Objective

As an IT graduate with a strong foundation in IT principles and Web Development best practices, I seek to acquire a challenging Frontend Developer position where my capability to adapt to new technologies, problem-solving skills, creativity and experience in designing well organized, engaging and user-friendly interfaces can be employed to enhance user experiences and drive business objectives.

Experience

FRONTEND DEVELOPER BOOTCAMP GRADUATE, Generation Ghana
April – July 2024

- Successfully completed a rigorous and intensive bootcamp program, demonstrating a strong aptitude for learning and applying new technical skills.
- Collaborated effectively and efficiently with peers on team projects, enhancing teamwork and communication skills essential for a professional development environment.
- Demonstrated technical competence and time management skills in preparation as a frontend development.
- Exhibited adaptability and a continuous learning mindset, crucial for keeping up with the fast-evolving technology landscape.
- Developed and deployed multiple web applications as part of hands-on projects, showcasing the ability to translate theoretical knowledge into practical solutions.

GRAPHIC DESIGN (FREELANCER)
December 2021 - Present

- Using CorelDRAW and Adobe Photoshop to creating visually appealing graphics.
- Exceptionally having good grasp of visual knowledge understanding and display of creative ideas that make use of design principles and guidelines.
- Effortlessly conveying messages through designs.

WEB DESIGN (PROJECT)
January, 2018 – May, 2018

- Developed an E-commerce website.
- Utilised HTML to build and construct an engaging display and efficiently integrated and used CSS to create an intuitive user interface design.
- Implemented JavaScript to create an interactive atmosphere with the user.

Technical Skills

Proficient in Python, C and Java.
Skilled in HTML, CSS, and JavaScript.
Project Management.
Git Version Control.
Linux (CentOS) Server Management.

Soft Skills

Strong problem-solving skills and rapid adaptability to new technologies.

About Me

Passionate Web Developer with a desire to contribute to innovative projects, I've leveraged on my technical knowledge and collaborative nature to contribute to any team's success. I thrive under pressure and adapt to challenges with resilience.

Education

PENTECOST UNIVERSITY
[September, 2016 – August, 2020]
