#### BELOVED

BOOTH#842

We write the words which celebrate life: custom, personalized, handcrafted obituaries and eulogies for our loved ones and animal companions. No templates. No recycling. Every piece we write is as wonderful, unique, and special as the life we are honoring. We partner with funeral homes and enhance their services by providing a cherished, Beloved story which will be forever remembered. Our process is easy, smooth, and seamless, and our writers are thoroughly trained in client relations in order to work meaningfully, effectively, and efficiently, with funeral home clientele. We are professional writers, writing your most Beloved stories.

#### BIO-RESPONSE SOLUTIONS

BOOTH#2108

Our family-owned and -operated company helps businesses add alkaline hydrolysis (Aquamation) to the list of options they offer their families. We make solutions for pet and human loved ones. Where it is available, over 80% of families choose water over fire. We believe that people deserve to have this option available, and we have over 20 years of alkaline hydrolysis experience to share. We have a passion for helping funeral professionals understand how to speak with families about AH.

Stop by to get some example brochures for inquiring families!

#### CARVED IN MEMORY

BOOTH#1840

When my Grandpa passed away a couple years ago we came across his journal that he ended each entry with "Good Night Charlene, I love you." We wanted to find a way to take his message and create something she could hang on her wall and see every day. That's when Carved In Memory was born. We take handwritten notes, drawings, and other special images and turn them into works of art. Each piece is carved into a 3-D wood sign that families can cherish forever. We look forward to meeting you!
