

# **Save Time with AI: Ready-to-Use Prompts For Your Classroom**

Use these AI prompts to create engaging activities in seconds!

# Repeat

**📌 These prompts will help your students improve their pronunciation and fluency by listening and repeating sentences.**

- **Prompt 1:**

Hey Chatty! Help me create a Repeat activity where students listen to a sentence about **[topic]** and repeat it to practice pronunciation.

- **Prompt 2:**

Hey Chatty! Generate a Repeat exercise where students hear common phrases related to **[topic]** and repeat them with correct intonation.

- **Prompt 3:**

Hey Chatty! Create a speaking activity where students listen to a short conversation about **[topic]**, then repeat key sentences from it.

- **Prompt 4:**

Hey Chatty! Help me build a Repeat exercise where students practice saying sentences about **[topic]** with different emotions or tones of voice.

# Respond

📌 **These prompts will encourage students to express their thoughts, opinions, and ideas in complete sentences.**

- **Prompt 1:**

Hey Chatty! Help me create a Respond activity where students answer the question: **[Insert question related to topic]** in a complete sentence.

- **Prompt 2:**

Hey Chatty! Generate a Respond Card where students describe **[topic]** in at least three sentences using key vocabulary.

- **Prompt 3:**

Hey Chatty! Create a Respond exercise where students listen to a question about **[topic]** and record a short audio response.

- **Prompt 4:**

Hey Chatty! Help me create an interactive Respond activity where students give their opinion on **[topic]** with at least two supporting reasons.

# Multiple Choice

📌 **These prompts will allow you to create instant assessments to test students' understanding of different topics.**

- **Prompt 1:**

Hey Chatty! Help me create a multiple-choice quiz with five questions about **[topic]**, each with one correct answer and three distractors.

- **Prompt 2:**

Hey Chatty! Generate a multiple-choice exercise where students choose the correct option to complete sentences about **[topic]**.

- **Prompt 3:**

Hey Chatty! Create a multiple-choice quiz where students identify the correct meaning of words related to **[topic]**.

- **Prompt 4:**

Hey Chatty! Help me build a multiple-choice assessment where students select the best response for different situations involving **[topic]**.

# Vocabulary List

📌 **These prompts will help students expand their vocabulary through interactive exercises.**

- **Prompt 1:**

Hey Chatty! Help me create a vocabulary list with 10 essential words related to **[topic]**, including their definitions and example sentences.

- **Prompt 2:**

Hey Chatty! Generate a fill-in-the-blank vocabulary exercise using key terms from **[topic]**.

- **Prompt 3:**

Hey Chatty! Create a vocabulary matching activity where students pair words related to **[topic]** with their correct definitions.

- **Prompt 4:**

Hey Chatty! Help me design a word scramble exercise using vocabulary from **[topic]** to help students practice spelling.

# **With these prompts, your students will expand their vocabulary and improve word recognition through interactive exercises**

## **Prompt 1:**

Hey Chatty! Help me create a vocabulary activity about **[topic]**. The activity should include:

- A multiple-choice quiz where students match words with their definitions.
- A Respond Card where students use at least three of the new words in sentences.
- A Repeat exercise where students listen to and repeat key vocabulary words for pronunciation practice.
- A short video explaining the meaning and use of the words.

## **Prompt 2:**

Hey Chatty! I need an interactive vocabulary lesson on **[topic]**. Please include:

- A fill-in-the-blank exercise with key vocabulary words.
- A multiple-choice quiz where students choose the correct synonym or antonym.
- A Repeat activity where students listen to the words in context and repeat the sentence.
- A related image to reinforce word meanings.

 **These prompts will help your students check their understanding and reinforce learning through interactive quizzes.**

### **Prompt 1:**

Hey Chatty! Help me create a comprehension quiz on **[topic]**. The activity should include:

- A short text with key information about the topic.
- Three multiple-choice questions to check understanding.
- A Respond Card where students summarize the main idea in one sentence.
- A Repeat activity where they listen to and repeat a key sentence from the text.
- A short video that provides additional information on the topic.

### **Prompt 2:**

Hey Chatty! I need a quick assessment on **[topic]**. Please create:

- Five multiple-choice questions that test key concepts.
- A Respond Card where students explain one question in their own words.
- A Repeat activity where students listen to an example answer and practice saying it.
- An image illustrating an important concept from the quiz.

## Use these prompts to help students practice pronunciation and fluency with AI-powered speaking activities.

### **Prompt 1:**

Hey Chatty! Help me create a speaking practice activity about **[topic]**. The activity should include:

- A Repeat activity where students listen to and repeat five key phrases.
- A Respond Card where they describe an image related to the topic.
- A multiple-choice question where they choose the best response in a conversation.
- A short audio clip where they hear a native speaker using the phrases in context.
- A related image to encourage discussion.

### **Prompt 2:**

Hey Chatty! I need an engaging speaking lesson for students to practice **[topic]**. Please include:

- A Repeat activity where they listen to and repeat sentences.
- A Respond Card where they answer a real-life question using the vocabulary.
- A video (if possible) demonstrating how to use these words in conversation.
- A multiple-choice question testing the correct pronunciation or usage.

 **With these prompts, students will develop reading comprehension and writing skills through structured activities.**

### **Prompt 1:**

Hey Chatty! Help me create a reading comprehension activity about **[topic]**. The activity should include:

- A short reading passage with key vocabulary highlighted.
- Three multiple-choice questions testing comprehension.
- A Respond Card where students summarize the text in their own words.
- A Repeat activity where students listen to a sentence from the passage and repeat it.

### **Prompt 2:**

Hey Chatty! I need a writing and reading practice activity about **[topic]**. Please include:

- A short paragraph that introduces the topic.
- A Respond Card where students write a short response based on a prompt.
- A multiple-choice question checking understanding of the passage.
- A Repeat activity where students hear a key sentence from the text and repeat it.

 **These prompts allow students to review and reinforce their learning outside the classroom with AI-powered exercises.**

### **Prompt 1:**

Hey Chatty! Help me create an independent practice activity on **[topic]**. The activity should include:

- A vocabulary matching exercise.
- A multiple-choice quiz testing key concepts.
- A Respond Card where students reflect on how they can use this knowledge in real life.
- A Repeat activity where students listen to and repeat an example response.

### **Prompt 2:**

Hey Chatty! I need a homework assignment where students practice **[topic]** at home. Please include:

- A Respond Card where they write or record a short response.
- A multiple-choice self-check quiz.
- A Repeat activity where they practice pronunciation of key terms.
- A reading passage with one comprehension question.
