

Hightower

Bring any space to life with Tess Planters

Playfully designed and thoughtfully crafted, the Tess Planters challenge the status quo of biophilic design. Each planter is designed to nest into another, offering the ability to create endless configurations. Whether you opt for a single striking piece or construct a vast composition, the options are truly limitless.

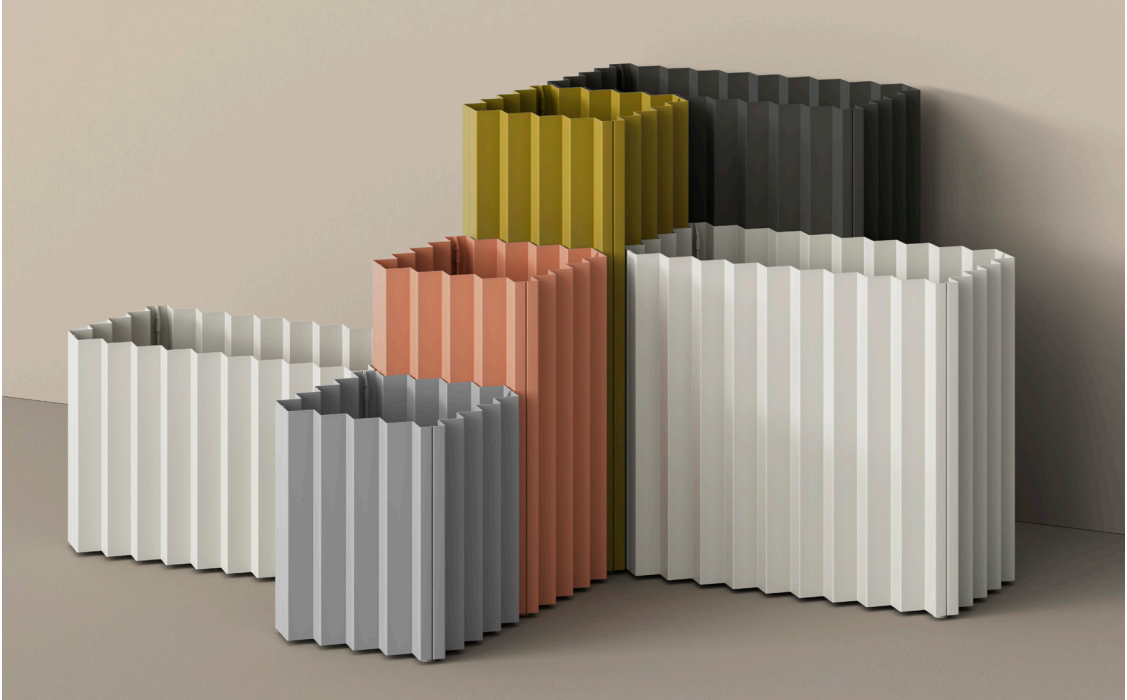

Get creative with Tess. Build out a wall to create spacial division, create a focal point in a room with a multi-level grouping, or disperse several planters throughout your space to create a welcoming natural environment.

Indoors or out, Tess is approved for any setting.

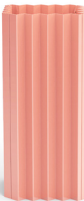

A color for any design

Available in 10 exclusive-to-Hightower powder coat colors, there is a shade to complement any space.

6 sizes to choose from

The only limit is your imagination when configuring the Tess. Add dimension and texture to any space by combining a wide range of planter sizes and plant life.

Flat-packed for easy shipping

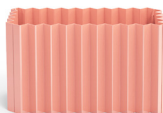

Gone are the days of trying to maneuver clunky and heavy planters. Tess is shipped flat and can be easily assembled in minutes - no tools required!

Additionally, an adjustable interior shelf allows for multiple plant sizes and a sturdy tray ensures proper drainage so your foliage may flourish.

Innovative and highly-functional, the Tess contributes to an inspiring and happy environment.
