

ARK DEV ROUNDTABLE

Let's build the future together!

August 2019

Communication

1. Keep microphone muted, unless your turn to speak
2. Meeting is being recorded
3. Be respectful and professional
4. Remind me to **click record button** :)

AGENDA:

1. Introduction & Opening Comments (Matthew)
2. ArkTippr Update (Marc)
3. Bridgechain Update Process & Script (Vini)
4. Brief Preview of Desktop Wallet Plugin Manager (Matthew)
5. General Q&A

An isometric illustration of a city street scene. In the foreground, a white ledge or wall runs diagonally from the top left towards the bottom right. Behind it, a dark blue building with several windows is visible. To the right of the blue building, a globe of the Earth is positioned on a rooftop. The globe is light blue and green, with several yellow circular markers indicating specific locations. To the right of the globe, a portion of a yellow building is visible. The overall style is clean and modern.

Introduction & Opening Comments

An isometric illustration of a city street corner. A dark blue building with white window frames is on the left, and a yellow building is on the right. On the roof of the blue building, there is a large, stylized globe of the Earth in shades of teal and blue, with several yellow circular markers on its surface. A small grey satellite dish is also on the roof. The scene is viewed from an elevated perspective.

ArkTippr Update

Presented by: Marc (Delegate Cryptology)

An isometric illustration of a city street corner. A dark blue building with white window frames is on the left, and a taller orange building is on the right. On the rooftop of the blue building, there is a large, stylized globe of the Earth in shades of teal and blue, with several yellow circular markers indicating specific locations. A small grey satellite dish is also visible on the rooftop.

Bridgechain Update Process & Script

Presented by: Vini

An isometric illustration of a city street scene. In the foreground, a white ledge or rooftop edge runs diagonally from the top right towards the center. To the right, a dark blue building with white window frames is visible. Further right, a taller orange building is partially shown. On the rooftop of the blue building, there is a large, stylized globe of the Earth in shades of teal and light blue, with several small yellow circles representing locations. A grey satellite dish is positioned next to the globe.

Desktop Wallet - Plugin Manager Preview

Presented by: Matthew

Plugin Manager: Notes

- *Will allow for discovery of new plugins for the Desktop Wallet*
- *Will have a search feature for discovery*
- *Will pull plugins from NPM until Registration is active*
- *Will allow installation & removal from within the Desktop Wallet*
- *Will notify the user & allow updates within the Desktop Wallet*

Plugin Manager: Home Screen

Plugin Manager: Individual Plugin

The screenshot shows a plugin management window for the ARK Plugin. At the top left is the ARK logo, a purple square with two overlapping circles. To its right is the title "ARK Plugin" and a status indicator "ARK Ecosystem" with a checkmark and the text "You've already installed this plugin". Below this is a control bar with an "Enabled" toggle switch (currently on), a refresh icon, and a delete icon. The main content area contains a descriptive paragraph about ARK's mission, a "Permissions" section listing "Embedded Webpages, API Requests, Access to Profiles" with a "Show more" link, and a table with plugin details. At the bottom, a yellow disclaimer box states that the plugin's availability in ARK Wallet does not imply a direct relationship with ARK.

ARK Plugin
ARK Ecosystem | You've already installed this plugin

Enabled  

ARK empowers everyone, regardless of their aim or technical background, to quickly and easily leverage blockchain technology. We provide the tools and resources that enable individuals, developers and startups to apply blockchain technology as a foundation for their own projects, applications and ideas.
