

Hightower™

## Prism Modular Collection

A striking departure from typical modular seating, Prism encourages creativity and collaboration through unique geometric components. From a small ottoman to a vast seating composition, the uses for Prism are as diverse as the people who use it.

### **What a Gem**

The multi-faceted sides of Prism let you have fun coming up with the perfect configuration for your space. Create a wrap-around collaboration zone, a winding bench waiting area, or simply a cluster of hexagonal ottomans for a fun and flexible touch-down space.

### **Show Your Colors**

Bring on the personality with coordinating and contrasting fabric options within Prism. Whether a space calls for a moody monotone palette or a playful rainbow of hues, have fun when specifying different materials throughout each piece.

### **You've Got the Power**

Nothing halts productivity like a dead battery. Keep the momentum going with optional retractable power units, available in all models except Honeycomb Ottomans and Tables.

### **On the Surface**

Every seating area needs a place to set that morning cup of coffee and Prism Tables will ensure a durable surface is always at the ready. Seamlessly integrating with the benching system, incorporate a laminate tabletop into the mix to keep the ideas (and coffee) flowing.

**The Right Angle**

Play with shapes and find the perfect fit with the Prism Modular Collection. An eye-catching and enticing place to land, these pieces will instantly bring any room to life.
