

## **WATER & SEWER**

The Hawarden Water Plant is managed as follows:

1. Ben Collins is retained to oversee the Hawarden Plant. He attends monthly and provides feedback.
2. Daily Water Plant Operations are completed by volunteers. Checks are required daily. No payment is made for said checks.
3. Those wishing to volunteer must be trained by a current volunteer.
4. The councilor whose portfolio includes the water plant will make a monthly volunteer schedule. The schedule will include who is responsible for mailing the test to Regina lab and on what days. The councilor will communicate with Ben Collins Regularly and provide a report at each council meeting. The councilor will also provide the monthly numbers to council at each meeting for review.
5. Volunteers can volunteer no more than XX days in a row or XX in a month.
