FOOD & BEVERAGE SAMPLING POLICY

The Seattle Convention Center (SCC) has exclusive rights to the sale and service of all food and beverage products within the facility. Catering services are provided by ARAMARK on our behalf. This exclusive right also applies to your sponsors and exhibitors for any catering services provided within the booths, unless the sponsor or exhibitor manufactures, processes or distributes the food or non-alcoholic beverage product as a normal course of their business. Sponsors or exhibitors in the business of food or non-alcoholic beverage products can provide samples as specifically defined below.

| FOOD & BEVERAGE SAMPLING |

Licensee understands Licensor is the exclusive in-house food service provider. Licensee's exhibitors are permitted to conduct food and beverage sampling and promotion in conjunction with their participation in this show. This permission is granted subject to the following conditions and is applicable to both Licensee and its exhibitors:

- A. Any exhibitor who manufactures, processes or distributes food as a normal course of their business may distribute samples, provided their food samples are no larger than bite size and beverages no larger than 3 ounces.
- B. Any exhibitor who does not manufacture, process or distribute food as a normal course of business, may purchase product from Licensor's food service division with no limits on the quantity or size of portions. Exhibitors must comply with the terms of the food service division contract.
- C. Licensee/show management will be responsible for notifying its exhibitors of these rules and be responsible for their enforcement, as well as any applicable charges should its exhibitors fail to meet their obligations as specified in Licensor's rules and regulations.

FOR EXAMPLE:

- ABC Pharmaceutical wants an espresso bar in their booth to draw attendees: This service must be contracted from ARAMARK, as ABC is in the business of pharmaceuticals, not coffee.
- XYZ Specialty Coffee Company wants an espresso bar in their booth to promote their coffee product: They can provide their own equipment, staff and product; however they can only offer beverage samples up to 3 ounces.

Alcoholic product must be discussed with, and approved by, ARAMARK before any commitments are made to sponsors or exhibitors. Alcohol services must also be approved by the contracted Licensee/show management. All Washington State liquor laws apply.

The specific language as it will appear in your license agreement (contract) is outlined following. For any questions, please consult with your SCC sales representative.
