

SNOW REMOVAL

The Hawarden Village Council will provide snow removal as follows:

1. Removal from main streets via town tractor and blower **AFTER** the snow fall is complete. Snow removal is completed by volunteers on a volunteer schedule. "Main Streets" are as identified in Appendix A.
2. Operators in the rotation prior to implementation of this policy will remain in the rotation. Council is solely responsible for approaching volunteers to assist with the snow program should additional assistance become necessary at anytime. Those approached to assist will undergo extensive training under the direction of council, and will be registered with the office following council's appointment.
3. Entrances into the Village of Hawarden are the responsibility of RM of Loreburn. The municipality is responsible for contacting the RM when service is required.
4. When the town tractor is out of commission, the municipality will do its best to find a volunteer with their own tractor, when not an option, service will resume as soon as repairs and arrangements can be made.
5. The municipality will not reimburse residents who arrange private snow removal.
6. The municipality utilize a front yard access for emergency services only. Alleys are not maintained. Residents may make private arrangements at their expense.
7. Requests for snow removal on main roads must be made to administration or council by 10:00 a.m. the day after the snow fall or once the snow stops. Requests made after the volunteer schedule has commenced will not be honored.
8. Requests for snow removal on main roads will be accepted by administration or in her absence the Volunteer on call. Requests to individual councilors will not be responded to. Answers provided by administration or the on-call volunteer are final.
9. The municipality does not complete snow removal on driveways or private property.
