WORK EXPERIENCE

BigBinary

Full Stack Developer

Mar. 2022 – Present

Remote

- I worked on all aspects of building a product. I was involved in the frontend, backend, and DevOps aspects of the project.
- I worked on BigBinary's open-source projects like neeto-ui, neeto-editor, and wheel.
- I worked on creating tooling for managing different parts of the infrastructure at one of the clients I worked with. The tech stack included ElasticSearch, nodejs, aws, docker, cypress, and other technologies.

Skootr Global Pvt Ltd

Frontend Developer

Aug. 2019 – Aug. 2020

Gurgaon, IN

- As a front-end developer at Skootr, I worked with technologies like ReactJS and NodeJS to help build the company's dashboard for the flagship product.
- My role as a JavaScript engineer entailed writing and testing scalable and reusable UI components.
 - Worked alongside the back-end team to implement the core UI features in ReactJS and tailwind CSS.
 - Helped identify, profile, and solve performance bottlenecks in another ReactJS application.
- Maintained a thorough documentation of the code I worked on.

EDUCATION

Visvesvaraya Technological University

Bachelor of Engineering, Computer Science

Aug. 2018

Bangalore, IN

- I graduated in the Computer Science and Engineering curriculum at the Visvesvaraya Technological University.
