A romantic wedding scene featuring a bride and groom on a stone staircase. The bride is wearing a white dress and holding a bouquet of red and orange flowers. The groom is in a black suit. They are standing close together, looking at each other. The background is filled with lush greenery, including large palm leaves and ferns. String lights are hanging from a tree in the upper right corner. The overall mood is intimate and elegant.

Stories can't be repeated, but they can be revived.  
That's our craft.

# Authors

With an unexpected path to filming, I found at a young age what I really enjoy doing. Tell stories, capture landscapes from the air, and venture into the sates of Mexico. By growing up in Cancun I developed a love for the sea, "cenotes", and nature in general, which leads me to constantly be in search of new places to explore.

**Victor Rodriguez**

I am fortunate to be able to dedicate myself to what I like. I really enjoy doing portrait, documentary, artistic and advertising photography; I love being active, exercising, writing poetry, reading short stories, drawing what my mind tells me, and doing a series of activities that inspire me to express, be proactive and above all that reinvent me as a person to always be someone better.

Im a Football fan and loyal supporter of the Minnesota Vikings.
