

Hightower™

Stackton Chair

Beauty and brawn come together in the best way with Stackton Wood Stacking Chair. A comfortable, stackable, and just plain delightful seat, sprinkle Stacktons throughout a café or collaboration space for a charming take on a high-use area.

A Stack Chair With Flair

Stack chairs don't typically bring up images of beautiful design and swirling wood grain. We decided to change that. Stackton is a prime example of form meeting function where architectural angles and curves go hand in hand with stackability.

Paint the Town...

...Or at the very least, your chair. Made of solid Ash, Stackton can be specified with a natural lacquer finish or in different paint colors that coordinate with our powder coat options. Show your true colors by adding some playful hues to your space.

Solid Ash Wood Finish Options

Solid Ash

White Paint

Black Paint

Gray Paint

Cloud Paint

Mist Paint

Light Rattan Paint

Khaki Paint

Lilac Chalk Paint

Light Sienna Paint

Terracotta Paint

Burgundy Paint

Navy Mood Paint

Aloe Paint

It's High Time...

...For a wood chair to stack like its plastic counterparts. Stackton stacks up to 6-high and features protective buffers to keep the wood looking sharp from the first stack through the fiftieth.

A Chair That Stacks Up

Stackton takes a simple design and adds beauty and function...we don't know how it does it! Pair it with any number of Hightower Studio tables to create a warm and inspiring place where people will love to gather.
