

Hightower™

Alo Seating Collection

Elegant, simple, and refined, the Alo Seating Collection brings a whole new level of design to a classic seating solution. With the right size for any application, Alo will leave its users comfortable and inspired.

Negative Space, Positive Impact

A contemporary take on guest seating, the Alo is much more than your typical side chair. The subtle space between the seat back and frame is a brilliant example of the impact of negative space and allows light to filter through. The curved seat is responsive and flexible offering a comfortable sit that encourages a user to stay awhile.

The Right Size for Your Space

Narrow, wide, short or tall, the Alo Seating Collection has an option no matter the need. Choose from the Guest Chair, Dining Chair, Counter Stool and Barstool models to complete your seating arrangement.

Guest Chair

Dining Chair
