**25 YEARS
ANNIVERSARY
EDITION**

WELCOME

We are very proud of celebrating our 25th anniversary year in serving the airspace industry. I would like to thank you for your interest ATC Network and the Business Membership Program.

We hope that, whether you're an interested potential partner or you're one of our current business members, this guide will adequately inform you on the options and benefits with which our services are able to support your organization.

We're proud of our role in the industry: to connect ATC professionals worldwide, deliver the information they need and provide the platforms to do business. All free of charge for individual members and at the same cost for business members as it has been for the last 10 years. Especially in these times of financial hardship and uncertainty, where shrinking budgets and increased competition is common instead of exceptional, we feel it's crucial to offer you the best value possible for your investment in generating business.

With 25 years of experience in the industry, we're confident to say that ATC Network is a proven value-adding success formula for our business members. If you have any questions about the Business Membership Program feel free to contact us.

ABOUT ATC NETWORK

Founded in 1998, the ATC Network was the first dedicated 'free to access' online ATC community for the ATC Industry. Originally there was an idea to centralise all information concerning the ATC industry at one place on the internet. In co-operation with many associations and professionals the community grew and grew. This encouraged the professionals, experts, companies and associations to actively partake in the collation and timely publication of the industry's latest developments.

What can be found on ATC Network?

On ATC Network you can find the latest ATC Industry news and developments. This information is up-dated on a daily basis. Also, product showcases, company and project case studies, articles, information on upcoming industry events and courses. ATC Network works closely in co-operation with many of the major ATC events.

The Company and Product Database

It lists nearly 400 Companies and their products. It is fully searchable through keyword or product categories.

The Tender Information Service

In 2009 ATC Network launched it's Tender Info Service. Last year we published over 50 ATC related Industry tenders per month. As a subscriber to this service you can gain instant access to these documents 24/7.

ATC Network bulletin newsletter

The Network sends out a fortnightly newsletter to all it's subscribers which details all the latest additions to the website.

ATC Network Special Bulletins

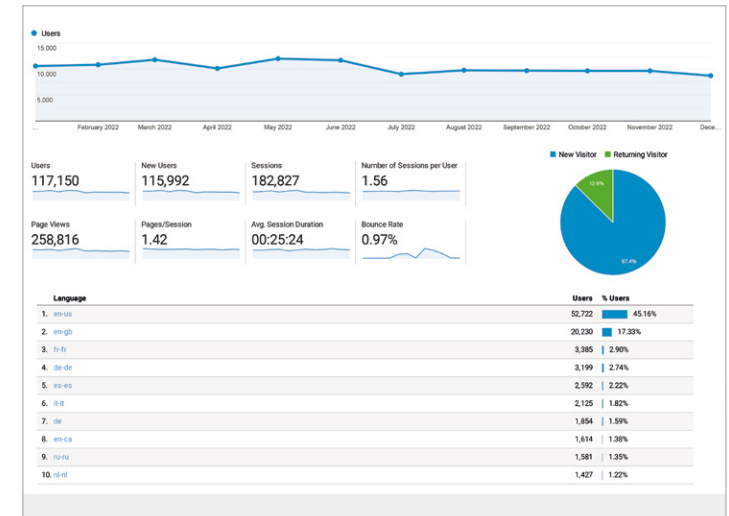

Each year we publish industry specific topics in our digital and printed magazine. Special Bulletins feature editorial, news, articles, advertorials, advertisements, events and other information relevant to the specific topics. Past issues include: Training and Simulation, Remote & Digital Towers, UTM & U-Space and Meteorology.

World ATM Directory and ANSP Report

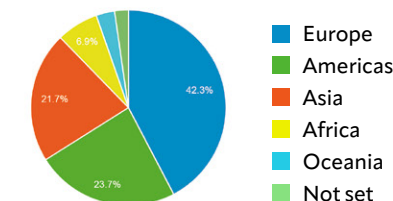

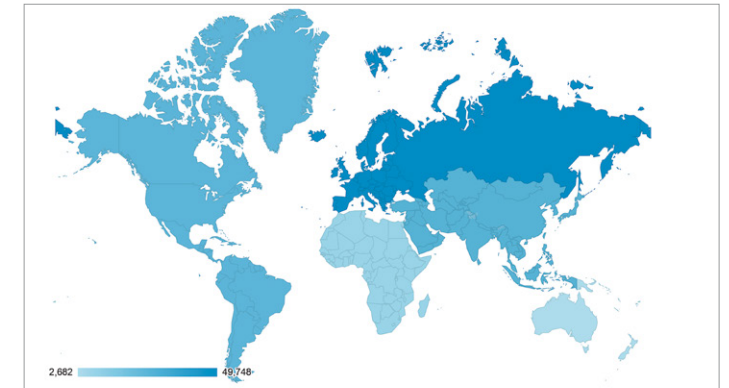

Published every year this is an essential handbook for the industry. Comprehensive directory of ANSPs worldwide. Reports, Calls for tender published through the Tender Information Service and a Supplier and Products Directory.

Benefits of hosting a Webinar

Full-Service Event

ATC Network can take care of every detail of the campaign leading up to the Webinar, leaving you to focus solely on the presentation and the follow-up of sales leads.

Leads

Hosting a Webinar is definitely a lead generating tool. It provides qualified sales leads and a detailed portrait of your target audience. Hosts benefit from access to all attendee information and behavioral analysis in accordance with data protection laws.

Time-efficient

With minimal time investment, Webinars can provide your business with a valuable return.

Responsible Advertising

Webinars are a cost-effective and interactive, green communication tool.

Wide-reaching

Benefit from a wider geographical audience with no cap on the number of attendees to your Webinar.

BUSINESS INTELLIGENCE & MARKETING SERVICES

Due to an increasing demand from our business members for broader marketing solutions that are integrated and fully serviced, ATC Network has made its in-house core competencies in marketing and business intelligence available to all business members.

Surveys, market research and other data services

When you want to know your market and/or are in need of trustworthy data sets, look no further.

ATC Network can provide you with excellent qualified data.

Full service marketing & public relations support

ATC Network is able to function as a full service marketing partner to any business within the ATC industry. We can assist with consultation, content creation, content optimisation, engagement, monitoring and measuring. Get the attention you need and get your message across to your target audience.

Video & Event Support

ATC Network can offer you a wide range of video production support. From on-site product demonstrations, interviews and full event support.

We offer a high quality professional filming service with post production and delivery of a high definition video. Your video will be promoted through ATC Network's various channels and you will receive a copy for your own promotional use.

We also offer event support through promotional after show video production, on-site instant coverage through various media channels and on-site event streaming.
