

Utility Solutions Provider

Work Safe / Home Safe

Your Trusted Partner for commercial & residential Multi-Utility Solutions

- Proven Track Record: Since 2016, we've grown into a trusted multi-utility provider, driven by quality, reliability, and customer satisfaction.
- Compliance & Safety: Compliance is key to our work. We ensure every project meets safety and industry standards.
- Continuous Learning: At USP Ltd., we value continuous learning. Our team regularly updates their skills to stay ahead in service, trends, and technology.

Getting connected is easy with Utility Solutions Provider

Utility Solutions Provider Ltd is your go-to expert for comprehensive multi-utility connections. With years of industry experience, we specialise in delivering reliable and efficient gas, water, electricity, and fibre solutions for both residential and commercial projects across the UK. Our commitment to excellence ensures that your utility services are delivered seamlessly and safely, every time.

What our customers say about us

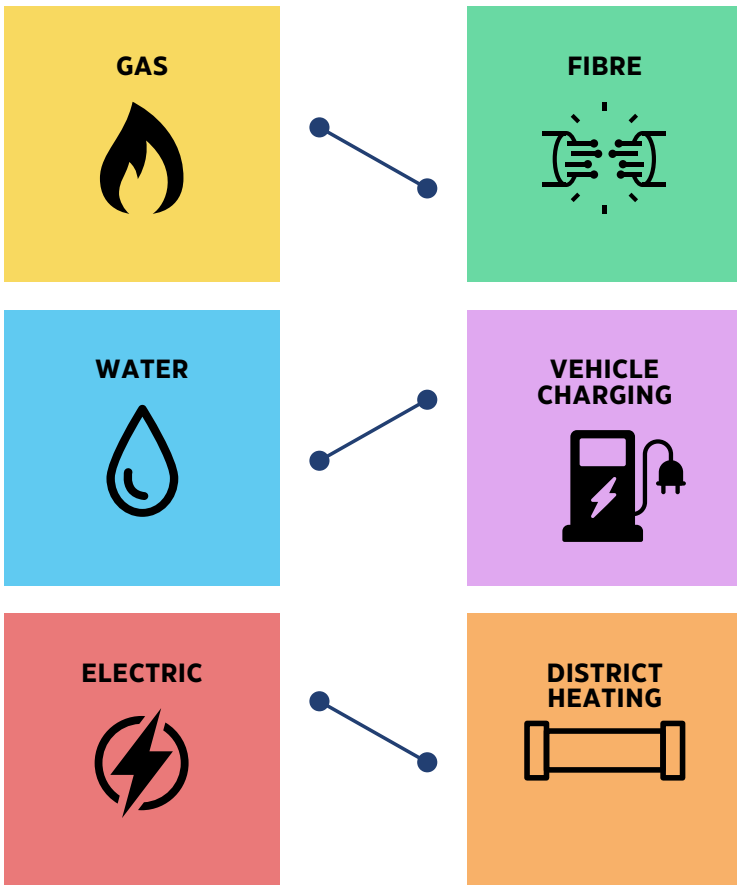

"I would like to say how very happy I am with your guys, Mark and Stuart, who have just moved my gas meter for me. they explained everything to me and have done the job with no disruption to my new tarmacked drive, both very considerate, polite and understanding, again one big thank you to them both, a credit to your company!"

"Hello, I have had two of your engineers on site for the past 3 days changing a gas pipe on behalf of cadent. I must say that they were friendly, professional, efficient and they coped really well in difficult weather and traffic circumstances. I would like to express my sincere thanks and gratitude, they are a credit to your company."

What services can we provide to YOU?

District Heating

Utility Solutions Provider Ltd delivers renewable energy pipework for district heating networks, ensuring efficient, low-carbon heat distribution. Our expertise in pre-insulated pipe systems supports sustainable energy solutions, reducing emissions and enhancing efficiency for communities. We're committed to driving the transition to greener, more sustainable heating.

Work Safe = Home Safe

Safety is at the heart of everything we do, whether it's our customers, the general public, our employees or contractors. The business has an excellent work ethic in delivering all our services to the highest standard whilst keeping its people safe. We hold our heads high with the knowledge that all people working for USP are supported and provided with everything needed to work safely.

Our vision is to grow steadily to ensure our excellent health and safety record is maintained within all works we specialise in.

We are proud to have been awarded a long list of accreditations such as 100% Achilles, SMAS, Construction Line GOLD and Safe Contractor, which evidence our standards.

Always learning

At Utility Solutions Provider, we prioritise continuous learning and professional development as essential to both individual and organisational success. We foster a culture where knowledge is shared through daily interactions, team collaboration, and regular training. This commitment to learning empowers our employees to adapt, innovate, and thrive in a dynamic business environment, ensuring that we stay at the forefront of our industry while supporting our employees' career growth and personal development.

Health and Safety

At USP, we prioritize employee health and safety by maintaining a safe working environment that exceeds regulatory standards.

We conduct risk assessments to identify and manage potential hazards, and all employees receive comprehensive safety training, including proper PPE use and emergency procedures. Regular drills ensure preparedness for emergencies, while safety equipment is provided and mandatory.

We promote overall well-being through health initiatives, mental health resources, and ergonomic support. Incidents are reported and investigated promptly to prevent recurrence, and feedback is used to continuously improve our safety practices.

Carl Edwards

USP Director

“USP Ltd.'s vision is perfect delivery every time. We hire committed individuals, provide clear policies, and ensure all operational staff have a Team Pack for guidance. First impressions and kerb appeal are vital to our success, and regular inspections help us continuously improve support for employees and service for clients”
