dues must be given to the City a minimum of thirty (30) days prior to change to accommodate changes to payroll.

<u>Section 04.02</u> MAINTENANCE OF MEMBERSHIP. Any employees in the LCE or LPMME Units who have authorized the Majority Representative Employee Organization dues deductions on the effective date of this MOU, or at any time subsequent to the effective date of this MOU, shall continue to have such dues deduction made by the City during the term of this MOU; provided, however, that any requests to revoke or change membership deductions must be referred to the Majority Representative Employee Organization.

<u>Section 04.03</u> PEOPLE DEDUCTION. The City agrees to deduct from the wages of any employee who is a member of the Majority Representative Employee Organization an AFSCME PEOPLE deduction as per a written authorization provided by the affected employee. Such authorization must be executed by the employee and may be revoked by the employee at any time by giving written notice to both the City and the Majority Representative Employee Organization. The City agrees to remit any deductions made pursuant to this provision to the Majority Representative Employee Organization within a reasonable time frame together with an itemized statement showing the name of each employee from whose pay such deductions have been made and the amount deducted during the period covered by the remittance.

<u>Section 04.04</u> INDEMNIFICATION OF CITY. Majority Representative Employee Organization shall defend, indemnify and hold the City harmless against any liability arising from any claims, demands, or other action relating to the City's compliance with Section 04.01 Dues Deduction, Section 4.02 Maintenance of Membership, and Section 4.03 PEOPLE Deduction. AFSCME specifically agrees to pay any attorney, arbitrator or court fees, costs and expenses related thereto or associated therewith.

<u>Section 04.05</u> REPRESENTATIVES' RIGHTS. The Majority Representative Employee Organization may select a total of four (4) representatives for the LPMME Unit and five (5) for the LCE Unit, with no more than two (2) representatives from any one department of the City representing either unit at the same time. The Majority Representative Employee Organization shall give to the City a written list of employees who have been selected as representatives. The Majority Representative Employee Organization shall keep this list current.

Representatives may spend a reasonable amount of time to promptly and expeditiously investigate and process grievances without loss of pay or benefits of any kind. To investigate and process means to discuss the matter with the grievant, record information, advise or recommend action, assist in the completion of documents necessary for the formal grievance processing, investigate allegations which may form the basis for the grievance, and, if so requested, appear with the grievant at the first formal level of grievance resolution. Representatives shall be free from reprisal and shall not in any way be coerced, intimidated or discriminated against as a result of their activities and roles as representatives.

Representatives shall notify and obtain permission from their department head before leaving their work to transact any employee organization business. Permission will be granted promptly unless such absence would cause an undue interruption of work. Upon entering another represented unit member's work place on employee organization business, the representative shall obtain permission from the employee's department head. If such permission cannot be granted promptly, the representative will be immediately informed when the time will be available.

The Majority Representative Employee Organization agrees that a representative shall not log compensatory time or overtime pay for the time spent performing any function of a representative. Both permission and denial of a request to leave a work location by a representative shall be recorded with a signature by the immediate supervisor. Notations as to the reasons for a possible denial of the request and the time when time may be expected to be made available should be recorded.

The role of the representative is to provide timely grievance representation at the first steps of the grievance procedure in an effort to resolve grievances at the lowest possible level and to increase communications between the City and the Majority Representative Employee Organization.

<u>Section 04.06</u> INCREASED COMMUNICATION BETWEEN PARTIES. The City might reasonably expect that the Majority Representative Employee Organization would report the results of any meeting wherein employees have been permitted to participate on City time in their role as representatives. This would be intended specifically to cover those situations wherein the grievance might not be pursued beyond the initial or informational stage.

<u>Section 04.07</u> ALLOWED TIME FOR REPRESENTATIVES. The City agrees to allow representatives an average of two (2) hours per month to transact and discuss employee organization business during their regular working hours, unless prior approval of an amount greater than two (2) hours has been given by the City Manager, subject to absence from the assigned work being approved by the employee's department head with permission being granted promptly unless such absence would cause an undue interruption of work.

<u>Section 04.08</u> ACCESS TO NEW HIRES AND EMPLOYEE INFORMATION. The City will notify the Majority Representative Employee Organization President in writing or via email regarding all new hires at least ten (10) days prior to the employee's orientation unless there is an urgent need that was not reasonably foreseeable. Within the earlier of thirty (30) days after the date of hire or by the first pay period of the month following the hire of each newly hired employee, the City will provide the Majority Representative Employee Organization President with the new employee's name, job title, department, work location, home mailing address, personal email, and work, home and personal cell phone numbers.

The new hire will receive a copy of the MOU with his/her new employee orientation packet. The Majority Representative Employee Organization shall be permitted one (1) hour for each orientation session to talk to new Unit members to explain the rights and benefits under the MOU.

The City will provide the Majority Representative Employee Organization President and the designated Business Representative from AFSCME District Council 36 a quarterly list of all employees in the Unit, including the employee's name, job title, department, work location, home mailing address, personal email, and work, home and personal cell phone numbers.

Notwithstanding the foregoing, pursuant to AB 119, the City will not provide the Majority Representative Employee Organization with the home address or any phone number on file with the City of any employee performing law enforcement-related functions, and the City will not provide the Majority Representative Employee Organization with any home address, home telephone number, personal cellular telephone number, or personal email address or date of birth of any employee who has made a written request to the City regarding non-disclosure of said information.

The parties will mutually agree on a form to use to track said employee information and whether any employee requests that such information not be disclosed. [See Attachment E hereto for agreed upon form.]

ARTICLE 05 NO STRIKE - NO LOCKOUT PLEDGE

In the event that the Majority Representative Employee Organization, its officers, agents, representatives, and/or members engage in any of the conduct prohibited in Section 05.01 herein, the Majority Representative Employee Organization shall immediately instruct any persons engaging in such conduct that their conduct is in violation of this Agreement, and require that all such persons immediately cease engaging in conduct prohibited in Section 05.01, and return to work.

If Majority Representative Employee Organization acts in good faith to meet its responsibilities as set forth above, then Majority Representative Employee Organization, its officers, agents, representatives and its members shall not be liable for any damages for prohibited conduct engaged in by any employees who are covered by this Agreement.

<u>Section 05.04</u> CITY RIGHTS. Notwithstanding Section 05.03 herein, the City shall have the right to bring suit for damages and/or equitable relief in the Courts for breach of this Article against

the Majority Representative Employee Organization, its officers, agents, representatives or members. Further, if the Majority Representative Employee Organization fails to diligently perform all responsibilities contained in Section 05.03, the City may suspend any and all of the rights and privileges accorded the Majority Representative Employee Organization under City Resolution and this Agreement, including, but not limited to, the suspension of recognition of such employee organization and the use by the Majority Representative Employee Organization of City bulletin boards and facilities.

<u>Section 07.03</u> ADMINISTRATION OF BASIC COMPENSATION PLAN. Where indicated, the compensation ranges and steps contained in the attached salary schedules are monthly compensation rates. The hourly rate of pay shall be the monthly rate multiplied by twelve (12) and divided by 2080. In determining the hourly rate as herein provided, compensation shall be made to the nearest cent.

<u>Section 07.04</u> BEGINNING RATES. A new employee of the City shall be paid the rate shown in Step "A" of the range allocated to the classification of employment for which the employee has been hired, except that on the request of the department head under whom the employee will serve, and with the authorization of the City Manager, such employee may be placed in Step "B", "C", "D" or "E", depending on the employee's qualifications.

<u>Section 07.05</u> SERVICE. The word "service," as used in this Agreement shall be defined to mean continuous, full-time service in the employee's present classification, service in a higher classification, or service in a classification allocated to the same salary range and having generally similar duties and requirements. A lapse of service by an employee for a period of time longer than thirty (30) calendar days by reason of resignation or discharge shall serve to eliminate the accumulated length of service time of such employees for the purpose of this Agreement. Such employees reentering the service of the City shall be considered as a new employee, except that the employee may be re-employed within one (1) year and placed in the same salary step in the appropriate compensation range as the employee was at the time of the termination of employment, at the discretion of the employee's department head and approved by the City Manager.

<u>Section 07.06</u> ADVANCEMENT WITHIN SCHEDULE. The following regulations shall govern salary advancement within ranges:

- a. <u>Service Advancement.</u> After the salary of a represented unit member has been first established and fixed under this plan, such employee may be advanced from Step "A" to Step "B" effective the first day of the next pay period following the date of successful completion of the evaluation period, provided service during such initial six (6) month period has been above standard.
- b. <u>Merit Advancement.</u> An employee shall be considered for advancement from one step to the next highest step upon completion of the minimum length of service as

required, pursuant to procedures in the City's Personnel Rules and Regulations. If it is determined that an employee is eligible for a merit advancement, the effective date of the merit advancement shall be the first payroll period following the date the employee is entitled to the merit review as provided for in Section 07.07. Advancement from Step "B" to any step may be granted if an employee demonstrates above standard ability and proficiency in the performance of his/her duties. Such merit advancement shall require the following:

- 1. The employee's department head shall file with the Personnel Department a written statement recommending the grant or denial of the merit increase and supporting such recommendation with specific reasons therefore. The Personnel Department shall submit a recommendation attached thereto to the City Manager.
- 2. If the recommendation is approved by the City Manager, the City Manager shall forward the approved recommendation to the Personnel Department to effect a change in payroll status.
- c. <u>Outstanding Merit Advancement.</u> In such cases as may occur wherein an employee shall demonstrate exceptional ability and proficiency in the performance of such employee's duties, the employee's department head may recommend in accordance with Section 07.06 (b) (1) above, that such employee be advanced to a higher step without regard to the minimum length of service provisions contained in this Agreement or be advanced to more than the next highest step in the salary range. The City Manager may, on the basis of the employee's department head's written recommendation, approve or deny such an advancement, and forward such approval to the Finance Department to effect a change in payroll status.
- d. <u>Length of Service Required When Advancement is Denied.</u> When an employee has not been approved for advancement to a higher salary step, such employee may be reconsidered for such advancement at any subsequent time. This reconsideration shall follow the same steps and shall be subject to the same actions as provided in Section 07.06 (b) above.
- e. <u>"Y" Rating.</u> When, due to a reorganization of duties or of City department structure, an employee is reclassified to a new position which is compensated at a lesser rate than the employee's current rate, such employee shall be "Y" rated. "Y" rating means that such employee will continue to receive compensation at the former rate of pay until such time as compensation of the new position most nearly equals or exceeds the "Y" rate. At that time, such employee will begin to receive increases applied to the new range. Step "Y" will follow Step "E" of the new classification.

<u>Section 07.07</u> SCHEDULE FOR CONSIDERATION FOR ADVANCEMENTS. All newly hired or promoted employees who begin at the minimum salary step of a given salary range shall receive a salary increase based on merit, as recommended by the employee's department head and approved by the City Manager, in accordance with the steps and corresponding time periods specified below:

SALARY STEP	EMPLOYEE ELIGIBLE FOR:
А	Newly hired employee.
В	After six (6) months of full-time employment and an above standard initial evaluation.
В	After one (1) year of full-time employment employee may be released from probation with an above standard evaluation.
С	After one and one-half (1 1/2) years of full-time employment.
D	After two and one-half (2 1/2) years of full-time employment.
E	After three and one-half $(3 1/2)$ years of full-time employment.

Notwithstanding the time periods specified above, a newly hired or promoted employee entering a range on a step higher than Step "A" will be eligible for review and salary increase one (1) year from date of hire or promotion, and at future yearly intervals based upon the employee's anniversary date.

An employee shall be considered for advancement from one step to the next highest step upon completion of the minimum length of service as required by this Agreement and pursuant to procedures outlined in the City's Personnel Rules and Regulations. Advancements to any step may be granted if an employee demonstrates above standard ability and proficiency in the performance of his/her duties. Such merit advancement shall require the following:

- a. The employee's department head shall file with the Personnel Department a statement recommending the grant or denial of the merit increase and supporting such recommendation with specific reasons therefore. The Personnel Department shall submit a recommendation attached thereto to the City Manager.
- b. If the recommendation is approved by the City Manager, the City Manager shall forward the approved recommendation to the Finance Department to effect a change in payroll status.

In such cases as may occur wherein an employee shall demonstrate exceptional ability and proficiency in the performance of the employee's duties, the employee's department head may recommend to the City Manager that said employee be advanced to a higher step without regard to this Agreement or be advanced to more than the next highest step in the salary range. The City Manager may, on the basis of the employee's department head's written recommendation, approve or deny such advancement.

All merit step salary increases will become effective on the first day of the pay period in which the employee's anniversary date occurs, unless there is a postponement. In the event of a postponement,

the effective date of the step increase will be the first day of the pay period in which the increase is authorized.

<u>Section 07.08</u> REDUCTION IN SALARY STEPS. An employee who is being paid on a salary step higher than Step "A" may be reduced by one or more steps upon the recommendation of the employee's department head with the approval of the City Manager. Procedures for review and recommendation for such reduction shall be the same as outlined for merit advancements in Section 07.06, and such employee may be considered for re-advancement under the provisions as contained in subsection (b) of Section 07.06.

<u>Section 07.09</u> COMPENSATION INCREASES FOR PROMOTIONS. Any full-time employee promoted to a higher classification shall receive an increase in compensation, which is at least five percent (5%) higher than the employee's last salary. The date of promotion shall then be considered the new anniversary date for purposes of eligibility for further compensation increases, except that no merit advancement shall be considered until after six (6) months in the higher classification regardless of the requirement for a probationary period.

Any part-time employee promoted to a full-time position within the classified service shall receive compensation at the minimum step for the classification range, unless otherwise determined by the City Manager. The schedule for eligibility for increases as stated in Section 07.07 of this Article shall apply for such employees.

<u>Section 07.10</u> COMPENSATION ON DEMOTION. When an employee is demoted, the employee shall retain the same step as the employee held in the previous salary range. Increases in compensation shall thenceforth be in accordance with the procedures and schedule set forth in Sections 07.06 and 07.07 of this Article as if the employee was originally employed in the new classification range.

<u>Section 07.11</u> COMPENSATION ON TRANSFER. When an employee is transferred within a department or between departments, or from one position to another position in the same class with similar duties and qualifications, the employee shall remain at his/her same Step and level of compensation. If necessary, the employee shall be "Y" rated as provided for in Section 07.06 (e).

<u>Section 07.12</u> COMPENSATION ON LAYOFF. Personnel Rule 3.55 is clarified with regard to pay for part-time employees laid off given less than two weeks notice. In such circumstances, the City shall calculate pay for the difference between the date of layoff and two (2) weeks notice as follows. Part-time employees working on average 20 or less hours a week over the preceding three months shall be paid four (4) hours for each day's difference between the date of layoff and two weeks notice. Part-time employees working less than 30 but greater than 20 hours a week on average over the preceding three months shall be paid six (6) hours for each day's difference between the date of layoff and two weeks notice. Part-time employees working on average 30 or more hours over the preceding three months shall be paid eight (8) hours for each day's difference between the date of layoff and two weeks notice.

<u>Section 07.13</u> LONGEVITY PAY. Any represented members having completed five (5) full years of service with the City shall receive an annual lump sum payment of three hundred dollars (\$300), which shall be paid on the first Payroll following the employee's anniversary date. employee's anniversary date. Any represented members having completed fifteen (15) full years of service with the City shall receive an annual lump sum payment of nine hundred dollars (\$900), which shall be paid on the first Payroll following the employee's anniversary date.

<u>Section 07.14</u> BILINGUAL PAY. The City Council shall offer bilingual pay of an additional forty-five dollars (\$45) per pay period to those full-time employees whom prove proficient in either Spanish or American Sign Language, and are required to use such languages during the course of city business. Any part-time employee receiving bilingual pay prior to July 1, 2006 shall continue to be eligible to receive this bonus pay.

<u>Section 07.15</u> SHIFT DIFFERENTIAL. Any City employee with his/her regular work schedule being assigned between the hours of 5:00 p.m. and 6:00 a.m. shall be eligible for shift differential pay to be paid in addition to the employee's regular salary. Said shift differential shall be equal to five percent (5%) of the employee's regular hourly rate for only those actual hours worked between 5:00 p.m. and 6:00 a.m. per work period. This Section may be modified and superseded by the 4/10 work schedule and implementation plan set forth in Attachment "C" hereto.

<u>Section 07.16</u> ACTING PAY. An employee appointed by the City Manager to serve in an "acting" position for a classification other than such employee's regular classification for a period exceeding fifteen (15) consecutive working days as a result of authorized leave by another employee, or exceeding ten (10) consecutive working days resulting from a vacancy due to separation, shall receive a compensation that is the greater of either five percent (5%) of the employee's current compensation, or Step "A" of the acting classification.

Section 07.17 FLEXTIME. In order to meet special work schedule requirements, a flextime schedule may be worked for any given day or consecutive work days, with the prior mutual concurrence of the employee, the employee's department head and the City Manager. Such flextime shall allow for differing work days and/or arrival and departure times on given work days provided that the employee works not less than forty (40) hours within their defined workweek. Any hours worked beyond forty (40) in an employee's workweek shall be considered over-time, and be compensated accordingly. Any long-term schedule change to meet extraordinary conditions shall be placed in writing and signed by the employee, the department head, and the City Manager. This Section may be modified and superseded by the requirements of specific work schedules, including the 4/10 work schedule and implementation plan set forth in Attachment "C" hereto.

<u>Section 07.18</u> WORK SCHEDULES. For all employees covered by this Agreement, it is expected that they work a scheduled forty (40) hours within their defined workweek, which constitutes their work schedule for that workweek. The City has adopted several work schedules, including a standard 5/40 (5 days/40 hours) schedule, a 9/80 (9 days/80 hours) schedule, and a 4/10 (4 days/40 hours) work schedule. These work schedules shall be subject to change upon the required meet and confer between the parties. The specific components of the 4/10 work schedule are set forth in Attachment "C" and the 9/80 work schedule are set forth in Attachment "D" hereto.

The 9/80 work schedule consists of an eighty (80) work hour period, with nine (9) work days in fourteen (14) consecutive calendar days. The work schedule is comprised of four nine (9) hour days per week and one eight (8) hour work day every other week. Employees working the 9/80 alternative work schedule shall have a thirty (30) minute unpaid lunch period to the work day. The workweek shall be defined (for FLSA purposes) as beginning four (4) hours into the employee's eight (8) hour shift (i.e. halfway through shift) on the same day of the week as their alternating

regular day off, in such a manner that the workweek does not exceed 40 hours. For example, a unit employee working a 9/80 work schedule whose regular day off is Friday, and who works a schedule from 6:30 a.m. to 3:00 p.m. on Friday (with thirty (30) minutes for lunch) shall have a workweek which shall begin at 10:30:00 a.m. on Fridays and end at 10:29:59 a.m. on the following Friday.

Employees are required to take the same alternating day off for the length of the 9/80 alternative work schedule to remain in compliance with the definition of a workweek under the FLSA (Fair Labor Standards Act) guidelines. (For example, if an employee's regular alternative day off is Friday, the employee cannot switch the alternate day off to Thursday or any other day). Specific components of the 9/80 alternative work schedule are set forth in Attachment "D".

The 4/10 work schedule consists of four (4) ten (10) hour shifts each work week, either Monday through Thursday, or Tuesday through Friday, as determined by the Department Director. The workweek for employees assigned to a 4/10 schedule is defined as seven (7) consecutive 24-hour periods beginning at midnight on day one and ending at 11:59 p.m. on day seven (7). Specific components of the 4/10 alternative work schedule are set forth in Attachment "C".

For work schedules other than the 9/80 schedule and 4/10 schedule, the work week shall remain as defined in Personnel Rule 6.05, which is beginning at 12:01 a.m. Monday morning and ending at 12:00 a.m. Sunday evening.

<u>Section 07.19</u> MEAL BREAKS AND REST PERIODS. The City will provide a one-hour (1) meal break, without pay, and two paid fifteen (15) minute rest periods per work shift except as modified and superseded by the 4/10 work schedule and implementation plan set forth in Attachment "C" hereto. The scheduling of rest periods shall be at the discretion of the employee's supervisor; no compensation will be provided for rest periods not taken, nor can rest periods be combined with meal breaks or other rest periods.

<u>Section 07.20</u> MEAL BREAKS AND REST PERIODS- PART TIME EMPLOYEES. The City will provide part-time employees meal breaks and rest periods in the following amounts, based on the number of hours worked in a single day:

- 6 hours two 10-minute rest breaks.

All breaks must be taken on-site, with the exception of the unpaid meal break.

<u>Section 07.21</u> ECONOMIC LAY OFF. If the City Manager determines that a reduction in personnel is necessary for economic reasons, then the order of layoff shall observe the "seniority rule" in putting the reduction into effect. (Government Code § 45100.) It is agreed by the City and the Majority Representative Employee Organization that the seniority rule shall mean that when any classification having two or more employees is subject to less than a complete lay off, then the

employees shall be laid off in order of reverse seniority based upon first service time in class and then on cumulative City service time as defined in Personnel Rule 3.55.15. Reductions in work force for reasons other than solely economic reasons shall continue to observe the order of layoff set forth in Personnel Rule 3.55.10. Notwithstanding Personnel Rule 3.55.05, it is further agreed by the City and the Majority Representative Employee Organization that where the City Manager determines that a reduction in personnel is necessary for economic reasons, employees shall have "bumping" rights based upon service time in class and then on cumulative City service time as defined in Personnel Rule 3.55.15. Any employee serving in a higher classification in a classification family will be credited for time served in the higher classification when bumped to a lower classification for determination of bumping rights.

<u>Section 07.22</u> DIRECT DEPOSIT. Employees shall receive their bi-weekly compensation through the City's direct deposit program. Employees are encouraged to utilize the City's ability to "direct deposit" paychecks to the bank or credit union of the employee's choice.

<u>Section 18.04</u> **RESOLUTION**. Any grievance petitions resolved at any step of the grievance procedure shall be considered conclusive. Any grievance shall be considered resolved if it is not brought forward by the grievant through the grievance steps in the time frame prescribed.

<u>Section 18.05</u> WITHDRAWAL. Any grievance petition may be withdrawn by the grievant at any time, without prejudice.

<u>Section 18.06</u> **RESUBMISSION.** Upon consent of the person hearing the grievance petition and the grievant, a petition may be resubmitted to a lower step in the grievance procedure for reconsideration.

<u>Section 18.07</u> EMPLOYEE REPRESENTATION. If requested, an employee may have representation in the preparation and presentation of the grievance at any step in the formal grievance procedure, except that no supervisor or Department Director shall be represented by an employee whom the employee may supervise, and no employee shall be represented by a supervisor or Department Director.

The employee(s) and one employee representative are entitled to be released from work for a reasonable period of time in order to present the grievance.

<u>Section 18.08</u> OBEY NOW-GRIEVE LATER. If an employee is given a legitimate order that he/she wishes to grieve, the employee must first complete the assignment and file a grievance later unless the assignment endangers the health or safety of the employee or others, or if the requested assignment violates the employee's constitutional rights.

<u>Section 18.09</u> INITIATION OF GRIEVANCE PROCEDURE. An employee must initiate the grievance procedure (formal or informal) within fifteen (15) working days of the occurrence of the event giving rise to the grievance or within fifteen (15) working days after the grievant should, with reasonable diligence have had knowledge of such occurrence, whichever is later.

<u>Section 18.10</u> INFORMAL GRIEVANCE PROCEDURE. Every effort should be made to resolve a grievance through discussion between the employee and the employee's immediate supervisor, unless extenuating circumstances exist.

The employee's immediate supervisor shall provide a decision within five (5) days of the discussion with the employee, or it shall be deemed that the grievance is informally rejected, and that the employee shall have the right to file a formal grievance petition. If the employee is not satisfied with the decision reached through the informal discussion, or if extenuating circumstances exist, the employee shall have the right to file a formal grievance petition.

Section 18.11 FORMAL GRIEVANCE PROCEDURE.

Step I: If the employee is not in agreement with the decision rendered in the informal grievance procedure, an employee shall have the right to present a formal written grievance to the Department Director within fifteen (15) working days after the occurrence of the incident causing the grievance, if applicable. Otherwise, the right to file a grievance petition shall be waived. Copies of any grievances filed at this Step shall be sent to the President of the Majority Representative Employee Organization that represents the employee. If the grievance is against the Department Director, then the employee may proceed directly to Step II.

All grievances shall be submitted in the format prescribed by the Personnel Officer, and no grievance petition shall be accepted until the form is complete. [See Attachment F hereto for agreed upon form.]The written grievance shall contain a clear, concise statement of the grievance and facts

upon which it is based, rule, regulation or policy allegedly violated, and the specific remedies sought.

The Department Director shall meet with the employee and/or the employee's representative to discuss the grievance and may require the employee's supervisor to be present for the meeting. The Department Director will thereafter render a written decision within ten (10) working days after conclusion of the meeting unless the parties agree that further investigation is necessary and establish a new response date.

Step II: If the grievance is not satisfactorily resolved in Step I, the employee shall have the right to submit the written grievance to the Personnel Officer within ten (10) working days after the Department Director's decision is received by the employee. The Personnel Officer shall meet with the employee and/or the employee's representative to discuss the grievance and will thereafter render a written decision within ten (10) working days after conclusion of the meeting unless the parties agree that further investigation is necessary and establish a new response date. If the grievance is against the Personnel Officer, then the employee may proceed directly to Step III.

Step III: If the grievance has not been satisfactorily resolved in the Step II, it may be appealed to the City Manager within ten (10) workings days after Personnel Officer's decision is received by the employee. The City Manager shall meet with the employee and/or the employee's representative to discuss the grievance and may require the employee's supervisor and/or Department Director to be present for the meeting. The City Manager will thereafter render a written decision within ten (10) working days after conclusion of the meeting unless the parties agree that further investigation is necessary and establish a new response date. The decision of the City Manager shall be final and conclusive.

If a grievance is against the City Manager, then the employee shall file the grievance directly with the City Attorney. The City Attorney shall meet with the employee and/or the employee's representative to discuss the grievance. The City Attorney shall also meet with the City Manager to discuss the grievance. The City Attorney shall then consult with the City Council in closed session regarding the grievance and thereafter render a written decision. The decision of the City Attorney shall be final and conclusive.

<u>Section 18.12</u> TIME LIMITS. Grievance petitions shall be processed from one step to the next within the time limit indicated for each step. Time limits shall be strictly enforced. Any time limits established in this procedure may be waived or extended by mutual agreement, confirmed in writing. Any grievance petition not carried to the next step by the grievant, within the prescribed time limits, shall be deemed resolved upon the basis of the previous disposition. Any lack of written response by the City, at any stage, will result in the grievance automatically advancing to the next step.

ARTICLE 19 <u>FULL UNDERSTANDING AND</u> WAIVER OF BARGAINING DURING THE TERM OF THIS AGREEMENT

<u>Section 19.01</u> FULL UNDERSTANDING. This Agreement sets forth the full and entire understanding of the parties regarding the matters contained herein, and any other prior or existing understandings or agreements by the parties, whether formal or informal, regarding any such

matters are hereby superseded or terminated in their entirety. All provisions of existing City rules and regulations, resolutions, ordinances and policies not specifically contained in, or referred to by this Agreement shall remain in full force and effect, and are specifically not superseded or otherwise affected by this Agreement.

ARTICLE 20 EMERGENCY WAIVER PROVISION

<u>Section 20.01</u> WAIVER GRANTED. In the event of circumstances beyond the control of the City, such as acts of God, fire, flood, earthquake, insurrection, civil disorder, national emergency, or similar circumstances, provisions of this Agreement or the Personnel Rules and Regulations of the City, which restrict the City ability to respond to these emergencies, shall be suspended for the duration of such emergency. After the emergency is declared over, this Agreement will be reinstated immediately. Majority Representative Employee Organization shall have the right to meet and confer with the City regarding the impact on employees of the suspension of provisions in the Agreement during the course of the emergency. Any rights and benefits suspended by virtue of the emergency shall be restored as soon as practicable at the conclusion of the emergency.

ARTICLE 21 SEVERABILITY PROVISION

<u>Section 21.01</u> SEVERABILITY DECLARED. Should any provisions of this Agreement be found to be inoperative, void or invalid by a court of competent jurisdiction, all other provisions of this Agreement shall remain in full force and effect for the duration of this Agreement. The parties shall meet and confer over a new provision to replace any such provision stricken by law.

ARTICLE 22 TERM OF AGREEMENT

<u>Section 22.01</u> TERM ESTABLISHED. The term of this Agreement shall commence on July 1,2025, and shall continue in full force and effect until June 30, 2028.

ARTICLE 23 RATIFICATION AND EXECUTION

<u>Section 23.01</u> RECOMMENDATION TO COUNCIL AND ADOPTION. The City's representatives and the Majority Representative Employee Organization have reached an understanding as to certain recommendations to be presented to the City Council for the City of Lawndale for determination and have agreed that the parties hereto will jointly urge said Council to adopt a new wage and benefit resolution which will provide for the changes contained in said joint recommendation. The Majority Representative Employee Organization also represents and affirms that on June 11, 2025, its members voted to ratify the Tentative Agreement which contains the deal points of this Agreement. The City and the Majority Representative Employee Organization acknowledge that this Agreement shall not be in full force and effect until adoption by the City Council of the City.

ARTICLE 24 POLYGRAPHS

<u>Section 24.01</u> **PROHIBITION ON POLYGRAPHS**. The City and the Majority Representative Employee Organization agree that the use of polygraphs on members of the LPMME Unit or LCE Unit is prohibited.

ARTICLE 25 RE-OPENERS

The parties do specifically agree to reopen the meet and confer process during the term of this MOU only as regards the following issues:

- a. Changes and/or revisions to the City's Personnel Rules and Regulations;
- b. Changes and/or revisions to the City's Employer-Employee Relations Resolution(s).
- c. Impacts of any classification and compensation recommendations.

The parties specifically acknowledge that implementation of the re-openers as described in this MOU does not mandate the reaching of an agreement or the changing of any matters within the scope of representation.

ARTICLE 26 SICK LEAVE FOR PART-TIME EMPLOYEES

The purpose of this Article 26 is to establish a paid sick leave policy, in conformance with the requirements of the Healthy Workplace Healthy Family Act of 2014 (the "Act," which added Labor Code Sections 245-249 and amended Labor Code Section 2810.5 and Sections 245.5, 246, and 246.5) applicable to all qualifying part-time City employees, who are not otherwise eligible for paid sick leave under Article 15 of this Agreement.

<u>Section 26.01</u> ELIGIBILITY. Part-time employees who have worked for 30 or more days for the City within a year shall be eligible to accrue and use paid sick leave in accordance with the requirements of the Act, codified as Labor Code Sections 245-249 and 2810.5, and as provided for in this Article. Regular, benefited employees are eligible for paid sick leave under Article 15 of this Agreement and the City's Personnel Rules and Regulations and shall not be eligible for additional sick leave as described in this Article.

<u>Section 26.02</u> ACCRUAL. Beginning on January 1, 2024, all eligible employees will accrue sick leave at the rate of one hour for every 30 hours worked up to a maximum accrual of 40 hours/5 days per year. An employee shall be eligible to use accrued paid sick time beginning on the 90^{th} day of employment, defined as the number of days worked. Although not required pursuant to Labor Code § 246(d), accrued sick leave shall carry over to the following fiscal year, with a maximum accrual cap of 80 hours. In the event a part-time employee's work schedule is such that

five (5) work days would exceed 40 hours, such employee shall be provided with five (5) days paid sick leave as required by the Act.

Part-time employees hired prior to January 1, 2024, will carry over any existing banked sick leave up to the prior cap of 48 hours. Such employees may then accrue additional leave, at the rate of 1 hour for 30 hours worked, up to the 80-hour cap.

Section 26.03 USAGE.

- a. In accordance with the Act, a part-time employee may use accrued paid sick leave in a 12-month period for one of the following reasons:
 - For the employee's own diagnosis, care, or treatment of an existing health condition or preventative care.
 - For the diagnosis, care, or treatment of an existing health condition or preventative care of an employee's family member or designated person, including:
 - Child (including a biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in locoparentis.)
 - o Spouse or Registered Domestic Partner
 - Parent (including biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child.)
 - Grandparent
 - Grandchild.
 - Sibling
 - Designated person (a person identified by the employee at the time the employee requests to use paid sick days for that person). Once an employee has requested use of sick leave for a "designated person," the City may prohibit the employee from using sick leave in the same 12-month period for anyone other than that "designated person" who is not a "family member."
 - For a part-time employee who is the victim of domestic violence, sexual assault, or stalking, the purposes described in California Labor Code Sections 230(c) and 230.1(a) (including subsequent amendment.)
- b. A part-time employee shall provide reasonable advance notification of their need to use accrued paid sick leave to their supervisor if the need for paid sick leave use is foreseeable (e.g., doctor's appointment scheduled in advance). If the need for paid sick leave use is unforeseeable, the employee shall provide notice of the need for the leave to their supervisor as soon as is practicable.
- c. A part-time employee who uses paid sick leave must do so with a minimum increment of two hours of sick leave.

<u>Section 26.04</u> NO SICK LEAVE CASHOUT. A part-time employee will not receive compensation for unused accrued paid sick leave upon termination, resignation, retirement or other separation from employment from the City. Paid sick leave will not be considered hours worked for purposes of overtime calculation.

<u>Section 26.05</u> CARRYOVER UPON APPOINTMENT TO FULL TIME POSITION. Notwithstanding Section 26.04 above, in the event a part-time employee is appointed to a full-time position with the City, that employee shall be entitled to carry over to the full-time position any accrued sick leave, up to the maximum accrual cap of 80 hours.

<u>Section 26.06</u> SEPARATION AND RE-HIRE. If a part-time employee separates from City employment and is re-hired by the City within one year of the date of separation, previously accrued and unused paid sick leave hours shall be reinstated to the extent required by the Act. However, if a re-hired part-time employee had not yet worked the requisite 90 days of employment to use paid sick leave at the time of separation, the employee must still satisfy the 90 days of employment requirement collectively over the periods of employment with the City before any paid sick leave can be used. In no event shall a re-hired part-time employee be eligible to accrue more than 40 hours of sick leave in a single fiscal year.

9/80 Alternative work schedule

All employees are expected to work a scheduled forty (40) hours within their defined workweek, which constitutes their work schedule for that workweek. The work period for unit employees, for the purposes of the Fair Labor Standards Act (FLSA), shall be a fixed and regularly recurring period of time consisting of one-hundred and sixty-eight (168) consecutive hours consisting of seven (7) consecutive twenty-four (24) hour periods.

The City has adopted several work schedules, including a 9/80 (9 days/80 hours) schedule. The specific components of the 9/80 alternative work schedules are set forth as follows:

- The work schedule consists of an eighty (80) work hour period, with nine (9) work days in fourteen (14) consecutive calendar days. The work schedule is comprised of four (4) nine (9) hour days per week and one (1) eight (8) hour work day every other week.
- 2. Employees working the 9/80 alternative work schedule shall have a thirty (30) minute unpaid lunch period added to the work day.
- 3. The workweek shall be defined (for FLSA purposes) as beginning four (4) hours into the employee's eight (8) hour shift (i.e. halfway through shift) on the same day of week as their alternating regular day off, in such a manner that the workweek does not exceed 40 hours.

For example, a unit employee working a 9/80 work schedule whose regular day off is Friday, and who works a schedule from 6:30 a.m. to 3:00 p.m. on alternating Fridays (with one thirty (30) minute break for lunch) shall have a workweek which shall begin at 10:30:00 a.m. on Fridays and end at 10:29:59 a.m. on the following Friday.

	Friday	Saturday	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	
Wk 1	OFF	OFF	OFF	9 hrs.	9 hrs.	9 hrs.	9 hrs.	*4 hrs.	40 hrs.
Wk 2	*4 hrs.	OFF	OFF	9 hrs.	9 hrs.	9 hrs.	9 hrs.	OFF	40 hrs.

A sample depiction of a 9/80 work schedule is as follows:

*Note: hours worked in the morning at the end of the first week and those worked in the afternoon at the beginning of the next work week are the same day, Friday.

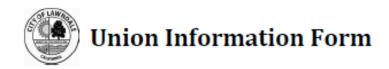

4. Employees are required to take the same alternating day off for the length of the 9/80 alternative work schedule to remain in compliance with the definition of a workweek under the FLSA (Fair Labor Standards Act) guidelines. (For example, if an employee's regular

alternative day off is Friday, the employee cannot switch the alternate date off to Thursday or any other day).

- 5. Sick leave and holidays are earned in 9 hour increments.
- 6. Observance of Holidays: If a City holiday falls on a Saturday, then the proceeding Friday is observed as a paid holiday. If a City holiday falls on a Sunday, then the following Monday is observed as a paid holiday. If a City holiday falls on an off-Friday, then the proceeding Thursday is generally observed as a paid holiday.
- 7. If a City holiday falls on a regularly scheduled day off, and that holiday is not observed on an employee's regular workday, then the employee shall be credited with a floating holiday. (For example, for a 9/80 employee, if a City holiday falls on a Saturday during the week of an off-Friday, then the employee shall be credited with a floating holiday. If a City holiday falls on a Friday that is worked, then that day shall be given as the holiday).
- 8. Overtime will be all hours worked in excess of employee's regular work day or beyond forty (40) hours in the workweek, in compliance with Section 08.01. Time shall be reported to Payroll based on the regular two-week pay period. Overtime worked will be reported in the pay period in which it is worked.
- 9. If a Lawndale Classified Employee Unit member's regular work schedule is between 6:00 p.m. and 6:00 a.m., then he/she is eligible for shift differential pay to be paid in addition to the regular salary at a rate of 5% of the regular hourly rate for those hours worked between these hours.
- 10. 10. Community Services Department: senior nutrition, exercise, senior dial-a-ride and meals-on-wheels services continue coverage 5 days per week. Parks, facility rental, senior services programs, etc. will continue to be open 7 days per week, staffed by both full-time and part-time employees, working various work schedules. Additional flex scheduling may be needed to accommodate supervision of shifts, and will be determined by the department director. The department director to provide a detailed schedule.

CITY OF LAWNDALE

14717 BURIN AVENUE, LAWNDALE, CALIFORNIA 90260 PHONE (310) 973-3200 ♦ www.lawndalecity.org

DATE:	June 16, 2025
TO:	Honorable Mayor and City Council
FROM:	Dr. Sean M. Moore, City Manager
PREPARED BY:	Lucho Rodriguez, Public Works Director
SUBJECT:	Consideration of an Urgency Ordinance to Prohibit Placement of New Utility Infrastructure within the City of Lawndale

BACKGROUND

City Staff drafted an urgency ordinance prohibiting the placement of new utility infrastructure within the jurisdictional boundaries of the City of Lawndale.

Staff is requesting that City Council impose a one (1) year moratorium on the placement and installation of new utility infrastructure. Utility infrastructure is defined in the proposed urgency ordinance as poles, wires, cables including fiber-optic cables, conduits, towers, transformers, pipes, pipelines or any other works, structures or appliances placed over, on or under land or water by a Utility Company. The proposed urgency ordinance also defines a Utility Company as a company which supplies utilities, such as gas, electricity, phones, internet, etc.

STAFF ANALYSIS

The City of Lawndale is smaller in size than many other local jurisdictions with a total area of 2.0 square miles according to the United States Census Bureau. This small area accommodates a population of about 31,121. Currently, the City staff has noticed that Utility Infrastructure has recently overrun the public right of way impeding on pedestrian walkways and the character of the City.

City staff is recommending City Council adopt a moratorium prohibiting any new Utility Infrastructure within the jurisdictional boundaries of the City of Lawndale for the period of one (1) year. This will allow staff to catalog any existing Utility Infrastructure within the public right of way and analyze how the City can best regulate the placement of any new Utility Infrastructure in a manner that preserves the City's character consistent with the General Plan.

This moratorium is necessary to ensure the prevention of further negative impacts to the community of Lawndale, and ensure the immediate preservation of the public peace, health, and safety.

ENVIRONMENTAL ASSESSMENT

The City Council finds the approval of this urgency ordinance is exempt under Sections 15060(c)(2) of the CEQA Guidelines, as the activity will not result in a direct or reasonable foreseeable indirect physical change in the environment, and also exempt under Section 15061(b)(3) of the CEQA Guidelines because it can be seen with certainty that there is no possibility that the adoption of this ordinance may have a significant effect on the environment.

LEGAL REVIEW

The City Attorney has reviewed Ordinance No. 1211-26 and has approved it as to form.

FISCAL IMPACT

No fiscal impact.

RECOMMENDATION

It is recommended that the City Council do the following:

- A. Conduct a public hearing;
- B. Determine that Ordinance 1211-26 is exempt from the California Environmental Quality Act ("CEQA") pursuant to California Code of Regulations, Title 14, Section 15060, subdivision (c)(2), because the activity will not result in a direct or reasonably foreseeable indirect physical change in the environment, and Section 15061 subdivision (b)(3) because the activity has no potential for resulting in physical change to the environment, directly or indirectly and so is not a project; and
- C. Adopt by four-fifths (4/5) vote of the City Council Urgency Ordinance No. 1211-26 prohibiting the placement of new Utility Infrastructure within the City's right of way.

ORDINANCE NO. 1211-26

AN URGENCY ORDINANCE OF THE CITY COUNCIL OF THE CITY OF LAWNDALE, CALIFORNIA ADOPTING A MORATORIUM IN ACCORDANCE WITH GOVERNMENT CODE SECTIONS 36934 AND 36937 PROHIBITING NEW UTILITY INFRASTRUCTURE WITHIN THE CITY OF LAWNDALE FOR THE PERIOD OF ONE YEAR

WHEREAS, per Article 11, Section 3 of the California Constitution, the City of Lawndale ("City") has the authority under its police power to enact regulations for the public, peace, morals and welfare of the City; and

WHEREAS, according to the United States Census Bureau, the City has a total area of 2.0 square miles with a population of about 31,121; and

WHEREAS, as a small and totally urbanized city, Lawndale has been uniquely overrun with utility infrastructure including but not limited to electric power, cable television, and telephone poles in the public right of way impeding on pedestrian walkways; and

WHEREAS, the City Council intends to preserve the community's character and protect the public's health and safety by adopting this urgency ordinance; and

WHEREAS, this urgency ordinance implements the General Plan's visions and desire for the community, is adopted in the public's interest, and is otherwise not inconsistent with federal and state law; and

WHEREAS, the City Council finds that these issues constitute a current and immediate threat to the public health, safety, and welfare, within the meaning of Government Code Section 36937, as the public's health, safety and welfare depend on the proper placement of utility infrastructure; and

WHEREAS, Government Code Section 36937, subdivision (b) authorizes the adoption of ordinances that take effect immediately for the purpose of preserving the public peace, health or safety, provided such ordinances are approved by four-fifths (4/5) vote of the City Council; and

WHEREAS, the City desires to place a one (1) year moratorium on the placement of new utility infrastructure in the City to allow staff to analyze ownership of all utility infrastructure and how the City may regulate the placement of such utility infrastructure within the public right of way; and

WHEREAS, in so doing, the City does not wish to impede the replacement of outdated or malfunctioning utility infrastructure.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAWNDALE, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. The City Council finds and determines that the recitals above are true and correct and hereby incorporated by reference.

SECTION 2. URGENCY FINDINGS.

The City Council finds as follows, pursuant to California Government Code Section 36937, subdivision (b):

- A. The preservation of the community's existing character is critical for maintaining and strengthening the public's safety, health, and welfare, as these depend on the continued vitality of a connected, engaged community that can freely access the public right of way.
- **B.** The City is small in size and overrun with utility infrastructure impeding free access to the public right of way hindering on the City's existing character.
- **C.** The City is faced with utility infrastructure under multiple ownerships and conflicting ownerships, as well as an overabundance of utility poles and utility wires that negatively impact the public safety and which must be studied and fully understood before new or additional utility infrastructure is approved, in order that the public health and safety be preserved.
- **D.** Without adopting this ordinance prohibiting the placement of new utility infrastructure on an urgency basis, the City's character and the public health and safety will be adversely impacted by the continued placement of poles, wires and cables inconsistent with the policies and standards of the General Plan harming in turn the City's aesthetic and visual character and potentially endangering the City's residents.

Based on the foregoing, the City Council finds and determines that the immediate preservation of the public health, safety and welfare requires that this Ordinance be enacted as an urgency ordinance pursuant to Government Code Section 36937(b), and take effect immediately upon adoption. Therefore, this Ordinance is necessary for the immediate preservation of the public peace, health, safety and welfare and its urgency is hereby declared.

SECTION 3. MORATORIUM OF NEW UTILITY INFRASTRUCTURE

- **A.** Utility Infrastructure means poles, wires, cables including fiber-optic cables, conduits, towers, transformers, pipes, pipelines or any other works, structures or appliances placed over or on land or water by a Utility Company.
- **B.** Utility Company means a company which supplies utilities, such as electricity, phones, internet, etc.
- **C.** Notwithstanding any other ordinance or provision of the Lawndale Municipal Code, all new Utility Infrastructure is prohibited within the jurisdictional boundaries of the City of Lawndale.
- **D.** This prohibition does not apply to maintenance of existing Utility Infrastructure or replacement of existing Utility Infrastructure due to age, damage, or similar conditions.

- **E.** This prohibition does not apply to temporary Utility Infrastructure for construction of new development.
- **F.** This prohibition does not apply to Utility Infrastructure that would remove poles or wires and replace them with underground conduit, as such does not create the aesthetic and visual impacts or the potential impacts on health and safety of above-ground poles and wires.

SECTION 4. CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

The City Council finds the approval of this urgency ordinance is exempt under Sections 15060(c)(2) of the CEQA Guidelines, as the activity will not result in a direct or reasonable foreseeable indirect physical change in the environment, and also exempt under Section 15061(b)(3) of the CEQA Guidelines because it can be seen with certainty that there is no possibility that the adoption of this ordinance may have a significant effect on the environment.

SECTION 5. SEVERABILITY

If any section, subsection, sentence, clause, or phrase of this urgency ordinance is for any reason held to be invalid or unconstitutional by a decision of any court of any competent jurisdiction, such decision shall not affect the validity of the each and every section, subsection, sentence, clause and phrase thereof not declared invalid or remaining portions of this ordinance. The City Council hereby declares that it would have passed this urgency ordinance without regard to whether any portion of the ordinance would be subsequently declared invalid or unconstitutional.

SECTION 6. ADOPTION

The City Clerk shall certify to the passage and adoption of this urgency ordinance, and shall make a minute of the passage and adoption thereof in the records of and the proceedings of the City Council at which the same is passed and adopted.

SECTION 7. EXPIRATION

This ordinance shall take effect upon publication, and shall remain in effect for a period of one (1) year from the date of adoption, unless earlier rescinded by the adoption of another ordinance.

SECTION 8. PUBLICATION

The City Clerk is directed to certify this ordinance and cause it to be published in the manner required by law.

PASSED, APPROVED, AND ADOPTED this 16th day of June 2025.

Robert Pullen-Miles, Mayor

Customer Service & De-Escalation for Public Agencies: Strategies for Success

Description

Public agency employees are often the community members' first impression of the city, which makes customer service skills essential. Customer service is inextricably intertwined with being a

public servant. Local businesses, residents, and community leaders often feel that because their tax dollars pay public servant salaries they have an unwritten contract that requires agency employees to be responsive to their needs. This session was designed with public agencies for public servants like yours. Building public trust and overcoming negative perceptions about public servants are the byproduct of effective customer service. Too many customer service sessions focus on broad principles without understanding the context public servants experience.

This session will focus on providing participants with the necessary skills to improve the quality of customer service for both external and internal customers. While we all want to have interactions with community members that are smooth, flowing and productive it is inevitable that we will face a "heated" situation fraught with frustration and anger. It is necessary to find a way to treat community members with respect and give them opportunities to be heard. That is where deescalation strategies are a necessity. This session will focus on empowering you with the skills to transfer your sense of calm and genuine interest to the person you're interacting with so you can understand the root cause of the situation, and build trust with the individual.

The Honorable Laura Richardson United States Senator, District 35 1021 O Street, Suite 7340 Sacramento, CA 95814

Dear Senator Richardson:

On behalf of the Lawndale City Council, we respectfully request your support in securing funding for the construction of a new **Youth Development Center and Skatepark Project** for local Lawndale youth.

The City of Lawndale's Youth Development Center and Skatepark Project will feature a new 30,000 square foot, two story building with a secured parking, along with interior and exterior improvements. This innovative project uniquely combines city office space, a teen resource center, and a skatepark on one property. It will provide local youth with much needed access to programs, services, and recreational activities designed to promote personal growth and development in a safe, clean and supportive environment. This project is a critical investment for our city, addressing the current shortage parks, recreational facilities, and youth-oriented opportunities within our community.

The estimated construction cost for this project is currently \$11,477,180. To date, the City has secured \$9,745,000 in funding from a combination of state, federal and local sources, including a California Natural Resources Agency grant (\$4,000,000), a Community Project Funding grant (\$4,000,000), a Los Angeles County Technical Assistance Program Allocation (\$285,000), and a Los Angeles County Recreation, Parks and Open Space Measure A Annual Allocation (\$180,000). Despite these secured funds, a \$2 million funding gap stays, and the City is actively seeking additional resources to fully fund and complete the project's construction.

On behalf of the Lawndale City Council, thank you for your consideration of the City of Lawndale's request for funding for the new **Youth Development Center and Skatepark Project**. We would be pleased to supply any other information that you may need to process this request. Thank you for your time and consideration. We look forward to your response.
