HONORARY MEMBERSHIP 2024

David M. Campbell

IASS HONORARY MEMBERSHIP 2024

David Campbell began working with Geiger Associates in 1979. In 1988 he helped found Geiger Engineers in New York City and managed the firm since its inception.

In his forty-three years of engineering practice, he has had a significant role in over 50 large spectator sports facilities.

He is currently a collective representative of Geiger Engineers and Member of Working Group 6 on Tension & Membrane Structures.

He presented papers at IASS symposia over the last 30 years
