G) Executive Updates (2 minutes each):

President

- Currently on a plane, will be at CFES Presidents Meeting in Fredericton this week and took a long layover to see family.
- Applications for Conference on Diversity in Engineering (in Toronto) and EGBC Annual General Meeting (in Vancouver) are open until September 30th. Please share the information with your constituents and consider applying!
- Many meetings with many folks. Now sitting on AMS Advocacy Committee and Governance Committee if you have anything you'd like passed up and along.
- EUS third party development underway with help from Irene from CSI&C. Doing a strengthFinders assessment and debrief with the team and how we can work together coming up. If this is something you're interested in for your department exec, i can pass along more information about our experience and who to contact.

- FYC elections happened! We have a FYC Council and BMEUSA is a club, so welcome! Great success that we had nightly contested first year positions with lots of interest and BMEUSA has all seats occupied.

Vice-President Academic

- Important dates: tomorrow, Sept 25th from 11:30-1:30 PM in CEME 1203 there is MCE Consultation. PLEASE come and give your opinion on the [proposal](#) that I provided last council meeting
- Important dates: Thursday, November 8th from 6:00pm-8:00pm is Student Advisory Council (SAC)
 - I will be sending a When2Meet imminently for Grand Council which will happen mid or late October
- ESS: looking to establish a mandatory external review mechanism that will engage Summer 2020. They have hired new staff in the office to alleviate some of the known problems
- Coop: establishing a regular meeting time with Sara (Coop) and Minoli (PD) to imbed PD into my check-in rounds
- Health & Wellness: first meeting of the Student Health and Wellbeing Advisory Committee is October 1st, which is a campus-wide committee. EUS Wellness Week is from Oct 15th-19th. We're still looking for departments or ex-o's who would like to collaborate.
- Tutoring: MATH 100 switched to midterms, schedule finalized, working at more cross promotion with BYC and PASS. Still very much looking for tutoring representatives, if you know of anyone, please direct them to our [EUS website to apply](#).
- Curriculum: Deadline for Faculty submissions is Friday, after that we get the package for this semester's cycle
- Grad: everything is a-okay
- EUS Community Contribution Award: waiting on webmaster implementing an application button for website or even a link. Applications will close on October 7th, 2018 at 11:59pm

Vice-President Administration

- [ESC] Safety container for propane and tanks. We are safe.
- [ESC] Internal organization; Let's keep it this way.
- [SUSTAINABILITY] They have met; If anyone has any representatives that are interested in getting involved, send them my way!
- [BOOKINGS] Reminder to book the ESC two-three weeks in advance. Some departments already doing this well, your date might not be available soon.
- Looking for a Facilities Director, if you know of anyone, please direct them to our [EUS website to apply](#).

- Will be sitting in club meetings soon! Watch out for an email from me. (Also I hope everyone is taking minutes for their meetings b/c heads up I'll be requesting this in the future.)

Vice-President Communications

- Slipstick
 - On schedule, please tell your slipstick reps to take photos at events/collect photos
 - Evangelos: get your grads to get grad photos!
- Social Media
 - It's a happenin, OktoberfEUS October 5th, get hype
- Email management:
 - Email forwarders are fun and functional now with bmeusa

- PAF
 - First round projects deadline last friday, reviewing applications now for review by funding and governance committees
- Eatery
 - Still a struggle, trying to hire a co-director now to help out
- Red Sales

- Moving to more consistent hours, have a couple reps willing to help out!
- Sold all the \$110 reds
- Looking into expanding items (sewing kits, socks etc)
- EDTC
 - Probably going to run a referendum this
 - If you've ever wanted to read a lot of information about this niche topic, A: I love you, B: [check it out here](#)

Vice-President Spirit

Volunteers

- Volunteer Orientation event happened
- General feedback was that people liked it, but definitely learned a lot from the event
- Main recommendations:
 - move it later (3rd or 4th week of school) once volunteers for everything are more organized
 - Reduce number of breakout groups and make them more useful to volunteers

Alumni

- Student-Alumni Homecoming BBQ happened on Saturday, the EUS ran the BBQ portion (financed by APSC).
- Went well, with ~200 students and alumni, but will recommend next year that the EUS does not contribute to the organization of this event, due to its closeness to E0 and E-Retreat, the general lack of available volunteers during that time period, and the wish to move Volunteer Orientation to slightly later in the year

E-Week

- Sent email to departments & ex-o clubs about E-Week Committee; if you have a team participating in E-Week and have not filled this out, please do so. If you have not received it, let me know

Vice-President Student Life

Social

- OktoberfEUS approved by bookings, waiting for SEP
- Liquor delivery imminent
- Volunteer sign up is posted to All EUS Volunteers & Bar Team
- Bar taps getting fixed this week
- Had trivia 1, trivia 2 in works

Sports

- Frisbee tournament this weekend
- Accepting sports subsidies until there are no more dollars to subsidize with
 - \$997 remaining
- SRC FINALLY emailed me back re. futsal booking

Charity

- CIBC Run for the Cure on Sunday (Sept 30)
 - We hit our fundraising goal! Thanks to everyone and looking forward to seeing lots of smiling, charitable faces this weekend
- Blood drive on Oct 11 at Totem Park, sign up coming soon
- Planning for Movember has begun

UBCEC

- Director is meeting with chairs
 - Still looking for jr design, debate, and consulting
- We got a sponsor! Thanks ACEC BC
- We got a logistics manager!

H) Presentations (10 mins each, 5 min question period):

[ACCEPT Club Presentation](#) <Chris Jing>

Discussion:

Truls: I believe all of the contents in the opportunities slide are offered by PD, and I'm not entirely sure what ACCEPT offers.

Chris: We are based on our parent company but are student run. We want to get students in the engineering program started on networking skills. We have a unique way to get students to connect to engineers/in training. They will gradually gain skills, and move on to bigger events such as industry meetings. They will be able to gain more experience. Overall, we are different in many ways, and because of our unique background, we are promoting cross-cultural engagement to allow others to learn about chinese culture and other backgrounds.

Emma: What kind of niche will this fill in the engineering community? EUS already has many opportunities for engineers to work on their professional development skills.

Chris: There are many resources available for students that have been run for many years. We have just started, and the root of our organization is that we are founded by chinese-canadians. UBC chinese students are growing in population, and have difficulty trying to communicate. We want to bridge that gap for non-english speakers, so as to get them more in touch with others in the industry.

Shoobie: I am curious about how many student are in the accept program. How has accept grown since last year?

Chris: We haven't held our first "kick-off" event yet, so I can't give a number currently. However, we have about 250 people on our WeChat, students of all backgrounds, mainly engineers in training, PEng's and others studying in STEM programs across Canada. For the student chapter, we're considering holding our first kick-off event in October, and are expecting to have over 100 attendees. We look to expand more as interest grows.

[Week E0 Presentation](#) <Corwin Shanner, VP Spirit>

Discussion:

Truls: About the e retreat, do you think the high attendance was due to the communication?

Corwin: Raising rates is mostly due to budgeting. Could budget slightly more, though we subsidize a decent amount of ticket cost. I do think it was largely due to communication - having website up early (before, was up on the day of imagine day), making sure first-years know it's happening as early as possible is better than throwing it at them on the first day.

I) Long Discussions & Discussionary Motions:

EUS Governance Committee Resignations <Rai McKenzie, VP Administration>

Mover: Rai

Secunder: Corwin

Tyra Phillips: *I have reevaluated my committee commitments and decided that this is an appropriate committee to be dropping from in favor of engagement from other councillors. I was a part of the initial governance conversations and have confidence that if needed, I will be consulted for my opinions on those minutes*

Rebecca Howes: *I understand the importance and purpose of this committee, but I also understand the importance of many of the other roles I have already taken on. I don't believe I will be able to put in my complete effort into this new Governance Committee while maintaining the amount of effort required by my other roles.*

Discussion:

BIRT resignations of positions above be accepted.

Favor: Unanimous

Opposed: None

Result: PASSED

EUS Governance Committee Reappointments <Rai McKenzie, VP Administration>

Mover: Rai

Secunder: Gabrielle

Vacant positions:

- 1 Department/Program Club President
- 1 EUS Council Member

Discussion:

Corwin: Could we have review of what the committee is?

Rai: See past resolution from 9/10/2018 minutes

Shoobie: I nominate myself for the department/club president role

Emma: Would like to nominate myself as another member of council

Corwin: Would like to nominate Quentin.

Quentin: I accept

Statements

Shoobie: As I said two weeks ago, I'm a person who likes transition and would like to see this unfold. I would have a lot of input - involved with EUS finance, am legitimately interested in this position.

Emma: I am interested in sitting on this committee, I have years left in UBC and I can see the changes in this committee, I also sit on the EUS committee.

Quentin: I was a part of the original governance committee, am happy to provide more insight, especially in board composition.

Equity Committee Proposal <Tyra Phillips, VP Academic>

“BIRT the EUS create an ad-hoc committee, called the EUS Equity, Diversity and Inclusivity (EDI) Committee, tasked with evaluating the EUS’ stance on certain prescribed equity matters, which include but are not limited to:

- An Equity Review (including EUS events, accessibility etc.)
- The gender guidelines on all EUS sport events
- Land Acknowledgement at EUS Council and EUS Committees
- Topics that are brought before the faculty-wide EDI Committee

The committee shall adhere to the following guidelines:

- The committee will present their recommendations for E-Week sport events by no later than November 5th and will provide adequate documentation in support
- The committee will be composed of the following:
 - EUS VP Academic as Chair
 - EUS VP Spirit
 - 2 Members from the following EUS Ex-officio clubs (AOE, SPD, WiE, and G&Q)
 - 2 Member of the Board
 - 2 Students-at-Large
- All committee appointments will be finalized by October 9th, 2018
- The committee will meet bi-weekly for an hour at minimum
- The committee will be terminated April 30th, 2019

Note: committee appointments should not happen at the 2018-09-24 EUS Council meeting, as it would be appropriate to advertise for student-at-large positions first as well as give the ex-officio clubs adequate time to reflect and nominate from with their organizations.

Mover: Rai

Secunder: Emma

Discussion:

Gabby: Why the AOE and SPD automatically on the committee?

Tyra: In past, we’ve tried to engage ex-o clubs more, so this was a good spot. They are competing members of e-week. Engaging ex-o’s will allow good discussion.

Truls: About the E week gender guidelines, are you guys going to go through every events with gender guideline and rearrange them? I am unsure of whether all the representatives present provide good a good reflection.

Tyra: Fully intended as a discussion point, e-week committee has a lot to discuss. We’ll focus on this and recommend to e-week committee - will bring this up later.

Quentin: Is there some sort of return to council with this committee, and do you, Tyra, feel ready to be chair of this committee.

Tyra: I’ve only specified that we return to council for e-week as this is a timeline that can happen before e-week. I’ve been preparing this for some time as well.

Gabby: There should be more members of the board in order to have a better picture of the students overall.

Tyra: Can amend composition but committee is already 9 large. If we are wanting to remove AOE & SPD for diversity reasons... Rest of board has had chance to get involved.

Quentin: On the composition, suggest adding VP admin and replacing spirit with student life.

Tyra: I can reach out to the member who have expressed different opinions and get back to the council next meeting.

Quentin: Perhaps we could figure out what the composition should be, if somebody would like to propose an amendment?

Corwin: I also disagree on discussing gender guidelines on e week events, it depends on each department's opinion when it comes to these decisions.

Rai: I would argue that gender guidelines should be looked at, as stance on these guidelines is an equity issue rather than a dept-dept issue. There are gender imbalances in dept's but the equity committee should take a look. The relationship between e-week and equity committees is still unsure, but I do think this is primarily and equity committee issue.

Emma: I propose that this committee can look at gender guidelines for all EUS sports, that could be a useful thing to discuss here as well. I would like to amend that this committee looks at gender guideline for all EUS sports not just E-week sports, by November.

Favor: 17

Opposed: 0

Abstain: 1

Result: PASSED

Tyra: Is there any recommendation on how we should amend the composition?

Katherine: Would like to amend composition to include 2 listed ex-o clubs and 2 EUS BoG members.

Mover: Gabrielle

Secunder: Rebecca

Kat: This a good balance, ex-officio clubs remain to be engaged, and they are given a choice to participate or not.

Favour: Unanimous

Opposed: 0 **Obstain:** 0

Result: PASSED PASSED

Truls: If I understand this correctly, committee will evaluate EUS stance, and will write this down and put into book? Or how will this work?

Tyra: If required, we will bring this forth again for policy changes or similar.

Justin: There are 4 goals listed, what is the inspiration behind this committee? Do you think there is insufficient consideration on these ideas listed?

Tyra: Could comment for land acknowledgement, we do not do this at EUS council. May a lacking thing. Gender guidelines is ongoing and consistent conversation, probably good to, as well as e-week committee, have equity committee to talk about it. Seeing a hole and filling it was the inspiration

Emma: Who sits on the faculty wide EDI committee?

Tyra: TBD. 50% staff/student is ideal. However, this was not achieved. Certain ex-o clubs will also have representation.

Favour: 15

Opposed: 1

Abstain: 2

Result: PASSED

EUS Community Contribution Award Policy Suspension <Tyra Phillips, VP Academic>

Mover: Tyra

Secunder: Emma

“BIRT [Policy 13.1.3 Description](#) regarding the timeline for the EUS Community Contribution Award be suspended until December 31st, 2018”

Note: Requires $\frac{2}{3}$ majority vote

Discussion:

Rai: Is this something we should consider amending policy for?

Tyra: Yes, suspending is easier (don't want to be out of order)

Katherine: Can I alternately suggest we suspend 2 readings rule and pass policy change?

Rai: I would keep it in for now, and see how this year goes.

Favour: 17

Oppose: 0

Abstain: 1

EUS Financial Reporting <Katherine Westerlund, VP Finance>

Mover: - (Not motion)

Secunder: -

Discuss how the board believes financial reporting could be best done by the EUS, given that volunteers frequently don't submit receipts in a timely manner.

Options:

- Make presentations that tell you nothing
- Put some kind of time limit for purchase submission
- Smaller presentations on more fixed topics
- Other suggestions by the council

Discussion:

Truls: Is it an awareness problem? Maybe if we run events, we need to make sure all volunteers know what to do in terms of reimbursement.

J: We can do it project by project.

Ryan: About what Truls said, I have personally submitted receipts late. I suggest implementation of time limits. Annotate changes in presentation, still accept later receipts.

Corwin: I like the project based idea, we don't need update unless it's a big change.

Emma: I like project-based idea, especially for big recurring events (e-week, oktoberfeust) that we know happen annually. Those who are in charge are good at knowing where receipts go, so for those we could have a rolling-based update system. For smaller events, could be up to us (the council) to make sure volunteers know where receipts go, and make a soft deadline (a week after event). People are usually good at respecting this.

Truls: I was thinking similarly of what Emma said, instead of telling them its a soft deadline, tell them it's a hard deadline.

Tyra: That was how I operated CHBE council last year. Never had to say "exception...", this does seem to work.

Kat: Made a big document that explains reimbursement and sent to all execs. I like this idea for project-based ideas, what about ongoing/operational/service updates? (e.g. ESC, eatery).

Emma: About the big doc, volunteers don't want to read the big doc, a more concise doc would be more beneficial.

Kat: It's 2 pages. They can read it.

J: Concept - infographic!

Gabby: I am also for an infographic!

Kat: Reminder, the initial prompt was how often people should be getting updates about on going things.

Ryan: About that point, I think those could be given once/semester. Perhaps first council meeting of january, go over what happened in eatery during fall semester. In september, go over what happened in summer. Something like 3 times/year, near beginning of semesters.

Quentin: I see advantages about doing it 3 times year. However, since we are only in office for a year, it might be hard to catch financial issues promptly.

Rebecca: If we're looking at it more often, if the budget isn't up-to-date, we won't catch issues anyways. Perhaps more frequently is better - enough, but without wasting time. Maybe 5 times per year?

Kat: What about once in the middle of 1st and 2nd sem and 1 in the beginning of 2nd sem?

Rebecca: Sounds good. If you think there are some discrepancy you realize, we should facilitate it so that you can show us that.

Kat: Will work on overall financial policy as a side-project. Will bring these changes to council in near future.

J) Ex-Officio Club Updates (1 min each):
