

FourSure® Chair Collection

Known for its flexibility, comfort, and durability, FourSure® delivers on the needs of bustling commercial environments. This extensive collection expands upon the typical stacker chair solution, and gives modern spaces the customization options they need.

A New Take on a Classic

The FourSure® Collection utilizes the same distinct “V” shape as Hightower’s iconic FourCast®2 chair, but with an updated organic shape and roomier seat. The curves help soften spaces that can often feel stark while also contributing to an incredibly supportive and comfortable seat.

FourCast®2

FourSure®

Design That Stacks Up

Beautiful design meets incredible functionality. FourSure® chairs stack up to 35-high with the optional trolley.

Custom Solutions for Unique Spaces

With endless options in upholstery, color, finish materials and base structure, this series can be tailored to any project’s needs and aesthetics. Whether used in conference rooms, auditoriums, canteens or desking, there is sure to be a solution with FourSure®.

The Right Height

Bring the conversation to eye level by incorporating higher seating options. FourSure® is available in counter and bar heights, in either wood or metal bases, and with all the customization options as its shorter family members.

Take It for a Spin

Try out the unique Spider Base model as a departure from the expected. The swiveling seat and optional upholstery make it perfect for visiting areas and meeting spaces.
