

WOODSIDE PIPE ROLLERS

The Woodside Pipe Roller range is a comprehensive selection of high-quality, heavy-duty rollers for supporting pipes whilst they are being welded. They are designed to minimise pipe friction and therefore damage on jobsites.

	Roller 355	Roller 500	Roller 630	Roller 1000
Working Range	0-355mm	0-500mm	0-630mm	200-1000mm
Dimensions	380 x 220 x 200mm	590 x 360 x 305mm	720 x 445 x 345mm	930 x 550 x 395mm
Weight	8kg	25kg	32kg	50kg
Max Load	500kg	1000kg	1500kg	2500kg

- Available as standard in galvanised finish (coloured powder coated finish available on request).
- Rubber covered roller allows for high impact situations whilst reducing damage to the roller or the pipe.
- Compact design allows for easy stacking for transportation.
- Large baseplate with anchor down points reduces risk of tipping.
