Hightower®

Lana Seating Collection

Ideal for hospitality environments and
equally at home in casual workspaces, the
Lana Collection is a small-scale solution for
engaging lounge settings.

Tradition meets innovation in the unique
lines and casual charm of this seating
collection.

Go Sleek in Metal

Eclectic, welcoming, and contemporary, the Lana Collection in metal strikes the perfect balance between the soft and the hard. The epoxy coated steel base has a simple and playful expression, while the cushions seem to almost float on top of the frame.

Available in a Highback or Lowback version, and with or without arms, the Lana Chair and Sofa are highly customizable to suit the needs of your space.

Warm It Up With Wood

The Lana Collection in wood is the product
of artisanal woodworking coupled with an
appreciation for contemporary design.

Let the warmth of the natural elements create a
cozy residential feel that is right at home in a wide
range of spaces.
