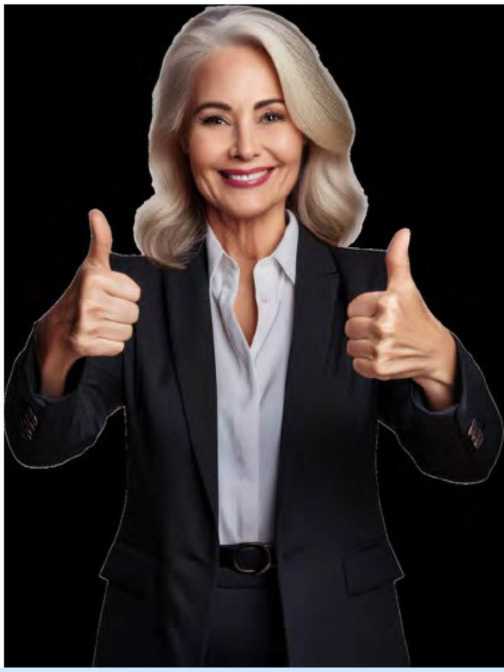
2025 Coverage Enhancements

- Extended Business Interruption
  - Coverage for income loss includes consequential loss
  - Income loss incurred after the period of restoration expires is not excluded
  - Dependent business interruption is not sublimited
  - System failure is not sub-limited
  - Dependent system failure not sub-limited
- Theft of client funds: Coverage for financial loss of funds from both the insured's bank and securities accounts and client accounts under the trust and control of the insured.
- Broad computer system definition: The covered network includes vendor and third-party systems that host or process the insured's data. This coverage extends to business process disruptions caused by a vendor outage.
- "Claims" extend to include civil, criminal, disciplinary, licensing board, regulatory, and administrative proceedings. Covered "Damages" include corrective action plans, chargebacks, and plaintiff attorneys' fees.
- Coverage is provided for invoice manipulation and other fraudulent inducement.



Why brokers and their clients choose SafeLaw

- Industry-specific solution: We are the only cyber policy exclusively offered to law firms. Our proprietary policy reduces the cyber learning curve and delivers a clear value proposition to insureds.
- Specialized claims support: Our 100+ global experts have 10+ years average claims adjusting experience with deep expertise in cyber risk.
- Focused underwriting expertise: We are dedicated to providing underwriting expertise and industry specialization across target markets.
- Financial Stability: As a Lloyds Coverholder, BDI partners with the world's largest insurance providers to ensure stability and solvency
- Long-term partnerships: Our team works closely with brokers and clients, always strives to be flexible and grants favorable producer contract terms including BOR protection.
