

**Logistics Incredible!**

# About Us

**United Freight Management Pvt. Ltd.(UFM)** is a neutral NVOCC based in India to be one of the leading import NVOCC companies. We are headquartered in Mumbai and have a presence across India. Our major focus is on import consolidation, along with other services.

Since logistics forms the backbone of global trade and plays a vital role in all aspects of our everyday lives, we shape it with a strong resolve to connect people and goods through innovative logistics solutions.

By anticipating challenges and applying our sensibilities in an increasingly unpredictable world, we create value for our customers by consistently delivering exceptional end-to-end solutions that even meet their most complex needs.

# OUR STRENGTHS

- UFM offers direct LCL services connecting India to Europe, America, the Rest of Asia, Oceania & Africa.
- We have an experienced operations team making it easy for us to handle dangerous goods & odd dimension cargo along with your regular general cargo.
- UFM closely monitors the movement of your cargo every step of the way. UFM offers customers a sophisticated and innovative suite of e-commerce tools that help streamline the processing of all ocean freight transactions & grant seamless access to our network 24x7
- Our expertise & global network of partners allow us to keep tight control over your shipping costs
- With multiple offices across India, UFM can seamlessly handle your pick-ups & last mile deliveries from & to any corner of the country.
- Last but not least, UFM believes in friendships and long-term relationships with our customers and partners all over the world.

## OUR MISSION

UFM aims to be the preferred logistics partner in the country with the highest level of service, innovation & customer satisfaction.

## OUR VISION

As we move towards our goal of being a world class freight management company, we pledge to support sustainable practices, inspire all our stakeholders to be the best they can be and strive for 100% customer satisfaction.

# OUR SERVICES

## LCL Consolidation

As a specialist ocean freight service provider, UFM offers weekly import and export consolidation services to and from all major countries throughout the world.

We focus on offering as many direct services between ports worldwide ensuring minimum cargo handling.

UFM leverages volume commitments and contracts with various carriers to ensure fixed sailing schedules, multiple departure and arrival options from point of origin till final destination. And most importantly, our relationships with the major carriers keeps our FL rates low while achieving optimum receiving and closing windows and fast transit times.

## Air Freight

Developed out of the need to provide even faster services for our customers, U M Air Freight products and their customizable options bring added flexibility to your supply chain.

Building on our relationship and direct contracts with key airlines, we are providing tailor-made services to and from all key global locations.

Our product scope thereby includes expedited, consolidated, scheduled & charter flight options. In addition, we provide door-to-door delivery & value added services

## Transportation

As intermodal transporter, with the options of integrating multiple modes, UFM can provide a flexible response to the changing supply chain management requirements and distribution systems. As a registered MTO, UFM provides efficient rail & road transportation services from & to any place within India. Our overseas network of partners help deliver or pick up your cargo to & from any pin code across the globe.

## Project Logistics

Whether you are building a manufacturing plant, petrochemical plant, power plant, constructions, mining or drilling or any other industry, you will need to procure logistics transportation service to manage your cargo movement. UM provides comprehensive range of services including freight management, cargo handling and cargo moving from origin to your final site location.

## Container Freight

FCL shipments occupy the entire space of a container, without having to share it with other shippers. In an FCL cargo, the complete goods in the container are owned by one shipper. The price per unit on LCL is high, so for larger shipments, paying the FCL flat fee saves money. Sealing containers at the factory means less handling and fewer opportunities for damage.

## Customs Clearance

Our Customs Clearance Services facilitate your freight assuring you an effortless and secure customs clearance process. Whether you are looking for Air or Sea, import or export customs clearance, our experts can guide you through the process.
