

ABOUT KIDASE TRADITION

Practiced every Sunday and on important holidays throughout the year, the Kidasie (chant) is a very important part of the ancient Liturgical chant tradition of the Ethiopian/Eritrean Tewhado Orthodox Church.

ABOUT THE KIDASE APP:

The Kidase app simplifies the learning of Liturgical chant, which takes years to learn by traditional method from a Kidase scholar (Mergieta). It is based on a particular chant book (Sirate Kidassie and Kidase Hawariat) where the priests, deacons and the public all participate in the chanting on Sundays and important holidays.

FOUR CATEGORIES OF KIDASE:

The app has four categories. They are 1) Sirate Kidase in Geez 2) Sirate Kidase in Ezli 3) Kidase Hawariat in Geez and 4) Kidase Hawariat in Ezli

KIDASE LESSONS

The app is composed of about 360 text and audio lessons.

TEXT LESSONS

Each category is composed of lessons of text in Geez and in Latin. The Latin text is designed to help the user follow the audio by reading the phonetic Geez.

AUDIO LESSONS:

The audio lessons are chanted by certified and respected Kidase scholar.

PLAYER CONTROL

The user has the option to play the audio in “Loop” mode or in “Auto” mode. In the “Loop” mode, the audio plays the lesson over and over. In the “Auto” mode the audio plays from one lesson to the next lesson automatically.

GO TO WHERE YOU LEFT OFF

This button will take the user to the lesson visited to continue the lesson.

PROGRESS IN %

The four categories show the percentage of lessons the user has visited.

DATA COLLECTION

Kidase App does not collect any data from the user. Only during in app purchase, the credit card service provider collects data required for purchase. The app has no access to it.
